Paint
Has Saved It
From Ruin

Without paint protection during its seventy years of service it would have gone to ruin long ago. The surface coating of paint has borne the wear of rain, storm, sun and wind—no chance for decay or rot. Every board and timber will be sound and strong, as long as it is kept well painted.

Lincoln House Paint

gives the best and most lasting protection. It will cover more surface per gallon and wear longer than ordinary paint.

Let us estimate the amount you will require and show you color combinations suitable for your house, whether you buy or not.
