Mr. and Mrs. Lyle Carry spent Sunday at the W. N. Thompson home.

ELLSWORTH

Last Sunday the ball team journeyed to Whitman where the fastest game of the season was played against the fastest team in the sand hills. Whitman certainly has some record, 15 games won and 1 lost, but they came so close to losing another Sunday that nothing was at all comfortable for them. The game started off in a rush with Schonard to bat for Ellsworth who made three bases before the inning was completed, we being unable however to score that inning, but the way we started out, Whitman could easily see that no easy pickings were for them that day.

Score by innings: Ellsworth, Schonard, 2b, Young, rf, Arms, 3b, Black, ss, Wightman, cf, Robinson, p, Mawmber lf, Dwiggin, 1v, Seeborn, c

Score by innings: Ellsworth, Whitman, King, 3b, H. Abbott, cf, B. Abbott, ss, Waite, 2b, Haylett, rf, Miller, lf, Maupin, p, McCubbin, 1b, Carpenter, c

Summary—Two base hits, Black (2), Robinson, King, Abbott, Maupin. Double plays, Black to Second to Dwiggin. Stolen bases, Arms, Dwiggin, Carpenter. Left on bases, Ellsworth 6, Whitman 8. Walked by Robinson 1, by Maupin 1. Hit by Robinson 1, by Maupin 1. Struck out by Robinson 5, by Maupin 2. Umpire Murphy. Time of game, 1:30.

Sunday, September 11, Ellsworth goes to Bingham for the last away from home game of the season. Black of Alliance, who is now with the Ellsworth club permanently, will be on the mound for Ellsworth.

Sunday, September 18 and 25, two home games will be staged with the Oil Magnates and Whitman. Arrangements are being made whereby the club will go to Mullen for a couple of games during the Round-up and carnival, September 16-17.

Prominent business men from the surrounding towns motored to Rushville last Monday to confer with the county commissioners to lay out an open road along either the north or south side of the Burlington right of way. Mr. Seeborn and Murphy represented Ellsworth and they report everything coming along fine. The state surveyor together with county officials will be in this vicinity within two weeks and on of the suggested routes will be chosen and opened up as a public road and in a short time both state and federal aid will thus be given and a permanent road will thus be constructed. We are all behind this project and realize that this will help both business and value of our land greater than any project now in view. Among the men who made the trip to Rushville from surrounding towns are W. W. Gilbaugh, Jas. Willy, M. L. Kincaid, Howard Schellville, L. A. Anderson, Dr. Moore, W. F. Seeborn, C. L. Murphy and many others.

Great interest is being shown in the Lakeside oil well operation and now that drilling operations are under way many are motoring to Lakeside daily to witness the work.

E. H. Chick connected with a St. Joseph commission cattle firm was an

Ellsworth business visitor Wednesday and Thursday.

School days are again with us and our school under Miss Sarah Craig, who taught here three years previous, is now well under way with the largest attendance in history. Twenty pupils are now enrolled and more are expected.

John D. Gammil, connected with the Atlas Fire Insurance company, was in Ellsworth Monday and Tuesday looking after company interests. Adjustments were made upon the cars of A. Moore and F. J. Ellsbery which were recently destroyed by fire.

The ladies of Ellsworth were entertained at a Kensington at the home of Mrs. W. Wightman in honor of Mr. Wightman's sister, Mrs. Dick of Anieroid, Sask. All reported a most enjoyable afternoon.

Mr. and Mrs. J. R. Dingle, who have been employed at the Richards and Comstock summer home for the past three months, departed by the "overland route" for Scottsblair, where Mr. Dingle has a position at a sugar beet factory.

Four cars of cattle will be shipped from Ellsworth Sunday. Mr. H. E. Young, two; J. H. Wehr and Dan Wilcox one each. Sunday and Monday Richards and Comstock will ship six cars. Cattle shipping has been very slow this season but many will go from this point before the season closes. However, many are contemplating hold over as hay and feed is

more plentiful and better this year than ever before in the sand hill territory.

Notwithstanding the recent official announcement that there would be no reduction in the summer price of anthracite, Philadelphia retailers have reduced the price \$1 a ton. Pretty nearly every time somebody predicts that prices will go no lower they do.

Doctor Abbott of the Smithsonian institution says Venus is much more like to be inhabited than Mars, but we feel sure that whether she is or not, it is not going to change the essential fact that the earth is inhabited by a tribe of creatures who are bent on eating, but who strenuously object to hoeing the corn crop—Es.
