

LECTURE DELIVERED ON CHRISTIAN SCIENCE

BY CLARENCE W. CHADWICK, C. S. B. Member of the Board of Lectureship of The Mother Church, The First Church of Christ, Scientist, in Boston Mass.

Entitled "Christian Science: A Religion of Right Thinking."

The lecturer was introduced by M. W. Buckley of Alliance, who said in part:

"Jesus taught that religion consists of something more than merely preaching about God. He proved by His works His right to the claim of the Messiahship. He proved that when man is governed by divine law, man has dominion over sin, sickness, disease and death. What He did He taught His followers to do. When He sent them forth the command was as imperative to heal the sick as to preach the gospel. History tells us that this gospel of both preaching and healing went on for about three hundred years, thus proving false the current theory that none but Jesus and His immediate disciples were to practice healing."

Our Leader

Mrs. Eddy's vision of the Christ not only healed her of the effects of a so-called fatal accident, but enabled her to reach a purified mental height, where she could spiritually discern the deep things of God and give them to the world. Her whole earthly life, from childhood, was one continuous search after spiritual things. She forsook all to follow Christ, and behold the result;—a discovery which is bringing untold blessings to the entire world.

Mrs. Eddy, as the Discoverer and Founder of Christian Science, fought the good fight and bravely won her laurels. Her works which have followed her have proved her one of the greatest of religious Leaders and Teachers.

Mrs. Eddy's Discovery.

It was in the year 1866 that Mrs. Eddy made the all-important discovery that "all causation was Mind, and every effect a mental phenomenon" (Retrospection and Introspection, p. 24).

By Mind she means not the carnal or mortal mind which is "enmity against God," but the one infinite, supreme, governing intelligence of the universe, eternal and unchangeable.

Jesus was a man actuated by spiritual ideas. He was the perfect example of a right-thinking man. It has well been said that "ideas are the great warriors of the world." All the good and great things in human history have been achieved through the activity of some grand idea. The primary mission of Christian Science is to acquaint humanity with God through the medium of right ideas.

Thousands of witnesses in all parts of the world will testify under oath that Christian Science has healed them of so-called incurable diseases. The evidence is overwhelming that Christian healing is today an established fact in the world.

Season Has Been Remarkable One in Point of Handicaps Says Owner of Omaha Theatre

Mr. E. L. Johnson, manager of the Gayety theatre at Omaha never forgets his many newspaper friends over the state. In writing this week of the season just closing he says: May 5th, 1919.

Dear Old Pal:— Well, here's the "low-off" again—the final week of the theatrical season. And believe me, it has been some tough season for your four-eyed friend—never saw so damn many handicaps in succession in a single season in my sweet young (?) life;

DRINK HOT WATER BEFORE BREAKFAST

Says you really feel clean, sweet and fresh inside, and are seldom ill.

If you are accustomed to wake up with a coated tongue, foul breath or a dull, dizzy headache; or, if your meals sour and turn into gas and acids, you have a real surprise awaiting you.

To-morrow morning, immediately upon arising, drink a glass of hot water with a teaspoonful of limestone phosphate in it. This is intended to first neutralize and then wash out of your stomach, liver, kidneys and thirty feet of intestines all the indigestible waste, poisons, sour bile and toxins, thus cleansing, sweetening and purifying the entire alimentary canal.

Those subject to sick headaches, backache, bilious attacks, constipation or any form of stomach trouble, are urged to get a quarter pound of limestone phosphate from the drug store and begin enjoying this morning inside-bath. It is said that men and women who try this become enthusiastic and keep it up daily. It is a splendid health measure for it is more important to keep clean and pure on the inside than on the outside, because the skin pores do not absorb impurities into the blood, causing disease, while the bowel pores do.

The principle of bathing inside is not new, as millions of people practice it. Just as hot water and soap cleanse, purify and freshen the skin, so hot water and a teaspoonful of limestone phosphate act on the stomach, liver, kidneys and bowels. Limestone phosphate is an inexpensive white powder and almost tasteless.

16,000 husky chaps (most of them my customers) gone to help lick hell out of the kaiser (which was DID proper); then came that echo from the battle-fields, the "flu (yes, I had it) during which this Home of Folly was shut for four weeks; then came the street car strike which kept people home for three weeks; then the "flu played a return date for another three weeks during which ticket sales were limited to every other row when came the annual Christmas shopping period during which everybody bought presents instead of pasteboards of admission. As Lydia Pinkham or some other writer of classics said: "Just one damn thing after another" all of which has brought wrinkles to my brow and torpidity to my liver. I was pretty bald when I wrote you last August, but you should see my shining dome now!—notwithstanding that I've diligently used hair grower and mange cure to such an extent that I frequently find myself barking-why, I even have to blow a dog whistle to make myself stop, and even then I generally finish by growling.

Oh, it has been some slogs—I'll never forget the season of 1918-19 which, thank goodness, has it's "30" on Friday night, May 9.

But through it all, Old Pal, you have stuck like the good friend I've always known you to be, and for your blessed and highly appreciated loyalty I thank you sincerely.

So take the little electro from the form, "kill" my name on your mailing list and pray for me frequently during the summer; I'll come to life again early in August, if the cards run right.

With all good wishes, I am Very truly yours, Old Man Johnson. Manager, Gayety Theatre.

THESE DURABLE SOLES WORN BY MILLIONS

"After giving Neolin Soles a thorough trial, I would not go back to the soles I used to wear even though the cost were less. I receive twice the service from shoes with Neolin Soles," writes G. P. Jones, of Omaha.

More than 10,000,000 pairs of Neolin Soles have been put on American shoes. People were quick to realize the advantages of this scientifically-made sole—its long wear, its comfort, water-proofness—and its final economy. Good shoe stores everywhere sell Neolin-soled shoes in many styles for men, women, and children.

And any repairman will re-sole your worn shoes with Neolin Soles—made by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear all other heels.

HIGH OPERATING EXPENSES INCREASE TELEPHONE RATES

TELEPHONE REVENUE MUST COVER OPERATING EXPENSES.

Your business will fail unless you take in enough money to pay your expenses. So will any other business.

The necessity for enough revenue in any business to pay operating expenses needs no explanation.

For several years the cost of providing telephone service has been advancing with the increasing cost of material to the telephone company and the higher living expenses of employees.

Everyone realizes the necessity of paying more for rent, for food, for clothing, for wages and for transportation.

The telephone industry has been affected by the same conditions which have produced higher prices in all of the necessities of life.
