AT SEVENTY SHE GAINS 20 POUNDS

"Tanlac Has Brought Me Health And Happiness," Says Mrs. Mary Noble

"I am now seventy years of age but I have actually gained twenty pounds in weight in just a few weeks time," declared Mrs. Mary Noble of 914 South Seventh street, West, Cedar Rapids, Iowa, a few days ago.

"During the past ten years," continued Mrs. Noble, "I have suffered all the misery that goes with stomach trouble and nervousness. I had to be extremely careful about what I ate for even the lightest kind of food, such as milk toast, sometimes made me nauseated so I was unable to keep it down. Often I became almost deathly sick and I could taste my food for hours afterwards. Gas would form on my stomach and press around my heart so that it palpitated terribly and I got so short of breath I often thought I would suffocate. At night I was afraid to go to bed, for when I would lie down I felt like I was going to smother. My nerves were in a wretched condition and at night I would get so restless I could not lie in bed and would have to get up and walk the floor. As a result I began to lose in weight and I kept falling off until I lost about twenty pounds and was no more than a shadow of my former self. I was almost a wreck and the little housework I could do was a drudgery and I became so discouraged I saw little pleasure in life.

"About two months ago I started taking Tanlac and it is just wonderful how it began to build me up right from the start. My appetite returned and my troubles gradually left me until today I have gained back all my lost weight and am once more enjoying splendid health. It makes no difference what I eat I can digest it properly and my heart action is normal and my breathing is free and easy. My nerves are steady, my sleep is sound and restful and every morning I get up feeling refreshed and with plenty of energy. Tanlac has given me health, strength

and happiness and I know of no better way to show my gratitude than by telling others about it so they may benefit by my experience."

Tanlac is sold in Alliance by F. E. Holsten, in Hemingford by Hemingford Merc. Co., in Hoffland by Mallery Grocery Co.

A Wholesome Food

Carefully Made and Delicately Flavored

At the present time when prices on food stuffs are so high, parents cannot be too careful of the things they buy for their children to eat. The combination of vacation days and hot weather cause young folks to continually want "something good" besides their regular meals. Too much candy is a drag on the youngsters' vital forces. Encourage them to eat

ICE CREAM

It has a distinct food value. Physicians everywhere recommend ICE CREAM to invalids because of its easy assimilation and high food content. Buy it by pint or quart, at soda fountains or by the gallon or more at the Creamery and have it delivered.
