CHICAGO SPUD PRICES HIGHER LAST WEEK

Improvement Shown in Demand for Potatoes on Larger Markets—Shipments Are Light

The shipment of potatoes from Box Butte county during the last week was very limited, caused by the cold weather which prevented the hauling of spuds from the farms. A visit by The Herald representative to several farms and an inspection of potato cellars and siloed potatoes showed that stocks are keeping in good shape. A spell of warm weather would bring out several carloads to market.

The packer reports the following market conditions for last week:
Stronger Tone at Chicago
CHICAGO.—While the potato market was easier during the first two days of last week, it seemed to have reached its low point at that time and thereafter showed a strengthening feeling.

Local and outside demand has showed some improvement during the past few days but the determining factor in the change of the market seems to have been a decrease in shipments from producing sections. There is a growing conviction among the potato dealers that the amount of stock yet back in the country is less than has been generally estimat-

ed and future shipments are not expected to be as heavy as those which have prevailed now for some time because of the decreasing holdings and because of the fact that, before so very long, farmers will begin to turn their attention to their spring farm work. The general opinion this week seemed to be that, while the immediate market would not go very high, the bottom had been reached, and that the market of the next month or so was more a weather proposition than anything else.

Tuesday the market was easy with sacked Minnesota and Wisconsin No. 1 white stock selling at \$1.45 and \$1.55 per cwt.; bulk white stock brought a premium over sacked and moved at \$1.50 and \$1.60; Minnesota No. 1 bulk Early Ohios moved mainly at \$1.45; Idaho sacked No. 1 Russets at \$1.65 and \$1.75, and Idaho sacked No. 1 Rurals at \$1.60 per cwt. New receipts for the day were 57 cars and there was a total of 224 cars in the inner and outer yards at the beginning of the day's trading. The reported shipments from all sections for Monday were 253 cars, which was the lightest shipments reported for any day during the last three weeks.

The market Wednesday was fairly steady and while the top prices were no higher the bottom did not seem quite so low. The total holdings on the inner and outer yards showed a good decrease, being from 224 cars to 184. New receipts for the day were 31 cars. Bulk Minnesota and

Wisconsin No. 1 white stock sold mainly at \$1.55 and \$1.60, while sacked brought \$1.50 and \$1.55; sacked No. 1 Idaho Russets brought \$1.75 and \$1.80, and Montana long whites, \$1.50 per cwt.

By Thursday the situation was considerably strengthened and the market advanced from 10c to 15c with nearby white stock selling at \$1.60 and \$1.75 per cwt. Receipts were light, about 25 cars, and the holdings on tracks were further reduced.

The market Friday was steady at former prices although trading was not quite as active as it had been Thursday. Receipts were fairly light again with about 35 new arrivals.

Canadian Imports Lower Prices
ROCHESTER, N. Y.—The potato market here is losing the little life had. There is little inquiry and buyers are working gradually lower. Buyers here early last week were talking down to a basis of \$1.25 per cwt. to the growers of U. S. grade No. 1, or at the rate of 75c per bushel. Growers have no notion of selling at that figure and in fact there are plenty of potatoes in this territory held for \$1 a bushel or better. Shippers say they do not see much prospect for betterment. The imports of Canadian potatoes are forcing prices lower, or at least preventing them from advancing. Further, they say that the need from government quarters for alcohol having subsided, vast quantities of potatoes

that were used for distillation purposes, now seek the ordinary consumptive market. U. S. grade No. 1 are quoted at \$1.67 per cwt., bulk, f. o. b. loading point, and 10c higher on a sacked basis.

The New York State Shippers' Association with executive offices here will meet at the Powers hotel Saturday. Canadian importations will

WHEN YOU SUFFER FROM RHEUMATISM

Almost any man will tell you that Sloan's Liniment means relief

For practically every man has used it who has suffered from rheumatic aches, soreness of muscles, stiffness of joints, the results of weather exposure.

Women, too, by the hundreds of thousands, use it for relieving neuritis, lame backs, neuralgia, sick headache. Clean, refreshing, soothing, economical, quickly effective. Say "Sloan's Liniment" to your druggist. Get it today.

Sloan's Liniment Kills Pain

come forward for discussion. Strong pressure will be brought to bear on dealers to still further improve grading, despite the fact that it is no longer obligatory. It is explained that better grading of potatoes means fewer opportunities for rejections at the other end of the route. It is frankly admitted that there are poor loaders as well as poor receivers and the ultimate object is to rid the trade of both. It is held that grading is the remedy. The new tolerance rules, or basis of acceptance of potato shipments, will be discussed at length. The association has a membership of 150 dealers scattered over the western New York territory.

LOST—A reward will be paid for the return of a small diamond brooch pin, lost on train number forty-three, or at the Girard station, on Saturday evening, February 15th. Finder notify The Herald office and reward will be paid on return of the pin. 137779

WANT TO BUY LAND
We have customers for fifty quarter-sections of Box Butte County land. If you have land in Box Butte county to sell, call at our office at once. THOMAS-BALD INVESTMENT COMPANY, Alliance National Bank Building, Alliance.

ALLIANCE EVIDENCE FOR ALLIANCE PEOPLE
Surely More Reliable Than Those of Strangers

Home testimony is real proof. Public statements of Alliance people carry real weight. What a friend or neighbor says compels respect. The word of one whose home is far away invites your doubts. Here's an Alliance man's statement. And it's for Alliance people's benefit.

Such evidence is convincing. That's the kind of proof that backs Doan's Kidney Pills.

G. H. Williams, stationary fireman, 421 Yellowstone, says: "My back was lame and ached steadily and heavy work would about use me up. Doan's Kidney Pills relieved me and I endorse them as a first-class kidney medicine."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Williams had. Foster-Milburn Co., Mfgs., Buffalo, N. Y. feb20-27

A. E. Clark, publisher of the Gordon Semi-Weekly Journal, has just issued Volume 1, Number 1, of a new-born farm and stock paper, The Farmer and Rancher.
