## INCOME TAX RETURNS DUE

**Business Men, Farmers and Wage Workers Must File Schedules of Income for 1919.**

### MARCH 15 LAST FILING DATE.

**Net Incomes of \$1,000 or Over, if Single; or \$2,000 or Over if Married, Must Be Reported.**

The Income Tax imposed by Act of Congress on earnings of the year 1919 is now being collected.

Returns under oath must be made on or before March 15 by every citizen and resident who had a net income for 1919 amounting to:

\$1,000 or over, if single; or if married and living apart from wife (or husband); or if widowed or divorced, \$2,000 or over, if married and living with wife (or husband).

The status of the person on the last day of the year fixes the status for the year with respect to the above requirements.

Under any of these circumstances a return must be made, even though no tax is due.

Husband and wife must consider the income of both, plus that of dependent minor children, in meeting this requirement; and, if sufficient to require a return, all items must be shown in a joint return or in separate returns of husband and wife.

A single person with minor dependents must include the income of such dependents.

A minor who has a net income of \$1,000 or more is not considered a dependent, and must file a separate return.

Personal returns should be made on Form 1040A, unless the net income exceeded \$5,000, in which case Form 1040 should be used.

Residents of Nebraska should file their returns with, and make payments of Income Tax to, George L. Loomis, Collector of Internal Revenue, Omaha, Neb.

#### How to Figure Income.

The best way to find out whether one must file a return is to get a Form 1040A and follow the instructions printed on it. That form will serve as a reminder of every item of income, and if a return is due it tells how to prepare and file it.

If in doubt on any point as to income or deductions, a person may secure free advice and aid from the nearest Internal Revenue office.

Guesswork, estimates and other hit-or-miss methods are barred when a person is making out his Income Tax return. Accuracy and completeness must be insisted upon. The return is a sworn statement. As such it must be thorough and accurate.

Salaried persons and wage earners must ascertain the actual compensation received. Overtime, bonuses, shares in the profits of a business, value of quarters and board furnished by the employer and other items which are compensations for services must be included.

It must be borne in mind that compensation may be paid in other forms than in cash. A bonus paid in Liberty Bonds is taxable at the market value of the bonds. A note received in payment for services is taxable income at its face value, and the interest upon it is also taxable.

#### Other Returns Due.

Every partnership doing business in the United States must file a return on Form 1065; and every personal service corporation must file a similar return.

Corporations must file annual returns on Form 1120.

Trustees, executors, administrators and others acting in a fiduciary capacity are required to file returns. In some cases, Form 1041 is used; in others, Form 1040; and still others, returns on both forms are required.

Information returns, on Forms 1099 and 1098, must be filed by every organization, firm or person who paid, during 1919, an amount of \$1,000 in salary, wages, interest, rent, or other fixed or determinable income to another person, partnership, personal service corporation or fiduciary. These information returns should be forwarded directly to the Commissioner of Internal Revenue (sorting division), Washington, D. C.

## INCOME TAX IN NUTSHELL

**WHO**—Single persons who had net income of \$1,000 or more for the year 1919.

**Married couples** who had net income of \$2,000 or more.

**WHEN**—March 15, 1920, is final date for filing returns and making first payments.

**WHERE**—Collector of Internal Revenue for District in which the person resides.

**HOW**—Full directions on Form 1040A and Form 1040; also the law and regulations.

**WHAT**—Four per cent normal tax on taxable income up to \$4,000 in excess of exemption. Eight per cent normal tax on balance of taxable income. Sur-tax, from one per cent to sixty-five per cent on net incomes over \$5,000.

## LITTLE PROFIT IN COAL BUSINESS

**City Realized a Trifle Over \$200 During the Period It Handled Entire Fuel Supply**

The coal business isn't the most profitable one on earth, to judge from the experience of the city of Alliance, which, with City Manager C. C. Smith as fuel administrator, assumed control of the distribution of fuel for the entire city during last winter's coal strike. The complete report, compiled by the city manager this week, shows the profits to have been just \$212, exclusive, of course, of unpaid accounts, which will increase the total by \$34.40.

The city made no attempt to make money out of the coal situation, the main idea being, at that time, to keep residents in town and surrounding district from freezing. Due to good fortune and good management, Alliance was one of the few cities of the state to have ample coal for every real need. No restrictions of business activities were ever enforced.

In addition to the profits as shown, the city came out ahead with a set of office furniture, which was paid for out of the coal profits. The unpaid accounts consist of coal sent to families under quarantine, and these bills will be presented to the county commissioners for payment.

The city manager's report covers the handling of twenty-seven cars of coal, weighing 2,126,500 pounds. The freight on this coal amounted to \$3,826.62, and the cost of the coal to very little more, \$4,109.23. The report, in part, follows:

"To the Mayor and Members Alliance City Council.—Gentlemen: I herewith submit my final report as local fuel administrator, which briefly covers the many transactions of this office during the recent strike of soft coal miners and resultant coal shortage. All freight and coal has been paid for and all other accounts have been settled. Your attention is called to the item of "management" amounting to \$186.66. The fuel administration paid two-thirds of my salary for December. The remaining \$83.33 coming in the usual way from the light department. There was no extra pay for this service. No attempt has been made to go into the mass of detail in this report, the idea being to present the facts, for all books and records connected therewith are available for inspection at any time. Very truly,  
C. C. SMITH, City Manager.

A writer in the Sacramento Bee, who expresses the fear he will be classed as an inspired lunatic, is sounding a warning against the Japanese. He lists a tremendous number of ways in which Japanese propaganda is being spread, chiefly along the Atlantic seaboard and east of the Mississippi. "where there is no oriental question, where the public being ignorant, will not question statements made, and where the greatest number of Americans can be reached with least effort and expense." Attention is called particularly to the action of the federal council of the Churches of Christ in America, comprising over 100,000 ministers and a membership of 17,500,000, which has endorsed a "new oriental policy," being actuated by a belief that this action will help spread the Christian gospel among the Japs. It will be well, before becoming too excited over the wrongs done the Japanese, to make inquiry of some friend of yours who really knows conditions in California.
