The denials of Chief of Police Oscar Reed notwithstanding some of the fire lads have expressed the belief that Oscar imagined he detected a bootlegger prowling around the coal shed at the Reed home Wednesday during the noon hour and that it was a shot from the chief's "gat" that set fire to the building. At any rate the boys made a good run and in fifteen minutes from the time the alarm was given they were back at the station and the fire was out.

Church of Christ.
"The crowning day is coming by and by." The joy that comes through service is the greatest of all. There is a work for each one to do. Have you found your place? Remember that the days are slipping away. In our sermons we try to help each one to get into the Christian service and to strengthen his faith in our common Lord and Savior.

The subjects for next Lord's Day are: "The Square Deal", and "The Final Authority in Religion". We appreciate the coming of the other ministers to worship with us Sunday evening. Remember the prayer meetings at seven o'clock which precede the preaching services. Come

to the church with a message and a welcome.

S. J. EPLER, Minister.

Methodist Church.

Sunday School at 10 a. m. There is room and a welcome for all who will come. Our summer attendance is fairly good but let us gather in all who have no Sunday school home. The sermon subject at 11 o'clock will be "The King's View of Worldly Prosperity." Come join us in our worship. Everything is inviting, and we welcome you. At night the Union service will be held at the Christian church with Mr. Epler, pastor the preacher. Come join with us in these Union services and show that you want to exemplify the spirit of Brotherhood.

H. E. WRIGHT, Pastor.

Fairview Methodist Church.

Sunday school 10 a. m. Let us keep up the attendance of the Sunday school to its usual good standing during August. The Rev. O. S. Baker will preach in the evening at 8:30 p. m. After the service will be the meeting of the Fourth Quarterly Conference. At Marple, Allison School at 10 a. m. with a sermon by Dr. Baker at 11 a. m. You are invited.

W. A. BOWDEN, Pastor.

ALICE ACHESON

Alice, daughter of Ambrose and Isabella Bell, was born in Columbus City, Ia., February 28th, 1864 and died at her late residence in Alliance, Nebraska, July 30, 1919. Aged 55 years, 5 months and 2 days. She was united in marriage to W. S. Acheson at Alliance, Neb., October 14th, 1888. To this union were born two children both whom survive, namely Mrs. A. C. McDonald, and Miss Nellie, both of Alliance. Many years ago sister Acheson gave her heart to God and united with the Methodist Episcopal church and has been not only a consistent member, but a very devoted one. By her life she has inspired many another less earnest Christian to deeper devotion to Almighty God. She was one of our most valuable leaders.

She commanded the respect of all who knew her, and was deeply loved by those who knew her best. Her loved ones were very dear to her, and naturally learned to lean hard on her for comfort and leadership. She leaves to mourn her early demise a devoted husband, two daughters, one brother, Geo. Bell, Greeley, Colo., one sister, Mrs. John Burton, Bingham, Nebraska, besides other relatives and hosts of friends. "Servant of God, well done. Thy glorious warfare's part, The battle's fought, the victory won. And thou art crowned at last."
—H. E. Wright.

Funeral services were held from the residence on Cheyenne street by her pastor H. E. Wright. The music was beautifully rendered by Mr. C.

D. Lively accompanied on the piano by Prof. Allen R. Knesge of the Ohio State University, Athens, O.

Added Information.

Little Vivian was repeating the Lord's prayer after her mother one evening, and when she reached that part which relates to our daily bread she paused and said: "Mamma, 'ou might mention to Dod zat I like butter on it."

Differences in Fashion.

In Japan the professional beauty oves to appear with golden teeth; in India she prefers them stained red, but in certain parts of Sumatra no lady who respects herself would consent to have any front teeth at all.

Clear, Peachy Skin Awaits Anyone Who Drinks Hot Water

Says an inside bath, before breakfast fast helps us look and feel clean, sweet, fresh.

Sparkling and vivacious—merry, bright, alert—a good, clear skin and a natural, rosy, healthy complexion are assured only by pure blood. If only every man and woman could be induced to adopt the morning inside bath, what a gratifying change would take place. Instead of the thousands of sickly, anaemic-looking men, women and girls, with pasty or muddy complexions; instead of the multitudes of "nerve wrecks," "rundowns," "brain fags" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere.

An inside bath is had by drinking each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening, and freshening the entire alimentary canal before putting more food into the stomach. Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, safflow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle, but is sufficient to demonstrate the quick and remarkable change in both health and appearance, awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood while the pores in the thirty feet of bowels do.

A Trip to Fashion Centers—a careful survey of the market conditions and a comparison of values has proved conclusively the absolutely unequalled bargains which we are offering you during our

Great Closing-Out Sale

It is positively astonishing, but we are actually prepared to sell to you garments of unquestionable quality and class at prices that would not today pay for the materials used. We had arranged for these goods months ago and though we knew we had affected a great saving we could hardly realize the advance had been so great. We're going to include the entire line, which is by far the best ever coming to western Nebraska, in our great sale and actually sell you

Ready-to-wear at Prices That Would not Buy the Materials Today

In the ordinary ways of buying and selling it would be entirely impossible to attempt such values as we are offering during this sale. Had it not been for our connections with the largest ready-to-wear house in the world and our ability to buy at the time when we foresaw the inevitable raise coming we could not in any way buy at wholesale the goods we are offering to you at the prices we ask retail. We must vacate this room and we are giving to you the opportunity of a life-time to obtain ready-to-wear garments of the quality standard that has made this store famous at figures that you will scarcely believe. It is, we think, a real pleasure to be in position to do this for our customers of years and while we could realize a splendid profit on these goods we are going to give the savings we have made to you.

There are still to be found in our stocks a few very exceptional bargains in summer wearables. You must know that none of these garments will be carried over as the entire stock is to be closed out before the close of the season. We have gone through the lots and slashed the prices unmercifully and with no thought in mind but to move the goods and to do so at once. Many who have availed themselves of this unusual opportunity to save have purchased a supply that will last them for months to come. Their praise of the values has been universal and they have already been inquiring about the new goods. They will not be disappointed for we have a remarkable line for their approval and with the marvelous price reductions we are going to make our loss will be their gain.
