W. J. O'Brien, superintendent of the state fisheries, has advised Lloyd Thomas that the state fish car will arrive in Alliance early in October with a large consignment of Blue Gill Sunfish, Striped Perch and Yellow Bullheads for planting in Bronco lake. Twenty-five years ago a large number of fish were planted in the lake but the dry years following reduced the water so much that the percentage of alkali was very strong and most of the fish failed to survive the potash and other alkali ingredients which were very strong in the lake. During the last few years the amount of water in the lake has increased to such an extent that it is practically fresh, as tests made during recent months have shown. If

the fish live and thrive in the lake it will make it one of the most popular fishing resorts in western Nebraska, as the lake covers more than a section and is quite deep in some parts.

Joe Vaughan of Alliance, known for many years as one of the most popular horse race starters and judges in the west, will officiate at the Scottsbluff county fair, to be held September 10th, 11th and 12th.

Alliance traveling men have the reputation of being excellent story tellers. However, two of them experienced severe embarrassment the other evening when both forgot—they forgot which animal belong in the story—a hippo or a rhino, and which one means money. A kind hearted railroad man assisted them out of the dilemma.

Suits Are Many--

Many are the little touches and dashes of style that will appeal to you on the various models shown—the low hanging pockets sometimes double tiered—the "shoe string" belts—the high "choker" collars—the trim cuffs—the new designs in embroidery—all these and other new features will interest you. Silvertone, Gabardine, Tricotine, Heather Mixtures, Velour Checks, Suede Cloth and Serges in the most wanted shades all make their appeal to you in this collection.

Here too, long "shoe string" belts are much in evidence—big full "snuggle" collars invite you to "creep in"—some are full belted and very straight while others have belts only in back and are loose backed—all of them have those comfy high buttoning collars—and all have the most comfortable sleeves ever. And what a range of materials—Wool Velour, Pussyfoot, Kersey, Polo Cloth, Silvertone, Tinseltone, Pomerey, Frost Glow and others.
