

BATHING GIRLS AT IMPERIAL SATURDAY

There'll be some show at the Imperial Saturday evening. The usual five acts of Pantheas vaudeville give way to the Mack Sennet bathing girls and Paul Robinson in "1920 Bathing Girl Revue." Robinson has reigned at Universal City as the screen's favorite comedy star, and the girls are gathered from the various studios on the coast and each is a specialist in her line. It'll be a

grand bunch, and you won't want to miss 'em. The moving picture feature of the program is Constance Talmage in "Scandal," a Select Pictures production which deals with a pampered New York debutante, self-willed and high tempered, but strangely appealing. If you don't believe that one small lie will begot thousands, this picture will prove it to you; and if you know by experience, you'll secure some valuable lessons in getting out of trouble, which you probably won't be able to follow. The Sunday program will also be

exceptional. To begin with, there are two episodes of the serial, "The Invisible Hand," and Vivian Martin in "The Third Kiss," which lives up to its name. You never can tell about a woman—and you hadn't ought to tell about a man. Dorothy Gish, in "Nugget Nell," a story of the early days in the west, will be the Monday attraction. Mr. and Mrs. Carter DeHaven in a Capitol comedy, "Close to Nature," will complete the bill. One way of describing this comedy is to say that "a good time was had by all," but it's not a strictly accurate description. We've had a chance to read the scenario, and don't think it is.

BOY SCOUT BRIEFS

The Boy Scouts tenth anniversary week is from February 8 to 14 and to start the week off all the members of troop one will attend the churches in a body, Presbyterian in the morning and Baptist in the evening, these being selected by vote. It is hoped that every person in the city will adopt the nation-wide slogan for Boy Scout week: "Do a good turn daily."

Examinations were given last Tuesday and a large number of the boys passed the greater part of the first and second class test. Cooking and first aid were given.

Twelve scouts and Assistant Scoutmaster Hamilton went on a fifty-mile bicycle hike last Sunday in order to pass one of the requirements of the merit badge in cycling. The first requirement is that the scout shall ride fifty miles in ten hours and report correctly a verbal message. This message was given to Mr. Morehead, mayor of Hemingford. The party left Alliance at 7:45 a. m. and arrived in Hemingford at 11:45. After making up the excess mileage that was required, the return was begun at 2 p. m. and Alliance was reached at 4:30 p. m. The scouts who made the trip are: Johnny Moxon, Loren Winship, Rowland Threlkeld, Paul Thompson, Charles Cross, Garland Baker, Frank Mounts, Earl Vanderlas, Charles Ewing, Leland Messex and Adren Tyree. Jack Marks was with the party part of the way. A good time was enjoyed by all and everyone felt fine until the next day. We need the support of the business men. May we have it?

WAR DEPARTMENT IS MAKING INVESTIGATIONS

The local chapter of the American Red Cross, through its home service section, has been requested by the war department to assist its service and information branch in securing information concerning employment obtained for discharged soldiers through the various welfare organizations. To facilitate this undertaking a questionnaire has been prepared covering the different phases of the work in order to classify results from the standpoint of the employer as well as the employed. There is evidently an effort, also, to check up the relative value of the work accomplished by the social agencies.

Information is asked concerning the number of ex-service men seeking employment and the number for whom employment was found during the past year; the estimated number still out of work and the number of disabled men eligible but not yet approved by the federal board for vocational education.

Aside from the need of this information to complete its annual report, there is evidently a desire on the part of the war department to use this experience in furthering its efforts to re-establish the discharged soldier.

Suggestions and recommendations are requested, as well as the prompt co-operation of those in charge of the work. Members of the Red Cross among the ex-service men and others through whom information is available can be of great assistance to the local chapter in complying with the government's request for this report. If you can give the home service bureau of Alliance any information on ex-service men who are out of work or on men who should apply for compensation because of some disease or disability acquired in or aggravated by their military service, we shall appreciate it very greatly. Call at the court house or phone 145. The home service bureau has finally been assigned what it hopes will be permanent headquarters on the first floor.

BRENNAN TO OCCUPY CITY MISSION BUILDING

The Brennan drug store will occupy the building formerly used as a city mission after February 15, according to a sign that has been put up within the past few days. There will be a number of changes in business locations from now until after t' e first of March.

MORE HELP FOR THE RECRUITING OFFICE

Sergeants Howard and Blessing of the Omaha office arrived in Alliance Wednesday morning and will become a part of the regular personnel. Alliance has made a notable record in recruiting during the year just passed, and plans are being made to make a big drive for recruits during the coming months.

Lee Basye is reported out of danger, and out of quarantine as well. He was seriously ill for a time. Councilman Ed Henry is out of the city today.

"Sweeps CLEAN Up to the Handle"

THRIFT and saving in the home are becoming more and more important every day. Why overlook the saving which can be made on everyday articles—a broom for instance? Practice real economy by getting a ZEDA-LEE, the NEW STYLE LEE BROOM. Will not flare or spread; will not scatter straws.

2 BROOMS IN 1

Note the protective fibre shield on the shoulder; it saves against wearing, cutting and breaking.

Cut the Sewing

when your ZEDA-LEE broom wears down—remove the threads. There's lots of good sweeping left. The patented fastening underneath the shield holds the broom corns firmly pointed downward in the natural way. This is an exclusive feature of the ZEDA-LEE. It is this feature that makes it possible to cut the sewing, and to use the broom close up to the handle. THE NEW STYLE ZEDA-LEE is a double service broom. Try one.
