MONTHLY REPORT OF THE CITY MANAGER

(Continued from Page 2.)
Sidewalk Grades.

Probably some 1220 feet of sidewalk grades have been given, and much of this work has been completed.

Fire Department.

The Fire Truck has been painted as well as the Ladder and Hose Wagons. I have ordered twelve new fire extinguishers which will be distributed throughout the Power Plant, Pest House, and City Hall.

Pest House.

The Pest House is now in splendid shape. Everything has been cleaned, painted, calcimined, and now bedding and furniture bought. In addition to this electric lights were put in, and the yards cleaned. A large sign reading a warning has been set in a conspicuous place near the brick building.

Service Car.

The service car has been kept in constant use. The Light department use it about half the time. This is the best investment the city has made in a long time. The efficiency and usefulness of the men has been doubled.

City Limit Signs.

On all roads, leading into the city speed limit signs have been placed at the city limits. Signs have also been placed at the West side school.

General.

I am invoicing all of the property of the city, and will give this matter considerable attention. I have provided considerable coal and have some 350 tons now on hand in view of the probable strike. Everything is going O. K.

Engagement Rings

The young woman's fancy rules in the mounting of the engagement ring. It may be plain or elaborate. Personal taste decides that, for fashion approves both styles. But the diamond must be a stone beyond criticism. Its color, its brilliance, its purity of material must win the expert's approval wherever he may be.

We enjoy a large trade in diamonds, and have at all times a fine stock to choose from. We select the choicest stones for engagement rings, showing some mounted in gold and platinum, and others unmounted, to be set as you desire.
