

The second group of members of Kinunka Campfire, comprising Miss Frances Sheott, chairman, Josephine Wright, Ethelyn Ellis, Leota Becker, Ethel Trabert, Vera Scott and Inez Hagan, served their first dinner as a part of the requirements for the Fire-maker's rank at the home of Mrs. E. L. Potarf, assistant guardian, at the Flora apartments Saturday evening at 6 o'clock. The guests were the other members of Kinunka, Mr. and Mrs. E. L. Potarf and Mr. and Mrs. George L. Burr. The menu included fried chicken, rice, potatoes, creamed carrots, iced tea, and pumpkin pie with whipped cream. Gurley, division superintendent of the Burlington at Alliance, and Miss Ruth Reed, emp. in the master mechanic's office, left Saturday noon for Torrington, Wyo., where they expected to be married in the afternoon. Their plans included returning to Alliance Saturday evening and proceeding to Omaha for a honeymoon trip of a couple of weeks. The couple will be at home following their trip at No. 11, Flora apartments. The bride is the daughter of Mrs. Jennie Reed of this city. The groom's parents reside in Colorado. They have a wide acquaintance in railroad circles, and a host of friends wishes them happiness.

It's a matter of history that Ponce de Leon outfitted an expedition at great expense and wasted months and years in a futile attempt to renew his youth. The Alliance Elks have Ponce backed clear off the map, according to A. V. Gavin, for they propose renewing the youth of their members in a series of well planned parties, beginning with a rousing Halloween party Friday evening of this week. While Ponce and his pals wasted barrels of doubloons and endless pieces-of-eight, the Elks are pulling the stunt at only four bucks per member, and this sum entitles him to bring his lady to eight entertainments. Satisfaction is guaranteed or money refunded, the committee announces.

Miss Margaret Mitringer is scheduled for an address in Alliance November 20, concerning which further announcements are promised, which will include the date and the names of the organizations sponsoring her appearance in this city. U.; was editor of a child's paper, The Young Crusader; served three years as secretary of the national good citizenship movement, representing ten young people's societies with a combined membership of four million. She is a member of the national temperance council of one hundred, being one of the four women chosen as charter members. She is a director of the international reform bureau and a staff contributor of the Sunday School Times. She has traveled extensively in this country and in Europe and spent part of 1915 and 1916 in Europe visiting Great Britain and France, to gather first hand facts on the relation of drink to the war. These startling facts were published in more than thirty religious and reform journals.

A CAT IN A BAG
This phrase originated from an trick sometimes played by farmers on unsuspecting people. The countryman would come to town with what was inferred to be a young pig in a bag. This he would offer for sale, and the unwary buyer would sometimes buy without looking inside.
The mail order catalog, though not an attempt to trick the buyer, occasionally does so—chiefly because the buyer fails to properly inform himself as to the exact nature of the goods. When they come, they may be entirely as represented but not as expected, and disappointment naturally follows.
Your local dealer places merchandise before you, lets you see it and handle it. You see what you are buying. Isn't that the safest way to buy? It's only one reason why you should—
Trade at home—Support the town that supports you.

Dancing Teacher Once an Alliance Resident Is Escorted to the Pen
Vet Canfield went down to Lincoln last Friday and took Byron Evans down with him to place in the state penitentiary. Evans has been confined to the county jail here since the 28th of June. He was given an indeterminate sentence of from one to seven years in the penitentiary by Judge Westover at a recent term of the district court. He was charged with grand larceny and it will be remembered that he is the one who stole the diamonds of Mrs. G. O. Pope and created considerable excitement at that time. Evans also gave dancing lessons here and did some fancy dancing stunts. The crowded condition of the state penitentiary is the reason for the delay in transferring him. Sheriff Canfield returned Sunday.—Chadron Chronicle.

Evans conducted a dancing school in Alliance for several months. No diamonds were reported missing when he left the city, although there were a number of unpaid bills.

CHURCHES

CHURCH OF CHRIST.
Last week many took advantage of the opportunity to hear Evangelist C. W. Cooper. His sermons are simple, logical and scriptural. Great audiences were present Sunday at both services. These meetings are just beginning and they are getting better each evening. After working in Alliance and knowing so many of the good people of this community, having given nearly five years to this present pastorate, the minister finds it a great pleasure to invite the public to hear such a man as Evangelist C. W. Cooper.

The subjects for each evening are as follows, beginning with tonight:
Tuesday—"The Four C's."
Wednesday—"Can I live a Christian Out of the Church?"
Thursday—"Faith—How to Get It?"
Friday—"Repentance—What Is It?"
Saturday—"Confession—Is it of any value?"
Sunday morning—"Communion."
Sunday evening—"What is Your Excuse for Not Being a Christian?"
Other subjects will be announced in the future. Keep these for reference. The Junior Orchestra of eleven pieces plays nearly every night.
S. J. EPLER, Minister.

BAPTIST CHURCH
The Sunday school went up ten more last Sunday. There is a perceptible determination on the part of the teachers to make the school a live one. The pastor has never had more enthusiastic teachers, and the young people's society is gradually taking on real life. This department of the work is being watched with much interest by the pastor. A section of our gospel team will hold services at the twelve-mile school south west of town, the speakers will be Harold Clark and Evert Johnson. All who can attend might go there and thus encourage them along.
At the Angora meeting Friday there were eight that stood up for Christ and enlisted his service. More are expected to soon do likewise. Sunday evening we received two more into the church, making six for the month and sixty-eight for the three quarters of the pastoral year. They were Mr. and Mrs. Cecil G. Johnson. We are glad to see young life coming into our church. The pastor decided to stay another year and is planning his work accordingly. The evening crowd was the largest we have had since last Spring, and we believe this to be a prophecy of a great work this winter.

B. J. MINORT, Pastor.
In the south an organization of young people has begun a crusade to discourage dancing. Will they discourage toddling, also?
When prices come down, the public buys, proving that the public has both money and good sense.

Misfit Lumber Costs Infinitely More

All along the Atlantic Coast there are summer resorts with miles and miles of boardwalk, trodden by millions of feet and drenched with surf and sea fog.
Some of these boardwalks have been in service for 25 years, and are still sound and whole. The right wood in its proper place.
Others have been replaced every few years. The wrong wood for the purpose; or the right wood wrongly specified.
A good example of the need for an expert lumber service.
America uses more wood per capita than any other country in the world.
As in the past, so in the future, much of the development of the Box Butte county depends on its lumber supply.
The typical citizen is accustomed to lumber. He naturally takes it for granted he knows all about it.
It will pay him, both in his private interests and as a taxpayer to check over what he really does know about choosing the most practical wood for a specific service!
It is something of a shock to the man who thinks of lumber vaguely in terms of "a nice clear board" to come face to face with questions about the specific quality of the various kinds of wood.
Which is best for strength? Which for exposure to weather? Which for interior trim?
Far-reaching questions—make no mistake about that!
Detailed, scientific knowledge of the species of lumber, their characteristics and availabilities, means durable and economical building today.

Buy the Right Lumber for a certain use

It will cost you less in the long run. The necessary knowledge can be had by any lumber purchaser who wants to make use of it.
As substantial factors in the lumber business of Box Butte county, we want to put at your service the results of our experience and investigations covering many years.
When you buy lumber for any purpose, no matter how much or how little you can be sure that you are receiving the wood best suited to your needs.
