CHICAGO OMAHA KANSAS CITY

BOWLE'S LIVE STOCK MARKET INFORMATION

CATTLE MARKET HIGHER DEMANDS STRONG; OUTLOOK FAVORABLE-HOGS STEADY SHEEP AND LAMBS LOWER

(By C. A. Mallory, Mgr. Bowles Live Stock Commission Company) Omaha, Nebraska.

Union Stockyards, Omaha, Nov. 14th. The gruelest war of all time is over, so far as shooting is concerned but there is much to be done before the world will reap the full benefit of the greatest victory ever gained for humanity.

All of the outbursts of joy and gratitude that have been manifested by various kinds of celebrations throughout the world, together with the prayers of thankfulness, have been fully justified and in keeping with the greatest event of all time, and November 11th should be made an International as well as a National Thanksgiving holiday.

We must not allow this success or anything else to permit us to lose our heads, become arrogant or less charitable with any one, neither should we overlook the fact that we, as a country, have even more responsibility and need for all of our faculties, calm and impartial judgment, courage and all that goes with the highest order of reconstruction, making practical all of the many high sounding and wonderful ideals and promises.

We do not expect much progress toward the return of our Boys or to the revision of the map and Governments of the World for some months, and it will probably be another year before much can be done in growing crops or in live stock production in Europe, and therefore, feel more convinced than ever that there will be an even greater demand for our meat and fats during the coming year than ever before.

We are not unmindful, however, that prices for nearly everything are high; that the cost of living must decrease; that the prices of labor will fall gradually with the lower prices for all commodities, but if everyone will "stick to the text"; keep in the "game" to their full limit, and no allow anything to stampede them or detract from

the wonderful loyalty and patriotism that has won the farmers and live stock men the highest honors, each individual will be happier and more successful and the entire World will be saved from famine and pestilence.

The labor proposition in its relation to an readjustment with capital and so-called "big" interests, will require the highest and best untied efforts of all concerned, including the active heads of our Governmental departments, in order to minimize delays and friction, and strike a happy medium where all have fair play and are at least reasonably well satisfied. We believe the laboring-classes, including their organizations, will continue to manifest and practice patriotism and be reasonable in all things; and that more than half way until labor troubles can be called "things of the past."

The cattle trade has been active this week and prices are the best of the month for nearly all grades. All kinds of beef steers are selling best while the good to choice feeders and butchers stock are holding up well. Light and common to fair cattle are still "draggy" and owing to the high prices and scarcity of roughness, will not be in any great demand. We advise all who can to hold over all light and breeding stock they possibly can handle.

Ship anything you intend to run this year whenever you can get the cars and remember that there are less cattle on feed than last year and many more are wanted.

The BOWLES cattle business continues to grow and with their wide-awake experienced salesmen the patrons' interested are fully protected and they become Bowles Boosters. We look for a good market the balance of the month, although we will always have natural reactions we look for still better prices before the month is out.

We quote Nebraska grass cattle as follows:—

- Good to choice fat steers—\$13.00 to 16.00.
- Fair to good—\$11.50 to 13.00
- Good to choice heavy feeders—\$11.00 to 13.00
- Fair to good \$9.00 to 11.00
- Good to Choice yearlings—\$10.00
- Good to choice stock steers—\$8.50 to 11.00
- Good to choice fat cows and heifers—\$8.50 to 11.00
- Fair to good—\$7.50 to 8.50
- Canners and cutters—\$6.00 to 7.25.
- Stock cows and heifers—\$6.00 to 8.50
- Veal calves \$10.00 to 13.00

Common cattle at usual discounts and the good to choice Wyoming and South Dakota and selected cattle at the usual premiums.

The hog trade has behaved very well although prices show a further decline. Owing to embargoes placed upon shipments to Chicago and Kansas City the supply since Monday has been lighter and the market reacted 10 to 25c, closing steady with only fair prospects next week. The bulk selling from \$17.00 to \$17.50.

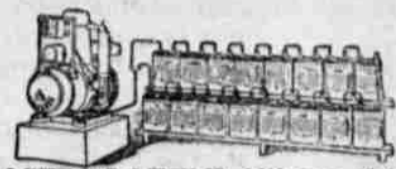

Sheep and lambs have been working lower, although a good share of the supply has been cornfed stock, which is nearly all losing money. Looks like a higher market after the holidays.

Note—Any time your Alliance Herald or your Daily market paper fails to reach you regularly don't forget to write BOWLES as it is a pleasure for them to keep you properly advised as well as to give you the best of service.

DELCO-LIGHT

The complete Electric Light and Power Plant

Will give your family all of the benefits of a cheerful, modern home.
