CLEANLINESS

IS THE KEYNOTE TO THE WELL-DRESSED PERSON'S APPEARANCE. WITHOUT ITS EVIDENCE THE EFFECT OF GOOD CLOTHING IS OST AND INSTEAD OF ONE FOR GOOD A BAD IMPRESSION IS MADE.

It is our business to keep your linens clean—to take the same careful pains with your garments that you would take were you to do the laundering. We take pride in our work and not until you are satisfied do we consider the work satisfactory. During the hot summer months to come the busy housewife will find that our service will not only save her a lot of hard work, but that it will prove to be the economical way of handling the family laundry.

RED CROWN GASOLINE

Makes the Car Run

Red Crown Gasoline is motor fuel at its best. Watch the car prove it in starting and on the road. Each piston stroke is as full powered as a straight-distilled, all-gas gasoline can make it.

You don't estimate the value of Red Crown by the price per gallon but by the mileage a gallon delivers.

You get most miles in liquid form—clean burning fuel—uniformity—in Red Crown Gasoline, no matter where you buy it, or in what make of car you use it.

It always pays to look for the Red Crown Sign when the tank needs filling.

Polarize, the perfect year round lubricant, conserves power.
