Every One Is Benefited by This Sale

It offers our patrons the opportunity to shop in comfort, to share in the money saving sale prices, to choose from fresh stocks while they are complete and assures them prompt, courteous service. It benefits our employes—who are only human—for it relieves the terrible strain of the customary last minute Christmas rush—and allows them to give our patrons courteous attention. We expected a slump in prices and therefore did not place our orders for Holiday Goods months in advance as in previous years. When the crash came we were in a position to buy tremendous quantities and pay "SPOT CASH." Manufacturers and jobbers in need of "READY MONEY" and wishing to unload, therefore gave us remarkable price concessions unobtainable by other stores. Having purchased our stocks for less we can naturally afford to SELL for LESS. YOU SAVE OUR SAVINGS. Your kind co-operation in this endeavor to spread the Christmas shopping over a greater period of time will be rewarded by the most PHENOMENAL MONEY-SAVING OPPORTUNITIES ever presented.
