Chadron Normal

Chadron, Nebraska, Oct. 22. The faculty table at the dormitory celebrated Miss Frasier's birthday Monday night. The usual birthday spread was partaken of and all had a most enjoyable time.

Miss Paine read a number of letters in chapel Monday from the boys who are in service. They all seem to be appreciative of the interest the Normal is taking in her former students and of the new method employed to keep in touch with them, which also enables them to keep track of each other.

The regular meeting of the Y. W. C. A. was held on October 18th, at which time Miss Anna Hoffland gave an excellent address on "True Friendship." The musical numbers were especially good, Miss Clark playing the prelude, "The Prayer," from Lohengrin, and Miss Grace Russell giving a vocal selection, "Thy Will e Done," by Bohr.

After he leaves his mother's arms?

Mothers are proud of their soldier boys and happy to see them go on their country's great mission—that has always been the spirit of the American mother. But that her boy shall be surrounded by the right influences, morally as well as physically, every step of the way to the front, makes her doubly willing to sacrifice. It is within your power to aid by contributing to a really wonderful fund whose privilege it is to provide those recreations and camp community movements which provide almost parental love and consideration, no matter where the camp or cantonment may be.

HUDSON

Prices Still the Same

Fifty-one cars had, on August 1st, already been advanced since January. Cars which formerly sold at \$1,200 and \$1,400 now sell in the same price class as the Hudson Super-Six. It outsold any two such cars even when there was a price difference of from \$200 to \$300. Now, that there is no such price advantage, Hudsons will undoubtedly be the preferred with all buyers. That will soon exhaust supplies of materials bought in a lower market and will hasten the time when higher prices for the Super-Six will be necessary. The prices following are current as of August 1st, 1917. Present production is made from materials contracted for in 1916, before recent material cost increases. When that supply is exhausted, prices will be readjusted. All prices are net, f.o.b. Detroit:

- PHAETON, 7 passengers, \$1,650.
- CABRIOLET, 3 passengers, \$1,950.
- TOURING SEDAN, 7 passengers, \$2,175.
