### MR. FAMILY MAN:

Why Spend So Much Money on Shoes?

Here is what Tracy Munson of Joplin, Missouri, says of Neolin Soles: "Judging from my own experience, they wear four times longer than other shoes and have the additional advantage of being waterproof and slip proof."

Why continue to wear extravagant old-fashioned shoes when you can get these money-saving, long-wearing soles on new shoes in any style you like for any member of the family? Good shoe stores everywhere carry them.

And don't throw away your old shoes. Have them re-bottomed with Neolin Soles and enjoy the comfort of a re-soled shoe which is not stiff or clumsy. Neolin Soles are a discovery of Science, and are made by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear all other heels.

Congressman Kinkaid asks us to announce that he has been unable to distribute garden seeds this spring throughout his district generally because of the extremely small quota accorded each Congressman this year for the reason, as the Department explained, of the great advances in the prices of seeds. The result has been that he has not been able to supply as much as one-half of the Sixth District by the additions he has been making to his quota.
