FARM BUREAU NOTES

There appears to be no shortage of help among the farmers of Box Butte county. During the past week twelve men were placed on farms through the county agent's office and more would have been placed had the work been available. Wages in the county range from \$40 to \$50 per month, depending upon a man's ability to do farm work.

Farmers who are in need of help or those who know they will be shortly should notify the county agent. Those living in the northern half of the county may notify Hutton & Clark, who are assisting the farm bureau in supplying help.

About one-third of the farmers of the county have taken out books, with which to keep a record of the farm business for 1918. During these busy times care should be taken not to let the accounts run too far behind.

The collector of internal revenue has ruled that the income tax may be figured from these books, showing the income accrued instead of figuring the income on a cash basis, as has been previously done. However, if this is to be done it will be necessary to keep the books up to date. GEORGE NEUSWANGER, County Agricultural Agent.

The Churches

FIRST BAPTIST CHURCH

Sunday school at 10 a. m. Preaching at 11 a. m. and 8 p. m. Young People's services at 7 p. m. A hearty welcome to all. A. A. Dayton, pastor.

CHURCH OF CHRIST

"Encouraging Help" is the subject for the morning sermon next Lord's day. This is the beginning of our second year's work in Alliance. The minister will give a report of the past year's work. We have much to be thankful for, but another year should bring larger results.

The children's day program will be given at the evening hour. This will be inspirational and edifying. The offering is used in the foreign mission work.

The C. E. invites the young people to attend their prayer meetings. The Bible school still continues to grow. When you come you will find a class suitable to your age.

Come to the church with a message and welcome. — Stephen J. Epler, minister.

At the Methodist church Sunday morning there will be holy communion and reception of members. Dr. Morris will speak in the evening on "The Prophets of Baal."

MARRIED

Glen E. Runyan, of Broken Bow, Nebr., and Emma E. Stewart, of Antioch, Nebr., were united in marriage Monday by Judge Tash.

Joe R. Brown and Dora Targart, both of Hay Springs, were united in marriage on Friday of last week by Judge Tash.

Miss Lena May Atz and Forest A. Lape were united in marriage last Monday evening at the home of Rev. Stephen J. Epler. Miss Atz is the daughter of Mr. and Mrs. Julian Atz, of Alliance, and has been employed in stenographic work. Mr. Lape has been employed at the Burlington as a switchman until recently, when he enlisted in the army. The couple will make a short trip to Seward, Nebr., to visit Mr. Lape's mother. Mrs. Lape will probably make her home in Alliance.

Bingham News

Ira Cotton has moved to the Edmondson ranch, north of Bingham.

Mr. and Mrs. Dudley and daughter, Margaret, will leave the last of the week for a summer's outing in Council Bluffs, Iowa, and other parts of the state.

Mr. Rice took a day off from shearing sheep at the Kincaid ranch and painted the Red Cross room for the ladies. They now have a nice place in which to work.

Helen Ballard had the misfortune to cut an artery in her wrist, which causes her much inconvenience.

Mr. and Mrs. James Burton are the parents of a baby daughter born Saturday, May 25.

Memorial day will be observed at the church by singing, prayer and the reading of Lincoln's Gettysburg address, followed by decorating of the soldiers' graves at the cemetery.

Mrs. Belle Rentfro was quite sick Friday night as a result of tasting carbolic acid water, which contained more of the acid than was really palatable.

Fred Pace received the sad news on Sunday of the death of his young daughter in Council Bluffs, Iowa. He left the following morning to be present at the funeral.

The Misses Opal and Mabel Sellers are spending the week with their grandparents on the ranch.

Bingham is expecting big things next Saturday when the whole town will be turned over to the Red Cross. We expect you in Bingham Saturday.

Mrs. A. P. Shafenberg returned from a visit to Beaver City, Nebr., on Tuesday.

Jim Cranmore and Ross Shafenberg went to Oshkosh Monday where they donned the badge of honor and left for Fort Dodge, Iowa, the same evening.

ALFALFA SEED

Northwest Nebraska dryland seed. Write for prices and free sample. SCHWABE BROS., Chadron, Neb. 9261-4t-25

There is a Right and a Wrong Way to Use the Telephone

The wrong way to get a telephone number is to call from memory—to "take a chance"—to trust to luck that your memory doesn't play a trick on you with the fickle figures of a telephone number.

The right way is to look in the telephone directory, make sure you have the right number and then give it to the operator slowly and distinctly.

The right way saves annoyance to you and helps build up a higher grade of telephone service for everyone.

CHANDLER SIX \$1595

Unusual Economy Without Sacrifice

THE Chandler Six has always been famous for its economy of operation—economy without the sacrifice of reserve power, without the sacrifice of roadability, without the sacrifice of beauty of design.

Thousands of Chandler owners all over America tell of gasoline mileage of fifteen to seventeen miles per gallon.

Tire mileage of seven thousand to nine thousand miles per set of tires is commonplace among Chandler owners.

Chandler owners and Chandler dealers say that the service upkeep of the Chandler car is much less than that of other good cars which they have owned or sold.

In the ownership of a Chandler Six you will possess a really great automobile—great not merely from the standpoint of economy of operation and maintenance, but, even more important, from the standpoint of mechanical excellence and daily performance.

The Chandler motor, designed and built in our own factory, distinguishes the Chandler chassis, marked throughout by its simplicity and its sturdiness. The life, pick-up, get-away and endurance of this motor will astonish you quite as much as it pleases you.

Bodies of most attractive design and of unusual comfort are mounted on the Chandler chassis.

SIX SPLENDID BODY TYPES

CHANDLER MOTOR CAR COMPANY, CLEVELAND, OHIO

THE trench, which always encircled the Roman castra, or camp, was brought to France by Julius Caesar and used by him on the very battlefield where to-day the Allies and the Huns have 25,000 miles of trenches.

With rings of trenches, gradually drawn smaller, probably the first modern trench warfare, the Turks in 1667 took Candia.

Vauban, builder of Verdun, in 1673 employed the first parallel trenches, the system of the present war.

Defeat, not foresight, turned the Germans to trench warfare. But Goodrich never had to dig in.

Since twenty-two years ago Goodrich manufactured the first American pneumatic automobile tire, Goodrich has driven ahead to the big, graceful, masterful—

GOODRICH SERVICE VALUE TIRES

But whether Goodrich was revolutionizing tire manufacture by bringing forth the first American clinchertire—

Or originating the one practical non-skid, the cross-bar, safety-tread, or tough black tread rubber—

Goodrich built tires to one end—SERVICE VALUE—what they are worth to the motorist on his car and on the road in COMFORT of an easier riding car—ECONOMY in gasoline saved,—and LONG MILEAGE.

Small difference whether you buy GOODRICH SILVERTOWN CORDS, or BLACK SAFETY TREADS, you get SERVICE VALUE TIRES.
