PIRATES ARE NOT NOW IN DEMAND

Market for Adventurers Falls Flat as Result of the War.

MANY ARE IN ARMY

Employment Agency for Soldiers of Fortune Quits Business—Last Institution of the Kind in the World.

New York.—Demand for freebooters, filibusters and pirates of various degrees of legality is at a low ebb. The war has killed both the call on these gentry and the supply on them. Adventurers of the whole world, almost to a man, are in the armies fighting the great war. Many have fallen. At the same time international expeditions do not have the free and easy time of it they enjoyed in the past. Armed enterprises starting inside their boundaries are frowned on more than of yore by the United States and all other strongly organized governments. These were the facts learned recently when it became known a kind of magazine employment agency for soldiers of fortune had quit business. It is believed to have been the last clearing house of the kind in the world.

Brought Adventurers Together.
The magazine in question ran a regular department where those who planned storage, exotic and desperate ventures could get in touch with kindred spirits. The publication made an effort to bar out illegal enterprises, with what success it is impossible to say. But a good idea of the kind of thing that has passed with the coming of the world war may be got from the following three notices picked out of the once-a-month advertisement column in this section of the magazine:
"Wanted—Fifteen or twenty men to join me on the greatest adventure in the world. Must be gentlemen, experienced adventurers, dead shots and no boozers. Don't want anybody who

serves the poor opinion of her character, that her indifference will inspire in her associates.

A new order of things socially may grow out of the banding together of women for war work. It will be an impossible and hopeless personality that is not benefited and uplifted by helping in the hour of need.

Separate Waistcoats Now.

London and Paris have taken another step toward the masculine in fashions and makers are producing separate waistcoats, to be removed at will. They are made of the softest materials, with a striking pattern and are often they are knitted, and are cut roomy. Pockets at the sides with a watch fob hanging out of one of them are customary.

Under these waistcoats, of which plain shirtwaists are being worn, the jabot or fichu and the transparent sleeves are visible. It is customary with women wearing such waistcoats to remove the suit coat.

Button Spats to Be Worn.

Buttoned spats promise to be as popular as ever for fall. The new spats fit beautifully and come in soft shades of gray and tan and in the new olive drab which is fashionable because it is the "soldier color."

New and Old.

The "avelings cut from new tablecloths before hemming are the best materials that can be used in darning holes or thin places in the worn ones.

Vegetables for Health.

The Greek philosophers believed that a dish of boiled beets, served with salt and oil, was an aid to mental effort, and it is said that Pharaoh fed his pyramid builders on radishes. The Arabians have always eaten artichokes for liver trouble and in different parts of the world they are regarded as particularly wholesome for men and women who lead a sedentary life.

Ferns That Grow Everywhere.

Two ferns are common throughout the world. One is the common brake found on the floors of all California canyons, known as pteridium aquilinum. The other is the polypod found on rocky canyon sides and known here as polypodium Californicum, and elsewhere, the world over as Polypodium vulgare. The specific differences are due entirely to geographic range.

About Constipation

Certain articles of diet tend to check movements of the bowels. The most common of these are cheese, tea and boiled milk. On the other hand raw fruits, especially apples and bananas, also graham bread and whole wheat bread promote a movement of the bowels. When the bowels are badly constipated, however, the sure way is to take on or two of Chamberlain's Tablets immediately after supper.

CHAMBERLAIN'S TABLETS

These Tablets are intended especially for disorders of the stomach, liver and bowels. If you are troubled with heartburn, indigestion or constipation they will do you good.

Dogs and Dogs.

"You can keep a real fine dog in food," says the Fort Worth Star-Telegram, "at an expense of about \$10 a month, while a real sorry dog can get out and make a living for himself."

Don't lay your paper aside until you have looked over the "Classified."

Often it's as important as your morning mail.

A fortune may stare up at you from these columns any day.

All Must Be Good Shots and Afraid of Nothing.

leaves a girl behind him. I will furnish a steamer and transportation from San Francisco; arm and outfit to be provided by each man. Address No. 439, care of this magazine.

"I want the following men for a South Sea exploit: A gold miner, experienced in placer mining and assaying; a gasoline engineer; a mess boy, not under fifteen; a private secretary who can keep a record of the trip for publication; preferably one who can operate a moving-picture camera. All must be good shots, and afraid of nothing, and able to pay their own expenses. Will give them each 15 per cent of gross earnings. This is sure to be a profitable venture. Address J. C. H., care of this magazine."

"Strong and intellectual men—no boozers—who can keep their mouths shut, are wanted to help me dig up buried treasures under the altar of an old Inca temple. If a fool or a detective should babble, there are unscrupulous parties who would not hesitate to charter a steamer, follow us, and sink our vessel with all on board as soon as they got an inkling of our destination."

Some More Calls.

Here are some more calls for men from the magazine departments:

"Men wanted to hunt birds of paradise in Borneo."

"Moving picture operator and wireless expert for a trip to Lhasa."

"Good men on a trail, not afraid of wolves, cold nights, hunger or mosquitoes, to go on a long hunt for possible surviving mastodons in Canada."

"Men to help dig up a deposit of bones of prehistoric animals in northern Indiana, with the object of selling them to museums."

"I want to get in touch with a gentleman; he must be a good fellow."

"I am a Vassar graduate going on an exploring trip up the Mackenzie. Want several healthy, cultured ladies, willing to be fined or fired on display of discontent. No objection to suffragettes if young, healthy, strong and not militant."

NOTICE—M. P. KINKAID

Congressman Kinkaid asks us to announce that, as the quota of free garden seeds is inadequate to supply more than one-third of the heads of families in this Congressional District he will this year send allotments only to those who write for them. As garden seeds are not desired by a large portion of his constituents he wishes to supply them to those who will utilize them. By this means of distribution waste will be prevented and larger allotments assured to all who will plant the seeds forwarded to them. Address Mr. Kinkaid, House of Representatives, Washington D. All About W. S. S.

WHAT Are They?

They are War Savings Stamps. They are of two kinds—United States Thrift Stamps (25c each.) United States War Savings Stamps (\$4.12 plus 1 cent for each month since January). Sixteen U. S. Thrift Stamps plus from 12 to 23 cents in cash will purchase a War Savings Stamp, which when affixed to a War Savings Certificate is the guarantee of the Government and the people of the United States to repay on January 1, 1923, the full amount with interest at 4 per cent compounded quarterly. The U. S. Thrift card is a pocket-sized card given free of charge to purchasers of U. S. Thrift Stamps. The War Savings Certificate is a pocket-sized folder given to holders of War Savings Stamps. War Savings Stamps are as safe as the United States.

WHY Should I Buy Them?

Because we are at war; Because the more we save, the more labor and material will be available for the use of the government and for the support of our army. Because we must have dollars as well as men in the fight for freedom. Because they establish the soundest and simplest basis of saving, which is the key to individual success; Because there is no safer investment in the world; Because War Savings Stamps must increase each month in value.

HOW Can I Buy Them?

As simple as buying postage stamps. This is the simplest security ever offered by a great government to its people. Any man, woman or child who can save twenty-five cents can obtain at any Postoffice or Bank a U. S. Government Thrift Stamp and a thrift card to which to attach it. This starts you as an investor, and puts you behind the Government.

WHEN Shall I Buy Them?

Buy them NOW, because the cost increases one cent every month after January 31, 1918. The sooner you buy them the less they cost. The price of War Savings Stamps increases one cent each month until in December, 1918, when the price is \$4.23. The cost is as follows:

Jan	\$4.12	Apr	\$4.15	July	\$4.18	Oct	\$4.21
Feb	\$4.13	May	\$4.16	Aug	\$4.19	Nov	\$4.22
Mar	\$4.14	June	\$4.17	Sept	\$4.20	Dec	\$4.23

No commissions are charged to you, or paid to any one. Our soldiers and sailors may give their lives; you are asked only to lend your money.

WHERE Can I Buy Them?

At any Postoffice, Bank, Trust Company, and many other authorized selling agencies. Every Stamp Helps to Save a Life? Every Stamp Helps to End the War!
