

**CAMPFIRE GIRLS
PLAN AN OUTING**

(Continued from page one.)

pieces of the Red Cross the Aktati campfire with fourteen members, has Mrs. E. R. Harris as its guardian; the Lodeka campfire has eight members and Miss Avis Joder is its guardian; the Ecnalla campfire has twenty members and Mrs. T. A. Cross is the guardian; the Kinunka campfire has sixteen members and Miss Josephine Ganson is the guardian; the Lewa campfire has ten members and Mrs. Fred Carlson is their guardian.

The Campfire Girls organization is made up of groups of girls who wish to make life as interesting as possible and the Alliance campfires hope to live up to this standard in their annual outings. The following is a list of the girls, their members and officers of each group.

The Aktati Campfire—Guardian, Mrs. E. R. Harris; president, Maurine Bald; vice president, Ruth Moxon; secretary, Vivian Dow; members, Lucille Dickinson, Maurine Bald, Dorothy Brost, Alice Prettyman, Ruth Moxon, Vera Lowry, Josephine Acheson, Ruth Schill, Janice Wills, Ruth Wilson, Nell Gavin, Sarah Adams, Vivian Dow and Mary Beth Lucas.

The Kinunka Campfire—Guardian, Miss Josephine A. Ganson; president, Janice Adams; secretary-treasurer, Frances Schott; bead-tender, Verna Dow; messenger, Josephine Wilson; members: Katherine Harris, Edna Mae Miller, Josephine Wilson, Lucille Butler, Verna Dow, Janice Adams, Frances Schott, Florence Baker, Dolly Dailey and

Ethelne Ellis.

There was also organized a campfire in Antloch with eighteen members and Mrs. H. J. Wilson as guardian, with Miss Francis Wilson as assistant. These girls have chosen as their name Coitna Campfire and they are not connected with the Alliance campfires in any way other than they are under the auspices of the Red Cross. They have a separate treasury and will plan their own work, but report occasionally to the Red Cross, as every band is requested to do. Hoffland has a small organization also with Mrs. Don Montgomery as guardian.

PERSONALS

How Spinal Defects Occur

MANY persons have asked how the spine can press the nerves and shut off the life-giving energy and cause weakness and disease in certain parts of the body. The

spine protects the spinal cord through which energy passes from the brain to the net-work of nerves that supply every part of the body. The spine is made up of separate moveable parts

that are easily displaced and are sensitive to every strain and jar.

Causes of the Fatal Pressure

In fact there are many contributory causes that lead to defective spines and they are present every day of life. Before, during and after birth the weak and tender spine is very easily affected. The manner in which a child sits at the school desk, or the position of the man or woman while at work is likely to cause defect and curvature. Strenuous games, active play, falls, blows, sudden twists, or strains from carrying or lifting heavy weights are all likely to throw the spine out of plumb. This brings about the fatal pressure upon the nerves and throbbles or obstructs the life-giving nerve currents, thus leading to disease.

CHIROPRACTIC CORRECTS SPINAL DEFECTS

It lifts the pressure from the nerves, permitting them to

nourish the famished, worn out and diseased tissues and organs. With normal nerve function restored, Nature brings about healthy conditions in the organs effected. In
