HER FRIENDS SEE A GREAT CHANGE

Iowa Woman Says She Feels Better Than For Years—Gives Tanlac Credit.

"Since I began taking Tanlac my friends say I am looking a whole lot better and I certainly feel better than I have in years," said Mrs. Helen Gawley, of Lyons, Iowa.

"My stomach and kidneys worried me for several months and I was generally run down and weak. I had no appetite, what little I forced myself to eat would not digest. Gas pressed up into my chest and caused such terrible pains that I was afraid I had heart trouble.

"I was weak and nervous and I scarcely lived a moment without suffering severe pains in my back. I just felt worn out and tired all the time and had no energy.

"I read a lot about Tanlac, and also learned that it had helped my mother wonderfully, so I decided to try it, and it has helped me so much that I don't feel like the same woman. My appetite has come back and I eat foods that used to nearly kill me to eat without feeling the least discomfort. The pains have disappeared from around my heart and I never feel tired and worn out any more. My housework seems ten times as easy as it did before and as Tanlac is what has restored my health I just can't praise it enough."

Tanlac is sold in Alliance by F. E. Holsten, in Hemingford by the Hemingford Mercantile Co., and in Holland by the Mallory Grocery Co.

TIPS ON HOW TO MAIL CHRISTMAS PACKAGES

"Wrap securely."
"Address plainly."
"Mail them early."

These are some of the words of advice Uncle Sam is giving regarding the transmission of Christmas gifts through the mails. The holiday rush of mail is about to begin and people who heed the tips given them by Uncle Sam will avoid the disappointment of having their packages lost in transit or received at their destination in a damaged condition.

Here are some timely tips set forth in official bulletins posted in the Columbus postoffice for guidance of those who mail Christmas gifts:

"Prepay postage fully on all parcels.

"Address parcels fully and plainly. "Place name and address of sender on all matter.

"Pack articles carefully and wrap them securely, but do not seal them, as sealed parcels are subject to postage at the letter rates.

"Mail parcels early; they may be marked 'Do not open until Christmas.'"

"Insure valuable parcels.

"Written inscriptions such as 'Merry Christmas,' 'Happy New Year,' 'With Best Wishes' and numbers, names or letters or purpose of description, are permissible additions to four-class (parcel post) mail. Books may bear simple dedicatory inscriptions not of a personal nature. Other written additions subject a parcel to letter postage. Communications prepaid at first-class rate may be sent with parcels prepaid at fourth-class rate, provided they are placed in envelopes securely attached to outside of parcels."

BRACE UP!

Do you feel old before your time? Is your back bent and stiff? Do you suffer urinary disorders? Don't despair—profit by Alliance experiences. Alliance people recommend Doan's Kidney Pills. Here's an Alliance resident statement.

Mrs. Thos. Ackerman, 621 W. 2nd St., says: "I know Doan's Kidney Pills are a wonderful medicine. I have used them occasionally and they have always completely relieved me of any kidney disorder I had. When troubled this way I suffered with a heavy pain across my back that seemed to be pulling me down. I couldn't sleep at night because of the aches and my kidneys acted too often during the day. I felt tired and worn out. Doan's Kidney Pills have been the means of keeping me from the trouble so I am glad to recommend them." (Statement given June 8, 1916.)

On June 9, 1920, Mrs. Ackerman said: "My faith in Doan's Kidney Pills is as strong now as when I recommended them in 1916. I am glad to confirm that statement." 60c. at all dealers. Fostern-Milburn Co., 315 So. Buffalo, N. Y.

THE IRREDUCIBLE MINIMUM

"What is a skeleton?" asked the Teacher of the pupils in the fourth grade.

There was a period of painful concentration, following which a little girl replied triumphantly:

"A skeleton is what you have left of a man after you've taken his outside off and his insides out."

Chiropractic For Winter Colds

During the winter months "colds" of the head, throat and chest are common and people wonder what is good for such troubles. That is, catarrhal affections of the respiratory tract are common during cold winter months and people who have heard of CHIROPRACTIC wonder if it of any value in such dis-eases. All kinds of cough syrups and a host of external applications have been tried by most families and still the family has no standard medicine, internal or external, upon which they can unerringly rely to "break up" the cold for the simple reason that no medicine can reach the CAUSE of the trouble; no medicine can induce normal metabolism or the normal expression of function. IT CAN, HOWEVER, BE ACCOMPLISHED by the proper adjustment of vertebral subluxations (displacements of the small bones of the spine) which in turn permits the normal transmission and expression of mental impulses through the nerves and in the tissues they ramify. One of the most common dis-eases of the winter months is Bronchitis, and numerous cases have completely recovered under CHIROPRACTIC VERTEBRAL ADJUSTMENTS. Acute cases usually require but a short series of daily adjustments, while chronic cases will require a longer time, depending upon the severity of the case, the length of its standing and the responsiveness of the patient's vitality. Try Chiropractic Vertebral Adjustments for Your Winter Colds. You will never regret it. Consultation and Spinal Analysis Free.

DON'T RISK IT

NO USE taking the risk of carrying money or of having it around the house. You may have it stolen and you may lose your life at the hands of some bandit. Deposit your earnings in our bank and pay your bills by check. We do the bookkeeping.

Be Practical

The young man in love often goes into raptures about "the blue of the sea in her eyes and the golden haze of autumn in her hair," but remember this, young man—she'll eat just the same as any other healthy girl. Therefore get down to practical affairs. Save your money, deposit it in a good reliable bank like ours and get ready to own a home for you and the girl and to provide the three square meals a day that you will both need as long as you live. You know, when poverty comes in at the door, love sometimes flies out of the window.
