

Chadron Normal Notes

Ruth Hawk and Sylvia Quibbe were recently elected to membership in the Zeta Alpha Club.

Recently the sixth grade geography took up an intensive study of corn and its products. Splendid charts were made.

Mr. Bostder and family spent the Thanksgiving vacation in the Scottsbluff district; Miss Frazier in Alliance and Mrs. Rustin in Hemingford.

Mrs. Pollard and Mrs. English were chapel visitors Monday, appearing in the interests of the lecture course which will be put on this winter by the Woman's Club. The Normal urges every student to attend the entire course if possible.

Mrs. Philpott has been called to Lincoln on account of the seriousness of her sister's condition. Mrs. Brown was injured in an auto accident while out riding with her husband, Sergeant Brown, who was home on a furlough from Camp Funston.

The Bazaar Friday will be worth your while. It begins at 4:30 p. m. All kinds of articles such as handkerchiefs, pin cushions, Christmas cards, dish towels, guest towels, aprons, knitting bags, pennants, arm bands, normal pins, nut cups, will be found in the various booths. Popcorn will be sold in various different

concoctions and sandwiches and coffee will be served. There will also be a manual training exhibit conducted at this time, which will be worth the time of anyone. The stunt program will begin at 7:30 in the evening and is especially attractive. Each class is working hard to make their part of the program particularly successful. Preceding the program the Normal orchestra will give a thirty-minute concert. The stunts are as follows: Class '22, Old Glory Brigades; class '21, music and art; class '20, the Legion of Death; class '19, Young Lochnivar; class '18, Circus Parade. The admission will be 15c and 25c, the proceeds to go to the Y. W. C. A. War Fund and the rest room.

Word from Frank Flanders says that the sweater, wristlets, socks and candy have been received and were very much appreciated. The cold weather coming on, the knitted things were exactly what he needed. He wished to thank all those who had a part in sending the articles.

A Christmas Pageant, "The Spirit of Christmas" for Red Cross Benefit, will be given at the Normal on Friday evening, December 14, at 8 o'clock. The pageant is given by the girls of the physical education department under the direction of Miss Cowan. The admission for adults is 35c and normal students and children, 25c. All proceeds above expenses, will be given to the Red Cross.

An exciting game of football was held Thanksgiving afternoon upon the Normal field between the Normal and West Ward teams. Many spectators watched the game, which was clean and square throughout. Both sides had odds in their favor, the West Ward in size and strength, the Normal in team work. Both teams are made up of fine young fellows that will be heard of later in athletics. The game was called at 3 p. m. and much to the delight of the boys, Walter Moat refereed. The Normal kicked off, West Ward received, but lost on a fumble. Near the end of the first quarter, the Normal punted, Fisher recovered the ball and scored a touchdown. Sweeney kicked goal and score stood 7 to 0 in favor of the Normal. In the second quarter Normal made nothing. Bates of West Ward took ball around left end for a touchdown. Score stood, Normal 7, West Ward 6. In the second half West Ward kicked off. Normal received and took the ball at about the 40-yard line. Owens carried ball around left end for a touchdown. No more scoring through the quarter. In the fourth quarter, Normal took ball up to West Ward's 20-yard line, then lost ball on downs. West Ward punted. Normal took ball, but lost on a fumble. West Ward took the ball and began a series of line plunges which carried them to the Normal's 40-yard line, when time was called. Score, Normal 13, West Ward 6. The gate receipts were \$7.15, which the teams turned over to the Y. M. C. A. war fund. The line-up was as follows:

Normal.	West Ward.
H'gn's-Bab'ck. L. E.	Brown
Long.	L. T. H'cl'w-L'cher
Smith.	L. G. McIntyre
King.	C. Scholtz

Be sure and see the Christmas Pageant at the Normal Friday evening, December 14, 1917.

The pupils of the seventh and eighth grades gave a Thanksgiving program in their room last Wednesday afternoon. Harry Gier acted as president, Helen Eason secretary and Mary Reische had charge of the following program: Things we are thankful for:

Our First Thanksgiving — Vida McMillan.
Our Army—Holden Smith.
Our Navy—Malcolm Sweeney.
Our Aviation Corps — Charles Fisher.
Origin of the Red Cross—Wilma Fenner.
Origin of American Red Cross—Margaret Laurence.
Red Cross of 1917 — Meriam Smith.
The Y. M. C. A.—Neil Munkres.
The Good American Dollar — George Babcock.
After the program light refreshments were served the visitors and pupils by the girls of the grade.

FISHER WRITES OF COMMERCIAL CLUB

(Continued from page 1).

In legitimate advertising and renders to the people of his community the same kind of service he announces in his advertisement.

Is It Worth the Effort?

People these days that have any life left in them like to live in a community where the town is clean, the sidewalks in good repair, where the streets and gutters are not strewn with a lot of old boxes, where the storekeepers do not sweep the cigar stubs into the streets. Where they can send their children to a public school that is modern and up-to-date. Where playgrounds and parks are at their disposal. Where band concerts are given in a park provided with seats and places of comfort and not on the street corner, the latter for the sole purpose of getting the people's money because a few storekeepers are so small and dried up that they refuse to contribute unless the band concerts are given on a certain corner regardless of the discomforts of the spectators.

Any committee these days that accepts subscriptions from so-called business men who demand or request that amusements be held at certain places should be told by the committee that their money is not needed. Better not have a celebration if you have to adopt these backwoods methods.

Of course if it is agreed at a meeting that a certain entertainment is to take place at a specified place and the man who is solicited doubts

the honesty of the committee he all right for the person who subscribes if they expect to carry out the wishes of the organization, but to cater to any one man or set of men in a certain section just because they have given a few dollars, is a practice that will kill any club and city and you will be laughed at from all sides. I wonder why these so-called business men demand more of their Commercial organization than they do of their lodge or church? When they give a subscription to one of these organizations why isn't it just as fair to say to the committee, you bring me a crowd now, for the money I have given you? What's the difference?

Your Town Is Going Ahead Or Going Back

A few years ago competition was not so keen as it is today. With the automobile on every corner, in every city and on nearly every farm, with the railroads running their up-to-date trains and efficient service, coupled with the co-operative spirit in nearly every community in the country means that your town will have to get out of the rut if it is in one, or the rut will soon be so deep that it will be a grave. Don't get scared because the war is on, now is the time to keep your club going.

Just stop a few minutes, go over the situation, take an inventory of yourself, see how many meetings you have attended, what help you have given to your city and organization in making it a bigger and better place in which to live and then when you have done this, call the president and secretary out of bed (they will be glad to hear the good news), tell them you are with them and before the year has

rolled around you will wonder why you have not gotten into the harness long ago. You will find that "Old Jones" is not such a bad man as you thought, that "Bill" wasn't just taking an active part because he liked to get his name in the newspapers and that the town is a whole lot better than you ever dreamed it could be. Get the spirit, show the pep, grab an oar, get in the boat, pull to beat the band with the other boys and help the old town like you have been talking about.

Marvelous Growth of the West

One of the members of the new staff at The Herald was over to Bayard the other day. One of the striking things of the town was its marvelous increase during the past year. The enrollment at the high school has increased from 150 pupils last year to 450 this year. This new high school was recently completed and is equipped in a very thorough way, at the present rate of growth in Bayard their facilities for handling pupils will be outgrown in a few years.

The residences of the city show a great predominance of bungalows, all very neat and making a fine showing for the prosperity of the city.

Practically every business house on the main street is brand new and with none of frame construction. The new home of the First State Bank is two stories high, and is the finest looking building in Bayard. Viewing this development leads us to believe that the west will develop with greater rapidity each year so that in a few years we will rival the eastern part of the state for wealth and industries.

Eat Slowly.

Food eaten slowly and mixed with saliva is quickly made into rich blood and tissues. If swallowed, it lies fermenting, a vile—unspeakably vile—mass of poison, causing pain and illness. Let's take more time and know the joy which comes with bounding good health. Stop eating when appetite is satisfied. We need but little if we eat slowly—taste—Exchange

Do Your Christmas Shopping Early--

is a familiar slogan—but did you ever think of the photographer around Christmas time?

Every Bit of Work

is made to your order. He has no stock of goods ready to hand out, but must make them, one-at-a-time, from blank plates and paper.

It Takes Time

to produce satisfactory work, even when we are not "rushed to death" and worn out.

Why Not

have your sittings now and have so many Christmas presents ready before the grand rush?

"Do Your Bit" to Aid Uncle Sam in Telephoning

The government is now using a great deal of telephone equipment for the training camps and has asked for many telephone men for the army signal corps. A large amount of long distance service is also being used to communicate with the supply depots and camps, and to link them more closely with each other and with Washington.

As the war continues, increased demands will be made upon the telephone industry by the government and by private commercial and industrial activity.

You can "do your bit" by asking only for telephone equipment you must have and by making only such local or long distance telephone calls as are absolutely necessary.
