Earl Phillips got his ankle sprained quite badly Sunday evening while playing. At this writing he is getting along nicely.

Word comes from Company G, at Fort Crook, Nebr., that they had arrived in good shape and had gone into training.

The ball game Sunday between Berea and our nine was rather a one-sided affair. It seems from the start that Berea had lost her nerve and was unable to recover, owing to the lateness of the hour, the home boys quit in the seventh inning. Through respect for the visitors and modesty of our own team we will not state the score, but hope that a return game may be played in the near future, as both teams seemed to enjoy the game every minute of the time.

M. C. Beaumont left here Sunday going to Belvidere, Nebr., called on account of the serious illness of an old friend.

The majority of our citizens are celebrating the Fourth at Ellsworth. About ten days ago the children of Lakeside decided our town should have a flag, accordingly they went to work and in a few days had suc-

ceeded in raising a tidy sum of money, and on the morning of the Fourth of July just as the sun peeped over the hills the folds of Old Glory floated free in the morning breeze at the top of a fifty-foot flag staff. Hurrah for our boys and girls.

E. J. Wright, cattle buyer for the well-known commission firm of Tague Brothers & Moorhead, South Omaha, was a visitor in Alliance during the Stockmen's Reunion. Alliance was Mr. Wright's former home and he met many old friends while here. When the purse of ten dollars was offered for anyone to ride the wild mule Friday afternoon he offered to win the ten but his friends didn't wish for his demise so soon and he finally gave up. He then figured that he would win the Ford auto for he had number 131333 but in this he was disappointed. Mr. Wright returned to South Omaha on the Friday night train.

Martha J. Harris of Alliance, sister of Oscar Harris, living north of Alliance, came near death Wednesday morning when an auto in which she was riding with her brother, E. M. Harris, of Golden, Colo., who was driving, with his wife, rolled down a fifteen-foot embankment near Denver and was wrecked.

A tire on one of the front wheels of the car blew up, causing the machine to swerve from the road and roll down the embankment. Miss Harris was caught under the machine and suffered a fracture of the left arm at the elbow. Her brother and his wife escaped with minor injuries. Miss Harris was placed in another auto and taken to Denver police headquarters, where she was treated by Police Surgeon McKelvey.

CAPTAIN TUTTLE BACK AGAIN

Capt. S. P. Tuttle, who went to eastern Nebraska six weeks ago, returned Wednesday morning, July 4, much refreshed and rested after his extended vacation and visit. This is the longest continuous period in which the captain has been away from Box Butte county since he settled here, in 1887.

Capt. Tuttle is a member of the G. A. R., and his trip was primarily for the purpose of taking part in G. A. R. doings at Columbus, Lincoln and Peru. He took part in the Nebraska Semi-Centennial celebration at Lincoln in June and attended the big reception for Colonel Tom Majors at Peru. Willis Majors, a brother of Colonel Tom Majors, was elected commander in chief of the G. A. R. for Nebraska.

OBITUARY OF MARY J. BAUMGARDNER

Mary J. Wible was born in Gettysburg, Pa., Oct. 28, 1832, where she spent the years till Nov. 9, 1860, when she married Samuel Baumgardner. To them were born three children, now Mrs. Geo. Williams of Norfolk, Nebr.; Mrs. W. E. Spencer, of Alliance; and John Baumgardner, of Phoenix, Ariz. In 1870 she was left a widow. In 1886 she came west and took up a homestead twenty-six miles northeast of where Alliance now is. The same pluck and grit that dominated her early life remained with her thru all those pioneering days. In 1907 she moved to Alliance, where she lived with the exception of three winters, spent with her only son, in Arizona.

Her life was not an exceptional one. Having led a consistent Christian life for seventy years, strong in mind and constant in her ministry and devotion of love, she will be greatly missed from her church and home. She was a member of the Baptist church of this city and always did her part. She went to her reward June 26, at Grand Island, Nebr.

Our memory shall long be fragrant with the perfume of her kind words and gracious deeds. June 30, at 2 p. m., the funeral was held from the home of W. E. Spencer. Her pastor, A. A. Layton, assisted by Rev. Black, officiated. The soft strains of music, the beautiful flowers and the quiet home service with the friends who gather-

ed all seemed in such harmony with her life, and we believe just as she would have had it could she have expressed it. Besides her children an only brother, J. W. Wible, of Ottawa, Kans., and four grandchildren, Vera, Earle, Donald and Flora Spencer, survive her.

CAUGHT WITH BEER-- SERVING SENTENCE

Burlington Switchman Had Brake-man Bring Him in Six Bottles—Has Lapse of Memory

Frank Moses, Burlington switchman, has made the discovery that it is costly business to have friends bring him liquor from Wyoming. Moses was caught carrying several bottles of beer to his room. He was arrested, plead guilty before Judge Ira E. Tash in the county court and fined \$100 and costs.

Moses stated that he gave a Burlington brakeman \$2 to bring him in some beer. The brakeman brought him six bottles. Judge Tash gave Moses an opportunity to accompany the sheriff on a tour to locate his friend, but Moses couldn't find him. He says he does not know the brakeman's name, other than "Abbe." Moses is serving out his sentence of about thirty-five days in the county jail, having no funds with which to pay his fine.

PUT OUT FIRE; THEN WEDDING PARTY

Firemen Extinguish Fire at 406 Box Butte—Then Haul Bride and Groom

The Alliance Volunteer Fire Department was called out at 11:15 o'clock this morning by the explosion of a kerosene kitchen stove in an upstairs apartment at 406 Box Butte avenue, occupied by Mr. and Mrs. Frank Slusher. Slusher is employed on the government building across the street. The damage to the kitchen and furniture amounted to probably one hundred dollars. The fire was put out with chemicals.

As the fire truck started back to the city hall the firemen aboard espied Vivian Hall and his bride. Viv is one of the prominent department members, and he, with his blushing bride, were lifted on board and given a ride up and down the main streets while showered with rice and serenaded with the fire bell and whistles of passing autos.

WANTED BOY TO SEE RAIN

James Feagins, senior member of the firm of Feagins & Son, of Alliance, better known as "Dad," returned this week from an extended cattle buying trip in New Mexico and Texas. These two states have been suffering from a severe drought this spring and many cattle are dying from lack of water and grass. Dad says that he visited one ranch on a particularly dry and hot day and asked the ranchman if he wouldn't like to see some rain. "No," answered the ranchman, "I don't care particularly for myself, but I've got an eight-year-old boy there," pointing to his little son who was playing nearby, "who'd like to see rain just once." Dad returned to Denver Sunday after a short visit with home folks.

Miss Lottie Owens spent the Fourth at Scottsbluff.

Mrs. Jack Berry of Ellsworth was an Alliance visitor last week.

CHADRON NORMAL NOTES

Miss Paine has again been called home by the serious condition of her mother. The sympathy of the faculty is with her and we trust that she will find her mother much improved in health.

Doctor Cornell, of Lincoln, arrived Monday, to take the mathematics for the remainder of the summer session. Dr. Cornell was on the faculty last summer, and has many warm friends in the city who will welcome him back.

Miss Frazier's Primary Methods class, which meets at 7 o'clock, now numbers fifty-seven. All are intensely interested in the work and some splendid results are being obtained.

Among the dormitory girls who have contracted for schools the coming year are Miss Ethel Hemby, Miss Hazel King and Miss Vera Lewis.

The Story Telling class are meeting at the city library every Thursday afternoon and Saturday afternoons and conducting a class for the benefit of the children there.

Nine German books have arrived for the library and among those a little different from anything found there before are Baskerville's Southern Writers and Mimms and Payne's Southern Prose and Poetry.

Miss Ethel Delzell left last week for Columbia University where she will attend the summer session. Her sister, Miss Winnie Delzell, who was with us last summer, and who has just come from Morristown, N. J., where she has been doing dietetic work in one of Madame Montessori's experimental schools, arrived Tuesday to take charge of the work in domestic science for the next four weeks.

During the recent Epworth League convention held in Chadron, the Y. W. C. A. girls gave a picnic for the Normal students and the visiting delegates. There were one hundred forty present and all enjoyed the usual good time incident to entertainments furnished by the Y. W. C. A. girls. It was necessary to hold the picnic indoors, owing to the inclemency of the weather and the lunch was served cafeteria style in the lower hall of the Normal.

The girls of the Household Arts class had a sale of Parker House rolls Monday. Tuesday they had an exhibit of the things they had made in sewing class. So far the articles have been the kinds of work used in the rural grades. Some splendid work is being done along this line.

A great deal of interest is being taken in the industrial side of the

school by the students of our summer session. The Manual Training and the Home Economics departments are very busy centers and are overflowing with students. The Teacher Training department has more applications for work than usual during the summer and the facilities for taking care of this class of students are taxed to the limit. There is greater interest in the practical and usable lines of work. It is fortunate that our new building will soon be ready that we may meet properly this growth in interest in these lines of work.

Mrs. Rustin is demonstrating in the Rural Practice school how manual training may be carried on in the one room rural school. Bench work and sewing is carried on at the same hour and the Rural Training class is getting this valuable assistance by actually seeing the work done with a room full of children as they will have in their home school.

At the recent board meeting in Lincoln of the Normal Board and the Normal school presidents, Superintendent Clemmons of the State

department made the statement that he had never seen better work done any place than was being done in the Chadron State Normal school. Dr. J. C. Muerman, Rural School specialist, from the National Department of Education, who conducted the week's joint institute at the beginning of our summer session, made the statement in a letter recently received from him that he was most delighted with the work being done in the Chadron Normal, and that he had never enjoyed a week's work more any place than the one he spent with us. These words are gratifying to those interested in the welfare of the Normal.
