People who have been helped by Tanlac are always anxious and willing to tell others about it. F. E. Holsten.

ELLSWORTH.

Sunday the Ellsworth Ball Club journeyed to Bingham for a return game, the last of the season, Bingham having played us a game on our grounds with a side bet the Sunday previous and losing the game, it was decided to give Bingham a chance for an even break, and they took advantage of the chance. The final score was 7 to 5 with Bingham at the long end. Same teams were used on both sides with the exception of Flarity being added to Bingham and Hunsaker of Lakeside taking the place of Senonard who was unable to play. Maupin for Ellsworth pitched the same high class ball striking out 12 men, while his opponent Hill of Hyannis struck out 9 and also twirled an excellent game. The game started out with a rush, Ellsworth at the bat scoring 3 in the first inning and the fifth found the score 5 to 2 in favor of Ellsworth but timely hitting in the sixth tied up the score and in the remaining innings Bingham squeezed in two more runs but the game wasn't out by any means, in the first of the ninth with one man out, Young with a scratch single stole second and on Maupin's third strike, Macumber next up was a victim of Hill's deep out, fanning and Arms connected for a fly to deep left center which should have been good for a double scoring the men on second and third, but here Manager Frank Gibbauch of Bingham proved his fielding abilities and saved the game for his team by a long and hard run making a perfect spear of Arms fly, this ending the game. It was reported by all as the best played game of the season for both teams, only three errors being chalked up against both sides. This evening up the financial affairs for both teams on the side bets and many wanted a third game with same line-ups, bets, etc., to be staged deciding the series by two best out of three, but owing to lateness of the season and a possibility of inclement weather Bingham declined to accept the final offer. Summary—Umpires, McCarty and Graham. Time of game, 1:35. Two base hits, Black, Arms, Hunsaker, Maupin, Shelledy, Burton. Hit by Maupin, 1; by Hill, 3. Stolen bases, White, Butler, Black, Arms, Young, House.

Eighteen cars of cattle were shipped to the Omaha markets from this station Saturday and Monday. Some excellent steers were shipped by Mr. Hanford Green of the north country. McCarty Bros. are busy completing their one thousand capacity potato cellar just south of the Burlington. When completed this will be a first class storage cellar.

Patrick Reed is reported very low and Dr. Moore of Antioch was called Sunday night. Father Constant of Alliance also visited Mr. Reid Monday morning.

John Schonard is on the sick list with a severe case of la grippe and Patrick Welch is substituting on the south mail route at present.

Mr. and Mrs. P. E. Law were Alliance visitors Saturday for the Festival. Mr. Law returning Saturday night and Mrs. Law going on to Gurney, Neb., for an extended visit with relatives and friends.

Mr. Thiehoff and other prominent Burlington officials were in our vicinity Saturday and Sunday hunting prairie chickens and grouse from Inspection Engine 366.

The dance given by A. Moore Saturday night at the Ellsworth hall was fairly well attended and a most enjoyable evening was spent by all. Although no record breaking crowd was present, a nice crowd was present and at no time was the floor overcrowded as has been the case at many of our other dances. Two weeks from last Saturday night, or October 29, the Ellsworth Ball Club will give a dance. Good music has been arranged for, piano, violin, cornet and trap drums having been engaged for this affair.

and a large crowd is anticipated. Owing to the dry weather the roads are now in a deplorable condition. The coal shed pass on the west road is practically impassable as well as the Shrewsbury hill. Also several spots on the Bingham road are very bad. We are all anxiously waiting developments on the promised Potash highway on which work was commenced this fall. It seems that no more work will be done at present from our local district but we are endeavoring to do all possible to get these few places fixed up as outside of that the roads are fairly good in either direction. Mr. Wigle who has been visiting his old time school friend, Mr. Walter Wightman, returned by motor to his home in Denver Sunday. F. M. Hoenshell was an Ellsworth visitor Monday.

O. Henry once wrote a story about a prize fighter who visited every store and cafe in New York and finally led a police raid—all in order to secure his bride a certain peach that she craved. When at last he had it in his possession, she blandly remarked that it was an apple she wanted! However, the pugilist's bride was a piker compared to the beautiful dark-eyed feminine creature about whom the action takes place in "To Please One Woman," the photoplay, which will be on view at the imperial Theatre tonight. The story describes the shattered romances left in the wake of this supremely selfish lady, who simply couldn't keep her velvet hands off any good-looking man that happened around.

"What's a Wife Worth?" is the interesting title of the Wednesday feature, by William Christy Cabane, which is described by the press agent as "a leaf from a woman's soul" and is a "living, breathing picturization of great truths." The heroine is described as of the small town type, carefully and prayerfully reared. She married—and then—Guess the finish yourself or see it.

The chief attraction for Thursday is "The Brute Master," with Hobart Bosworth and Louise Glaum dividing the stellar honors. "The Brute Master" is a man who, powerful physically, rules all with whom he comes in contact through sheer force of brute strength. When Madeline Grey, wintering with friends at a tropical resort, receiving an urgent call from her people in the States to return immediately, is compelled to take passage on the schooner which he owns he thinks to win her by the same crude methods. An interesting chain of circumstances showing his complete regeneration lead from this point to the climax, which ends a highly satisfactory and unusual one.

Drill for Oil at Franklin. FRANKLIN—F. N. Lewis, oil man, is unloading a drilling rig at Riverton to drill on an acreage secured by C. A. Reiser of Lake Charles, La.; H. W. Hord of Kansas City and J. G. Hawkins and Ed Erickson of Franklin. They have 40,000 acres under lease. Reports received by the promoters from geologists and engineers state that the prospects are for the largest shallow well field in the country. The reports indicate that oil will be struck at a depth of not over 800 feet. The sub-leases have been made and drilling outfits sent for. Wells will be sunk north of Franklin and Bloomfield and west of Campbell. The promoters will set up their drill on the L. L. Shumerman farm northwest of Franklin.
