### ORIGIN OF WHITSUNDAY OR PENTECOST

The original feast of Pentecost was instituted by God as a memorial of the day on which He gave the law to Moses, and declared the Israelites "a peculiar treasure, a kingdom of priests, and an holy nation." But the prominent character of the day was that of a solemn harvest festival. On the morrow of the Sabbath, fifty days before, the first cut sheaf of corn was offered to God, waved before the altar, with supplication for a blessing on the harvest then commenced. On the day of Pentecost two loaves of the first bread made from the new corn were offered (with appointed burnt-offerings), in thanksgiving for the harvest now ended.

It was on this day that the Holy Ghost descended to sanctify a new Israel, that they, too, might be "a chosen generation, a royal priesthood, an holy nation, a peculiar people;" and this separation of a new Israel from the world began to be made when three thousand were added to the church by baptism on the first day of Pentecost. On this day also the "corn of wheat" (which had fallen on the ground and died on the day of the Passover, and had sprung up a new and perpetual sacrifice to God on Easter day) sent forth the Holy Ghost to make those five thousand the "one bread" of the Lord's mystical body, a firstfruits offering to God of the church which had been purchased with

### SCHOOL CONDUCTED FOR WOMEN VOTERS

Miss Margaret Schaffner of Chicago spent Thursday in Alliance where she conducted a school for women voters in the First Baptist church. Three sessions were held, morning, afternoon and evening, the last being a mass meeting for both men and women. Miss Schaffner urged the women to take advantage of their right to vote on the new constitution, declaring that there was considerable propaganda being put out in an effort to dissuade them on the grounds that it might be held illegal. She said that it was possible that suffrage might be defeated if the women trusted the male voters too implicitly. Her remarks were very well received by the mixed audience,

and she was given the closest attention:

The morning session was devoted to a review of Miss Schaffner work over the state and general instructions on the duty and responsibility of women as citizens. A picnic dinner was enjoyed at noon.

The afternoon was devoted to the selection of captains for registering the women of Box Butte county for 100 per cent citizens.

The following captains were selected: First ward, Mrs. C. C. Smith; second ward, Mrs. L. S. Dye; third ward, Mrs. C. R. Weise; fourth ward, Mrs. S. J. Cole. The precinct captains will be chosen later.

The discussion in the afternoon was on the constitutional amendments, led by Miss Schaffner. Judge James E. Hewitt was also present and

spoke of the work of the constitutional convention, with reference to amendments offered which had caused heated discussion in that assemblage.

Alliance women were previously organized some weeks ago with the following officers: Chairman, Mrs. J. J. Vance; vice chairman, Mrs. Moses Wright; secretary and treasurer, Mrs. G. L. Fernald; assistant secretary and treasurer, Mrs. Charles Henry; chairman of program committee, Mrs. J. W. Reed; chairman of publicity committee, Mrs. H. D. Hacker.

Next week has been designated as Good Citizenship and Enrollment week, when each woman will be called upon to pledge herself prayerfully and conscientiously to the right use of the ballot.

## It's Time to CLEAN THINGS UP

Next week will see an organized effort on the part of Alliance citizens to clean up the yards, alleys, and streets, as well as paint up the old, disreputable-looking buildings that have been needing paint for long months.

It is the wish of the city officials that this be done for the general good that will result in the appearance of the town. Alliance has been in the city class in size for some years and should keep up its appearance in true city style.

For your convenience in selecting paints we have charts showing different colors, plain and in combinations, as well as personal advice based upon years of experience. We handle only reputable merchandise that we are confident will please you.

This is the proper time to make those little repairs that you have been planning for weeks and have never taken the time to get to them. Call up right now, order the lumber you want and do the work yourself if you can't get a carpenter.
