Brand New Show
Every Week..... **MUSICAL EXTRAVAGANZA**
Clean, Classy Entertainment. Everybody Goes! Ask
Anybody. **LADIES DIME MATINEE DAILY**
**DON'T GO HOME SAYING:
I DIDN'T VISIT THE GAYETY**

Just ask Dad to stay at home one day and do the family wash.

Dad won't do it. He'll say there ought not to be a wash day at all—that the home isn't the place to do the wash.

Dad will say to send all the wash to the laundry.

And Dad will be right.

All things considered it costs less to have us do the washing than to do it at home.

Opera House Block.

**RED CROSS HAS 3,000
WORKERS IN FRANCE**

More Than \$70,000,000 Spent in France Alone By the American Red Cross

The end of this year will see more than \$70,000,000 spent in France alone by the American Red Cross since the beginning of the war. This is revealed in a statement just issued by the Red Cross War Council. Nearly half of all this money—\$34,583,827.57 to be exact—has been appropriated for the last half of 1918.

This was made necessary by the great German attack of last spring which drove so many poor French families from their homes. The items of civilian relief and reconstruction of ruined villages alone have called for \$5,557,605.75 and the end is not in sight. The Red Cross is having to face the terrible task of combating tuberculosis among the women, children and old men of France, especially among the thousands who have been in the hands of the Hun. They pour back in a steady stream, those too old, too worn out or too diseased to be longer useful to the Germans, and the Red Cross immediately takes them in charge.

There are now 76 tuberculosis hospitals completed in France, and requisitions for goods for 96 provisional hospitals have been approved and they will be in operation in a few weeks. These provisional hospitals have 5,610 beds.

The Red Cross has now in France about 3,000 workers, many of whom work for nothing and pay their own expenses. Many others give their services free but part of all their expenses are borne by the Red Cross.

It is this care of their wives and French soldiers to fight to the last, and makes them such cheerful and fearless comrades of our own boys.

Buy your Liberty Bonds without being asked. That will give the solicitors more time to round up the slackers.

**More War
News First
in the
JOURNAL**

The State Journal receives its war news from the Associated and the United Press, the two largest news gathering organizations in the world. In addition it receives the complete wire and cable service of the Chicago Tribune, and the cable service of the New York Times. No other Nebraska newspaper receives this war news service. The Journal is represented by twenty-three exclusive correspondents along the battle fronts in Europe as well as many others scattered all over the world. These twenty-three men devote their energies to covering every phase of war activity, battles, big moves, everything, and cable it to the Journal every night. You get it the next morning, if you send

\$1.00 for a three months' trial subscription to the Daily Journal or **\$1.50** with the big Sunday paper.

Keep up with the war—not a lap behind. The Nebraska boys are fighting—you are helping.

THE STATE JOURNAL
Morning Evening Sunday
Lincoln, Nebraska.

**SAGE TEA BEAUTIFIES
AND DARKENS HAIR**

**Don't Stay Gray! It Darkens
So Naturally that No-
body can Tell.**

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a 50-cent bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound to-night and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

This preparation is a toilet requisite and is not intended for the cure, mitigation or prevention of disease.

Four years ago the Germans were at the Marne. The allies drove them back in a hurry, but this year they were back again, hitting harder than ever. Again they have driven them back—a little way towards Berlin. But let us not be elated. Let us loan the government every cent we can, so that we can hold what we have taken, and go ahead and take more—and more.

CONGRESSMAN M. P. KINKAID

Republican Candidate for Re-Election.

By voice and vote has given his unqualified support to every war measure and urges vigorous, speedy prosecution of the war until the enemy is forced to an unconditional surrender.

**SAYS HOT WATER
WASHES POISONS
FROM THE LIVER**

Everyone should drink hot water with phosphate in it, before breakfast.

To feel as fine as the proverbial fiddle, we must keep the liver washed clean, almost every morning, to prevent its sponge-like pores from clogging with indigestible material, sour bile and poisonous toxins, says a noted physician.

If you get headaches, it's your liver. If you catch cold easily, it's your liver. If you wake up with a bad taste, furred tongue, nasty breath or stomach becomes rancid, it's your liver. Sallow skin, muddy complexion, watery eyes all denote liver uncleanness. Your liver is the most important, also the most abused and neglected organ of the body. Few know its function or how to release the dammed-up body waste, bile and toxins. Most folks resort to violent calomel, which is a dangerous, salivating chemical which can only be used occasionally because it accumulates in the tissues, also attacks the bones.

Every man and woman, sick or well, should drink each morning before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it, to wash from the liver and bowels the previous day's indigestible material, the poisons, sour bile and toxins; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Limestone phosphate does not restrict the diet like calomel, because it can not salivate, for it is harmless and you can eat anything afterwards. It is inexpensive and almost tasteless, and any pharmacist will sell you a quarter pound, which is sufficient for a demonstration of how hot water and limestone phosphate cleans, stimulates and freshens the liver, keeping you feeling fit day in and day out.

**WATTLENS REQUESTS FARMERS
TO ASSIST STOCK SURVEYS**

Omaha, Neb., Oct. 3.—The hog and cattle survey of Nebraska, which will be made on October 15 under the direction of the Federal Food Administration for Nebraska, will be complete in every detail. It will show the number of animals on the farms of the state and the number that will be slaughtered for meat purposes at home.

October 15. It will give us much been assured of the cooperation of the schools of the state by Superintendent Clemmons. School children will make the survey while compilations will be made by the teachers.

"I trust every farmer in Nebraska will cooperate to the last ditch with us in this survey," says Wattle. "By having the information ready when the children ask for it, the

work can be hastened and we can complete the taking of the census on Food Administration. Wattle has sired information as it will show the food strength of the state in meats. I urge every farmer to assist us in this work."

**Weighed 90 Pounds Before Taking
PERUNA**

Recommends it to Her Friends
"I don't need Peruna any more. I am all well. I have taken six bottles, I weighed ninety pounds before I started with Peruna. I was just as poor and so weakly, I had given up hopes of ever getting well; such a cough and spitting, and could not eat anything. Now since taking Peruna I weigh one hundred and thirty-five pounds. All my friends said I would never get well. I was just a shadow. I have surely recommended your Peruna to many of my friends, and they are using it. I will recommend Peruna, for I am so thankful for what it has done for me."

I Know the Voice

WHICH TELLS THE SUFFERINGS FROM A SORE TOOTH

I have to see or read for the first time the works of any noted writer of the middle ages, anything that pertains to Dentistry. There could not have been the demand upon them then as in being made today.

THE SCIENCE OF MEDICINE AND DENTAL SURGERY

Which has shown such wonderful progress in such a comparatively short time, has been compulsory—so to speak. Again

NECESSITY WAS THE MOTHER OF INVENTION

For twenty years—every hour of every day, I have heard someone say, "Why does not some one invent something to relieve pain in a safe and easy manner?" The cry for this great necessity has dwelt on my mind so long, that I finally solved the problem and have put it into use. Through Sturgis & Sturgis, Attorneys, I filed for a patent on this most wonderful method to relieve pain.

I KNOW THE VOICE OF THE SUFFERER; I ALSO KNOW HOW TO ANSWER

in a manner that should immensely please. It's here for you to take advantage of. I will gladly show you.
