

ANGORA

Mrs. R. K. Maybell, Reporter

Brian M. Kelly was an Alliance visitor Thursday.
 J. C. Atwell and wife were in Torrington, Wyo., the first of the week visiting relatives.
 Frank Powell has moved his family to the Allinger cottage back of the Venella store.
 Mrs. S. Wozny was in Alliance from Tuesday until Thursday at the hospital for an operation on her throat.
 P. B. McCauley and W. V. Dove left Thursday for Omaha to take the Shriner's degree at that place.
 J. B. Thurber returned Thursday from Hyannis, where he had been on business. He expects to be here about three weeks longer to finish up some work and will then return to Hyannis, where he has a contract for the building of an elevator and a ten-room dwelling.
 J. K. Vandal and wife motored up from Vance Saturday.
 George Petri of Goodstreak was in Angora Saturday.
 B. E. Maybell and wife, R. K. Maybell, wife and daughter, Virginia, were guests of the George Byers family at Bridgeport Sunday.
 Mr. and Mrs. Lyle Glan and daughter, Maxine, were Bridgeport visitors Sunday.
 Mrs. Frank Berry and little son, Kenneth, have both been sick at the home of Mrs. Berry's mother, Mrs. Mary Sherlock.
 Mrs. W. R. McCrosky has been ill with the flu, but is reported better. Three other members of the McCrosky family were down sick last week.
 The meeting of the Angora Community club has been postponed until the next regular day, which is April 14. The club will meet with Mrs. Leslie Boodry.
 W. R. McCrosky transacted business in Alliance the latter part of last week.
 L. D. Carnine was an Alliance visitor Friday of last week.
 Lloyd Miller of Bingham spent the week end visiting relatives.
 Angora is soon to have a meat market, a long felt want that will be welcomed by the community. Herman Case will be the proprietor and has rented the creamery building just across from the Venell store. Mr. Case has ordered his fixtures and expects to be open for business in a very short time.

Morrill-Sherlock

A wedding of unusual interest to the people in and around Angora was that of Miss Rose Sherlock and Joe Morrill, which occurred Sunday in Denver, Col. Miss Sherlock is the eldest daughter of Mrs. Mary Sherlock and has lived here since she was a small child. Mr. Morrill is very fortunate and is to be congratulated on having won this winsome, lovable girl for his bride. Mr. Morrill, who has made his home with his parents in Bridgeport, is in the railway service for the Burlington. The Morrill family lived several miles northwest of Angora, in the King district for some years and have many friends here among Angora people, who wish all sorts of good luck for the happy young couple.
 A prairie fire Tuesday night have been serious but for the untiring efforts of C. D. Henderson, who fought with the determination of a whole army. The fire started near the Henderson farm and burned twenty-eight panels of snow fence before it could be put out. Another fire, which was evidently set by a passing engine, took place in the Vaughn meadow north of the Carnine ranch, Monday night. The men for miles around fought for several hours. Three large hay stacks were burned, which means quite a loss these days.
 Frank Friend, who lives east of Angora, has made quite a record trapping this winter. He leased the

lakes on the Carnine ranch and up to Thursday of last week had succeeded in trapping ninety-two muskrats, which will net him a neat sum.

AMERICAN LEGION NEWS

Alliance post No. 7 now has 180 members paid up to December 31, 1920. We want twenty new members this month. Bring in your buddy and \$2.00.
 We have assurances from A. L. G. H. Q. that we will all be receiving our American Legion magazines within a short time. Good news; we're waiting for 'em.
 A state intelligence committee has been appointed to gather authentic information concerning the war record and Americanism of every candidate for public office. This committee is to be strictly non-partisan and is to gather information, chiefly from similar local committees, on all candidates. All information approved as being true, facts will be published and given out to all interested parties.
 Did you ever see officers do

kitchen police? You've got a chance next Thursday night at the armory. Come out and watch 'em pick 'em up.

The treasury of the department of Nebraska is now in good shape and has ample funds to carry on extensive work throughout the state. In fact, the matter of loaning out funds for terms of three to six months is being seriously considered.

The postoffice addresses of the following members of Alliance post No. 7 are wanted at the earliest possible moment, so they can be sent in to state and national headquarters. This information will be thankfully received by the adjutant at Alliance post office, box No. 447: George Louridas, Robert H. Hall, Fred A. Beckenbauch, P. L. Patten, Willis Wolfe, Paul L. Chadwick, W. H. Hammond, Wm. A. Sharp, J. A. Collier, B. H. Shoafstall.

At a recent meeting of the state executive committee it was put up to the legislative committee of the department to take immediate steps to get such legislation as would permit the issue of state bonds for the

development of the arid parts of Nebraska toward the end of making homes for ex-service men.

Incidentally, if you are an ex-service man and do not belong to the American Legion, you should apply to the adjutant of Alliance post No. 7, room 8 Reddish block. The dues are \$2.00 per year, which includes local, state and national dues and a year's subscription to the American Legion Weekly.

American Legion posts in the United States numbered 7,000 on March 15.

Any man can reinstate his government insurance by paying two months' premiums before July 1. Better do it now before you forget it.

Hereafter all new members of post No. 7 will be required to purchase their legion buttons, rather than have them furnished free of charge. Those who have joined and who have not yet received their buttons, however, will be taken care of as soon as a supply is received.

It sometimes happens that a man knows almost as much as his son.

"A new note — we've struck it"

—Chesterfield

No "sharps", no "flats", but my! how Chesterfields do "Satisfy!"

A delightful selection of fine Turkish and Domestic tobaccos, harmoniously blended — that's Chesterfield!

"It was a hard life, but a good life, and a life that built MEN"

THE 14 ARMS OF THE SERVICE

The Recruiting Sergeant can give you the information that will help you decide which branch fits you best. In all of them you will get the fine training as a soldier that the United States offers all its men — in many branches you can get highly specialized training.

INFANTRY—The men who have made the name of "doughboy" feared and respected throughout the world welcome you to the comradeship. Fine fellows—good fun and good training in any school at the post you go to.

CAVALRY—When the horses are champing at the bit and the "yellow legs" mount up and the troop rides forth, there is a thrill that no old cavalryman can ever forget. A horse of your own—a good outdoor life and training for future success.

FIELD ARTILLERY—"Action Front" comes the command—then watch the boys with the red bat cord snap into it. A happy outfit—with the flash of mounted service added to interesting work that calls for head and hand. Motors if you wish.

CORPS OF ENGINEERS—Army engineering is known the world over for its excellence and an enlistment in the engineers can be the start of a young man's training in the various branches of engineering and in any of the mechanical and building trades.

COAST ARTILLERY—Living on the sea coasts, guarding big cities with big guns, getting time for study and a wide and good technical training, the C. A. C. man is preparing for a useful life and good pay and is having a good time while he's learning. The C. A. C. also mans the mobile big gun regiments throughout the country.

AIR SERVICE (including BALLOON CORPS)—The man who gets the early edge in experience with aeroplanes and balloons has a chance to cash in big on his army training. For flying is only in its infancy and it's going to be a profitable business for men with the right experience.

ORDNANCE DEPT.—The ordnance is appealing to the studious young American. To wide opportunities for study, it adds a business as well as a technical training.

SIGNAL CORPS—Whether it's laying a wire from a reel-cart at a gallop or installing a wireless station that will flash its message half around the world, the Signal Corps is there, and a man who learns radio telegraph and telephone work in the Signal Corps is always valuable.

MEDICAL DEPT.—Good experience, good pay, and training in all branches of hospital work. Excellent opportunity for future success. The Veterinary Corps teaches the care of horses as well as meat and milk inspection.

TANK CORPS—The man who knows gas motors and tractors or who wants to know them is invited to join the Tanks. Radio, machine gun and ordnance work are all parts of the Tank Corps work.

QUARTERMASTER CORPS—The Corps that feeds and clothes the Army offers a valuable training for future business. Interesting work for the man who likes horses in the Remount Service.

CONSTRUCTION DIVISION—Practical work in the many trades is part of the every day life of the Construction Division. Many opportunities to learn the trades of highly paid specialists.

CHEMICAL WARFARE SERVICE—For a man with a little knowledge of chemistry or for any ambitious young man who would like to get that knowledge, there is interesting work and rapid advancement in the C. W. S.

MOTOR TRANSPORT CORPS—A thorough practical training in motors and their accessories, and in driving as well, is given in the well-equipped schools of the Motor Transport Corps.

WHEN I got out of the Army, I raised my right hand over my derby and said, "Never again, I hope!"

And I am here to state that I was just one of about 3,000,000 who felt like that—only stronger.

It was my privilege to kick and believe me, I did. I couldn't get out too quick—I wanted a feather bed, restaurant food and trousers that flapped around my ankles.

But now that I'm out, civil life is not all that we cracked it up to be! And the Army looks like a pretty good place, after all.

I've been and seen and done things that I wouldn't give up my memories of, for anything.

I had a fine crowd of buddies—two-fisted men with a regular man's outlook on life.

I learned how to take care of myself and all comers—to hold my own with the best and with the worst.

And I learned the sort of discipline that makes a man able to handle men.

I got pretty fair clothes—not as good as the Army gives in peace time but warm and plenty of them—and they didn't set me back sixty a suit, either.

Meals—well, did you ever see a hungry looking soldier?

We all kicked then. Some of the rear-rank generals will always kick. You can't please some birds ever.

The Army never was a bed of roses—it was not meant to be. It is a powerful fighting machine. And even right now, with the peacetime lack of hardship, it's still no place for the lad who won't "play ball."

But, the man who does his duty, who snaps into the spirit of the game, who stands on his own feet, who plays hard and plays clean—there is the chap who gets along and eats up the Army life.

He learns how to handle men, he rises in rank as fast as he proves himself.

He is intrusted with important and interesting work.

He gets more money clear than he could save in civil life.

He comes out with a better education—he has a real time with a good crowd of regular he-men.

He's seen something and been something and done something for the little old U. S. A.

Where the U. S. Army Serves
 American troops are serving in Panama, Hawaii, the Philippines, Alaska, China, Germany, Siberia and here in the U. S. A. The Recruiting Sergeant will gladly give you all the details.
 Like every one else in the Army from General to Buck Private, you're under orders and if your outfit moves and you've needed elsewhere, your duty is to go.
