Results Count on the Farm

The ability of your tractor to deliver unremitting, full-powered service—to make possible bigger crops with less labor—in short, to give you results that count—depends, to a large extent, upon proper lubrication. Our Tractor Oils will keep your tractor running strongly and smoothly throughout the year.

Our Tractor Oils are not affected by high engine heats. They maintain, under all conditions, exactly the right body to seal in compression, kill

friction and lessen wear. They are the best insurance against the motor troubles which keep tractors from becoming really profitable investments.

Our experts have made a study of the tractor lubricating problem. They have found STANOLIND TRACTOR OIL best suited to a majority of tractors, *Polarine Extra Heavy*, *Polarine Heavy* and *Polarine* being recommended for quite a number. For the proper oil to use in your tractor—consult your Stanolind dealer or write us.
