

# Baseball, Sunday, 3 p. m. SIDNEY vs. ALLIANCE

## SILENCE WAS DANGEROUS

A merchant was recently persuaded to purchase an excellent parrot. This one had traveled far and could jabber in several foreign tongues. He ordered it sent home. That same day his wife had ordered a fresh spring chicken for dinner. On leaving the house she said to the cook:

"Mary, there's a bird coming for dinner. Write its neck and have it fried hot for Mr. Richards when he gets home."

Unfortunately the parrot arrived first and Mary followed instructions. At dinner he was duly served.

"What's this?" exclaimed Mr. Richards.

Mary told him.

"But, for goodness' sake, Mary," he said, "this is awful. That bird could speak seven languages."

"Then, phvy the devil didn't he say something?" asked Mary.—Exchange.

## SUCH CARELESSNESS

It was visiting day at the jail and the uplifters were on deck.

"My good man," said one kindly lady, "I hope that since you have come here you have had time for meditation and have decided to correct your faults."

"I have that, mum," replied the prisoner in heartfelt tones. "Believe me, the next job I pull, this baby wears gloves."

Many things are wrong, but the world must be grateful that the movies have not learned to talk.

Mr. Glover is the operator who has been placed in the Marsland station. Work being heavy another trick was needed.

Mr. and Mrs. Dick Furman were visitors Sunday at the home of Mrs. Furman's parents, Mr. and Mrs. Gus Hoffman.

Dayton Sullenberger went to Hemingford to umpire the ball game between Hemingford and the Farmers' Union boys.

Lawrence Tollman, Henry Hollinrake, Kenneth Hollinrake and George Fleming, went to the Coil ranch on the table, recently purchased by James

Tollman, where they will put up the hay for this season.

Miss Etta Enyeart entertained the ladies' aid to a delightful luncheon on Wednesday and all present report an enjoyable time.

Doc Neff, the dentist of Hemingford, made his usual weekly trip to Marsland on Wednesday to attend to his dental duties here.

Russell Miller of Hemingford made a trip to Marsland Sunday night, bringing Dayton Sullenberger home after the ball game.

Mrs. Alice Crane of Girard came down Sunday and is visiting at the home of her mother, Mrs. Belle Enyeart for a few days.

Dr. Richards of Crawford was called to see T. H. Hunsaker who was not so well as expected. Tom, however, is at present some better.

On Sunday evening the Marsland orchestra plays for the church during the song service. They will give you the best so it will behoove one and all to attend church every Sunday to hear some extra good music and the sermon also.

We are exceedingly sorry to write that James Eimek's daughter died on Monday evening after a serious hemorrhage. We have not as yet learned regarding the disposal of the remains. We extend our sympathy to the bereaved family.

Mr. Stoddard and Mr. Peterson of Chicago were touring the country collecting photographs which the Chicago Portrait company prints in a beautiful form of a lifelike view. However well the work is done, Mr. Stoddard informs us that trade is somewhat slow as people are more on the taking in of money than spending at present.

Dayton Sullenberger went to Hemingford on No. 44 and returned Tuesday. Dayton was marshal of the day for Hemingford and also umpired the ball game. The Legion boys of Hemingford certainly did their very best to get up an entertainment worth while for this Fourth of July and everyone seemed to have an enjoyable time and in spite of the rain and rather cool weather, every part of their program was a success. The races, ball game, boxing, wrestling and carnival were splendid, to say nothing of the speaking which took place in the opera house Monday morning and was well worth anyone's time; also the dance in the evening drew a large crowd.

**STICKLER FOR ETIQUETTE**

He was the most down-and-out looking specimen who had applied at the back door of this particular farmhouse for many a year. The housewife viewed him with disgust.

"My goodness!" she exclaimed. "I don't believe you've washed for a year."

"Just about that," agreed the hobo. "You see, I only washes before I eats."

# One Way to get Big Mileage Regularly

The importance of gasoline with a complete chain of boiling point fractions

You wouldn't expect to light a green stick with a match. Yet some gasolines are like green sticks. They neither ignite quickly nor burn up completely—because they lack sufficient low boiling-point fractions for kindling, and have too great a proportion of slow-burning elements.

Straight distilled gasoline possesses the complete chain of boiling points which assures quick ignition and practically instant, complete combustion. Every bit is converted into heat and power—gives bigger mileage per gallon than slow-burning mixtures, or less carefully refined gasoline.

Red Crown Gasoline has a complete chain of boiling point fractions

Red Crown Gasoline is straight distilled gasoline. It meets all specifications required by the United States Navy for motor gasoline. It has a complete chain of boiling-point fractions—low, medium and higher boiling-point fractions—which, in right proportion, assure big power and big mileage. It is uniform and dependable wherever you buy it.

How to get better results at less cost

The way to get mileage and power economically, to have a spry, quick-starting engine, is by perfect adjustment of the motor to the fuel used. This can only be secured by using gasoline that is UNIFORM—gasoline you can get wherever you are—gasoline that gives a lean, dry, powerful mixture under all weather conditions. Use Red Crown Gasoline.

Authorized Red Crown Dealers Everywhere

Wherever you go you can always get Red Crown Gasoline from reliable, competent and obliging dealers. The gasoline and motor oils they sell make motor operation more economical and more dependable. They are glad to render the little courtesies which make motoring pleasanter. Drive in where you see the Red Crown Sign.

## Success is a Stranger to the Man who would Not Save

The man who refuses to see the wisdom of saving conscientiously is as near success as the two poles. If he thinks that it takes a lifetime to get a little of this earth's goods he is also mistaken.

It's true that it requires many years for an oak tree to attain its full growth but it finally becomes a great tree. You cannot see it grow but nevertheless it grows. It may take some little time to save a thousand dollars, but it can be accomplished by saving systematically.
