**CHURCH OF CHRIST.**

Are you one of the two hundred we are striving for at the Bible school next Lord's day? If all of the unaffiliated would rededicate themselves to the work of the kingdom it would more than double the efficiency of the church? Can we count on you?

The sermon subjects for morning and evening are: "Unbelief and Disobedience" and "The Living Word of God." Every service will be helpful and worshipful.

Sunday, October 26, Mr. and Mrs. Carl E. Knapp of Cozad, Neb., will begin a series of evangelistic meetings.

The first of next week the minister will leave for Cincinnati, O., to attend the national convention. During his absence the pulpit will be supplied by G. W. Lowry. You will be privileged to hear the message from one of the business men of Alliance.

Come to the church with a message and a welcome.

STEPHEN J. EPLER,  
Minister.

**Operating Costs and Telephone Charges**

The long distance telephone rates now in effect are based on the expense of providing the class of service used.

Heretofore, for the same distance, the person who would talk with anybody who answered at the called telephone paid the same amount as the person who placed his order for a particular party whom it frequently required several hours to locate.

This is the reason for a lower rate now being quoted for "station-to-station" calls than for "person-to-person" messages.

When a long distance call is placed and never completed, the operating cost is practically as great as if the person had talked. To pay a part of this expense a "report charge" is made.
