

**Nebraska News Notes**

**Community Movie at Gibbon.**  
**GIBBON**—Gibbon has a community picture show, the Community Club making a purchase of equipment and the show is run by a committee consisting of S. A. A. Walker, H. F. Johnson, W. C. Ogilvie, L. T. Osborne and C. E. Johnson. The object will be to exhibit the better class of films and the action was taken by the club on account of the fact that the town was without a picture show. The venture is not intended for financial gains and it is planned to keep the admission fee down to the lowest possible figure. The show will be run on Wednesday and Saturday nights, and additional shows will be run if the demand is sufficient for it.

**No Cigaretts for Convicts.**  
**LINCOLN**—Members of the board of control are not responding very enthusiastically to the campaign which one of the Omaha newspapers has undertaken to have them abolish a rule now in force at the state penitentiary which forbids the smoking of cigarettes by convicts. The Omaha paper quoted Assistant Superintendent Bert Anderson of the new state reformatory as saying that the prisoners there would be furnished cigarettes and permitted to smoke them in their cells.

If this is allowed it will be in direct violation of the Nebraska cigarette law enacted in 1917, which forbids the selling or giving of cigarettes or tobacco in any form to minors under twenty-one years of age. This law further prohibits anyone except a licensed dealer to sell or give away these articles to anybody.

A great many of the reformatory inmates are under twenty-one years of age. The board of control has not yet considered the question of furnishing them with cigarettes, but Member A. E. Allyn expressed the opinion that the state institutions, at least, should comply with state laws.

**Harding Pardons War Veteran**  
**OMAHA**—Roy O. Youngblood, son of F. W. Youngblood, 4307 South Twenty-second street, Omaha, may now return to his home wearing the uniform he wore on the battlefields of France. There will be no welcome arches or bands for his arrival; but he may hold his young head high and have pride in his heart for the part he took in stemming the German tide in France.

For President Harding granted him an unconditional pardon Friday which not only restores him to full citizenship, but also gives him the option of serving out the term of his enlistment in the army or taking an honorable discharge from the service.

Youngblood and four other service men were sentenced to life terms in the federal prison at Leavenworth for the alleged murder of an English army officer. The officer was killed at Kan, Germany, in June of 1920, during a riot.

Senator Hitchcock and Congressman Jeffers made strenuous pleas for the pardon of Youngblood and his companions before the secretary of war ten days ago. They urged that the testimony of government witnesses failed to connect these five men with the riot which resulted in the officer's death. On the recommendation of Secretary of War Weeks, President Harding granted the pardon for the five men.

**Burglar Drugs Family**  
**BAYARD**—The home of Frank Ponceca, a Mexican living in the west side of Bayard, was entered during the night Thursday and robbed of three expensive silk dresses, three rings and a necklace belonging to Mrs. Ponceca, a suit of underclothing and \$100. It is understood that a white powder was used to drug the family before the house was looted, and that a sample of the powder was analyzed and found to contain arsenic. The police are working on the case.

**Ask Exemption for I. O. O. F. Home**  
**YORK**—That the state I. O. O. F. home at York is operated wholly for charitable purposes and is not a commercial institution in any sense was the argument made to the state board of equalization in a brief filed Saturday morning by representatives of that order, who appeared personally and supplemented their showing with verbal statements. The home seeks exemption from the state tax list. It was shown that the home is sup-

ported by a levy of \$1 on each member of the state I. O. O. F., which yields \$30,000 a year, and by income from the 160-acre farm and miscellaneous sources. Preparations are being made to spend \$45,000 for additional buildings, an extra assessment of \$1 per member having been levied for that purpose during the coming year.

The home has sixty inmates. No one is admitted except aged and destitute members of the I. O. O. F. and the Rebekah lodge, or children of deceased members.

**Work for Prisoners.**

**LINCOLN**—Convicts at the state penitentiary probably will begin making shirts and overalls for inmates of all state institutions this winter. That was the announcement made by Warden Fenton, who for several weeks has been busy endeavoring to figure out a solution for the unemployment problem in his institution.

"At the present time we are in correspondence with machinery manufacturers and it is probable that another month or two will find a part of the unemployment busy at shirt and overalls making," Warden Fenton said. The warden hopes that the furniture factory will be running at top speed in a short time. This factory when in operation employs about 200 men. At present, because of the tightened economic conditions, there is little furniture being manufactured and about 500 convicts are idle.

**Encouraged Over Hospital.**

**SCOTTSBLUFF**—Word from Rev.

E. C. Fintel, pastor of the Methodist church, who attended the meeting of Methodist pastors at Alliance when the decision was made to go ahead with the Scottsbluff hospital project, indicates that the co-operation of the Long Pine district may be expected. Rev. Fintel writes as follows:

"A most heroic spirit was manifested by every man in the Alliance district present at the convention held Monday and Tuesday, and there was a unanimous vote in this first conference in favor of giving the first \$100,000 raised in the joint campaign between Wesleyan and the hospital toward the construction of the hospital to serve the North Platte valley and the Northwest Nebraska conference which is to be located at Scottsbluff.

"The pastor was elected by the conference to go on to Ainsworth where he will have the responsibility of presenting the claims for the hospital. The Long Pine District conference is held Wednesday and Thursday and the campaign managers feel certain that the Long Pine district will fall in line with the action of the Alliance district."

**Cabbage, 3c lb.; onions, 6c lb.; honey, \$2.25 per 10-lb. can; apples, \$2.20 bu. John Hill, 208 Laramie avenue. 97-11**

**New potato sacks, in any quantity. O'Bannon & Neuswanger. 96-11**

**Please the Customer**

**HOW MANY TIMES HAVE YOU QUIETLY CURSED THE MAN WHO DELIVERED COAL?**

A careless delivery of coal can spoil in a minute the lawn you have worked all summer to cultivate.

A driver in a hurry, a bin difficult to reach and the damage is done.

**"OUR DRIVERS ARE CONSIDERATE"**

We maintain our own equipment and our drivers' job depends on the service they render. If service isn't satisfactory to you it isn't to us. A trial will convince you.

We have plenty of the best grades of coal in stock and are anxious to show you the greater value of "Superior Service Plus Better Coal."

**Announcement**

Having just recently purchased the Fourth Street Market we are taking the opportunity at this particular time to announce the policies which we shall maintain.

It is well known in every home and with every careful buyer in Alliance and surrounding country the plan and ideas of Mr. Hirst the founder of this institution, to buy merchandise at such markets and in such quantities to assure the lowest possible cost and pass all these advantages on to the consumer and our greatest effort will be to carry out his plans.

Our position in the commercial field enables us with a very close touch with market conditions and we shall take all advantages.

We shall go direct to markets offering lowest costs and reserve the right at all times to name our selling price which will be the lowest consistent with sound merchandizing.

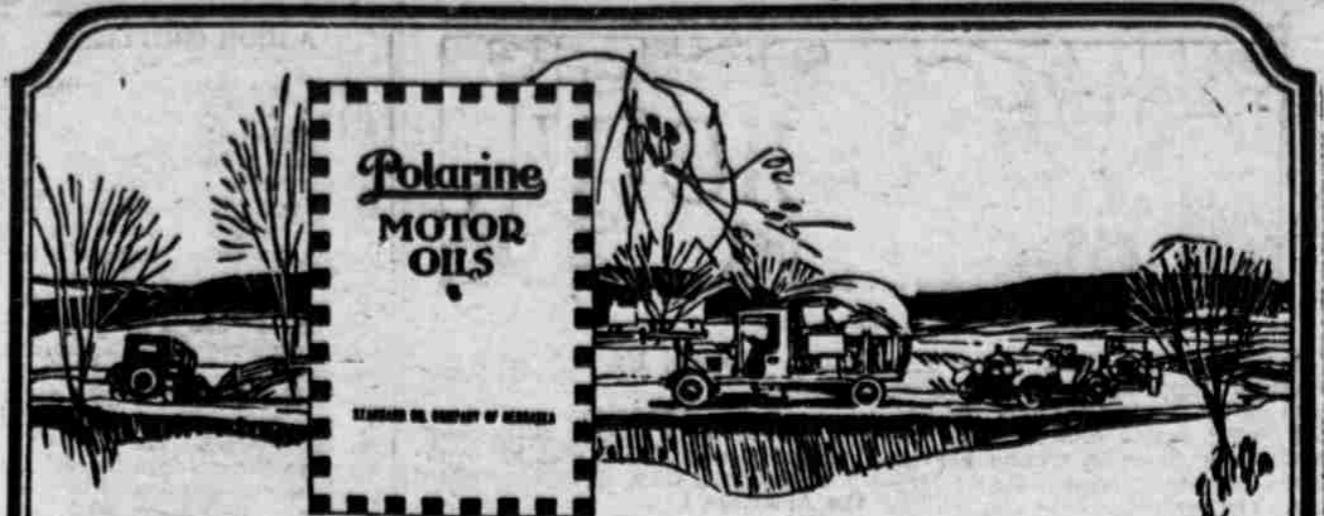

We will be glad at all times to contribute our share to any worthy cause and do any thing we possibly can to help in the promotion of what ever may be considered for the best for our city and community.

We realize the success of this business will mean co-operation with our customers and we want you at all times to take advantage of the special privilege you have to come into our store, pass all through, help yourself to whatever you wish and pay the cashier for your purchases.

We want those connected with our store to be of the highest efficiency and know they will pleasantly extend every courtesy to our trade.

We extend the invitation to everybody to come in and see us at every opportunity. Just make our store your store.

**Makes Motoring Economies Not Only Possible But Certain**

With carbon cleaned out and a supply of fresh, clean Polarine, you go faster and further on a gallon of gasoline.

But that is not the greatest economy of a clean, properly lubricated motor. Freedom from wear on bearings and moving parts saves much more money. According to leading automotive engineers 90% of the total expense for motor repairs is caused by using lubricating oils of inferior quality or wrong body.

Polarine is made by special processes which render it free from excess carbon. It maintains a protecting oil cushion in the bearings and between moving parts, and a gas-tight and fuel-tight seal between piston rings and cylinders.

Polarine is made in four grades—light, medium heavy, heavy and extra heavy—but only one quality. Get the proper grade for your car next time by referring to Polarine chart at our Service Stations or dealers, and you will start cutting down motoring costs.

IF YOU HAVE SOMETHING ABOUT THE HOUSE FOR SALE—TRY A HERALD WANT AD

**THINK IT OVER!**

Are you going to stay home all winter, or will you seek the comforts and benefits which the delightful, semi-tropical climate of the South affords?

Geographically, the South is not as far away as it seems, but climatically (in winter) it is about as far away as it could be—and in the right direction, too—for balmy breezes, sunny skies, moonlit bays, tropical flowers and foliage are the order of the day in the winter time in the Southland.

And, those who pack their grips and bid farewell to the North at this time, reap rich rewards and return with a full realization of the real value of a winter's vacation in that romantic, historic and beautiful land south of the Mason & Dixon line.

Instead of saying to yourself—"I wish I were in Dixie," why don't you go South this winter? The cost is low—perhaps not as much as you thought it would be, when the price of things generally is considered, and you deduct the cost of staying at home.

Tickets covering tours to Florida, the South Atlantic and Gulf Coast states, Texas and Cuba are now on sale. You can go one way and return another; there is splendid train service via Denver, Kansas City, St. Louis and Chicago; liberal stop-over privileges, final return limit May 31, 1922.

When you're ready, I'll gladly help you plan your trip and make your reservations.

H. L. ORMSBY,  
 Ticket Agent.

**WYOMING HOMESTEADS**

We are now actively engaged in locating home-seekers on desirable 640-acre grazing homesteads in central Wyoming. The earlier you go the better the choice. Our charges are extremely reasonable, considering the service rendered. Inquire.

**FARMS and RANCHES**  
 —We have several customers for good Box Butte farms and sandhill ranches. Submit full description and prices with terms on your property.

**ALLIANCE CITY PROPERTY**—Desirable renters want vacant houses or rooms. What have you? We have a few customers for snaps in city property.

Come to our office in the Reddish Block—Phone 20.
