With the economic law of gravity exerting a gentle downward pull on prices and arbitrary wage demands pulling the other way we shall be lucky if something doesn't crack!

Perhaps it is merely German thrift that leads the Germans to use their ammunition in killing each other rather than destroying it as the allies required.

CHAUTAQUA IS

COMING AGAIN

(Continued from page one.)

ad particularly to retailers, but one which was enjoyed by all who heard it. He emphasized the need of better salesmanship, declaring that clerks should know more about the goods they sell, and that they should endeavor to serve their customers better than ever. He also suggested that merchants should think more of their town than of their individual success, declaring that where the sole aim was to please the purchaser, a town's trading area could be increased to such an extent that no merchant could fail to make more money. He made a fine impression on local merchants, who tendered him an invitation to return later in the year. Over fifty members of the Chamber of Commerce attended the dinner given in his honor at the Alliance hotel Friday evening at 5 o'clock.

The Wales players had a large audience at their play "Rejuvenation" in the evening. The chautauque closed at 10 o'clock Saturday evening, and the announcement that seventy-five of the most prominent men and women of the community had signed a contract for a chautauque next year brought forth hearty applause.

After meeting the guarantee of the chautauque this year, the local committee had to their credit in the bank \$131.54. The local expenses amounted to \$61.50. The sale of season tickets totaled \$1034.06; the single admissions amounting to \$504.10, making total sales of \$1538.16. Deducting war tax of \$158.32 and \$131.54, the percentage received by the local committee, the net receipts for the chautauque company were \$1252.80. The program provided by the chautauque company cost exactly \$1300.00 therefore the company lost only \$47.20 this year. Evidently the chautauque is not as big a graft as some people seem to think, at least so far as Alliance is concerned.

AMERICAN LEGION NOTES

All ex-service men are no doubt overjoyed to note that congress has listened to the voice of good judgment and buried the iniquitous soldiers' compensation bill. They will all agree that congress is duty bound to go further and relieve those business institutions that bore the burden of the struggle with the Central Powers. In order to do my part, I submit the following taxation scheme for the hearty endorsement and approval of all ex-service men:

Proposal to Relieve the Excessive Financial Burden Now Being Borne By Suffering Corporations To be paid by taxation of former service men, as the clothing, feeding and caring for them was the cause of said burden. Place the tax where it belongs. Let the man who enjoyed the war pay the bill.

First A tax of one per cent on daily earnings of ex-service men for

periods April 6, 1917, to November 11, 1919, inversely proportioned to the said earnings:

| Rank | Pay | Tax |
|---------------|---------------|----------|
| Buck private, | \$1 per diem, | 10 cents |
| First Lieut., | \$6 per diem, | 4 cents |
| Captain, | \$8 per diem, | 2 cents |

Second. Immediate return of \$60 bonus. No man should put a price on his heroics.

Third. A charge of \$100 per one way for trip to Europe. Relatives of those not returning liable for one way only.

Fourth. Medical and surgical charge to soldiers receiving same:

Services in bandaging one arm stump \$25.

Services in replacing one leg, \$25.

Gas treatment, \$1 per cubic meter of gas consumed.

Fifth. Tax of one cent per kilo for distance covered on foreign soil.

Sixth. Rental tax of one centime per cottie (harboring pets in governmental uniform).

Seventh. Flat monthly tax for time spent in service instead of productive work.

Indorsed by all 101.09 per cent Americans.—Geo. D. Gerson in American Legion Weekly.

A new name has been placed on the roll of fame. A race horse has been named after Commander Sam McMeekin of Jefferson Post, Louisville, Ky.

Carl Barnes Post of Ranger, Texas, invites letters from legionnaires wishing information about the oil fields in its district.

The Yuma, Arizona, post is pushing legislation to open for soldier settlement 260,000 acres of Indian lands along the Colorado river in Arizona and California.

Burch Wood Post of Washington, Ind., gave a fair and spring festival under a large circus tent. An automobile, a talking machine, two Liberty bonds, a kitchen cabinet and other prizes were given to those who attended.

Labor shortage is complained of, but in the meantime there is the usual congestion at all hangouts and loafing places.

A New Back for an Old One—How an Alliance Resident Made a Bad Back Strong

The back ache at times with a dull indescribable feeling, making you weary and restless; piercing pains shoot across the region of the kidneys, and again the loins are so lame that to stoop is agony. No use to rub or apply a plaster to the back if the kidneys are weak. You cannot reach the cause. Follow the example of this Alliance citizen.

Mrs. Archie Middleton, 622 W. 2nd street, says: "In our home Doan's Kidney Pills are a family medicine. I had taken them when I

had backache and other symptoms of kidney complaint. I had dizzy spells and headaches that came on when my kidneys were not just as they should have been. A short use of

Doan's Kidney Pills always regulated and strengthened my kidneys. The attacks of backache and dizzy spells left, too. I bought Doan's at Holsten's Drug Store."
