Nebraska News Notes

GUARANTY FUND HAS \$2,346,470.93

LINCOLN—J. E. Hart, secretary of the department of trade and commerce, announced that there was \$2,346,470.93 in the state guaranty fund. This total, built up in the last two weeks from the previous total on hand of \$734,235.56, is the result of a special assessment of \$1,456,261.92, necessary because of the heavy drain of numerous bank failures, and the regular 1-20 of 1 per cent assessment on the average daily deposits, which amounted to \$109,394.63, and also certain adjustment funds. The average daily balance of deposits in state banks for the last six months, on which the assessments were made, was \$219,031,460.309. The number of banks assessed were 986.

BLOOMFIELD VOTES TO CONTINUE STRIKE

BLOOMFIELD—Bloomfield and community are still standing pat without telephone service. At a mass meeting held here it was voted unanimously to turn down the rates granted the company by the state railway commission and which became effective February 1, and a motion prevailed that patrons would not take the telephones back except at the rates that were in effect prior to April 1, 1921. The company was granted a 23 per cent raise by the railway commission, which became effective April 1, last year, and nearly 700 patrons went on a "strike", refusing to pay the raise and ordering their telephones out. Since that time almost without exception they have stood by their guns and the company now has but 70 subscribers, including those who failed to go out with the rest. The sentiment of the meeting was unanimous and there were at least 500 present. A move is now on foot for the organization of a mutual company.

WOMAN WINS DIVORCE IN SENSATIONAL CASE

NELIGH—Possibly the most sensational divorce case ever tried in the Antelope county district court was before District Judge W. V. Allen last week, Helen Payne suing Raymond A. Payne, both prominently known in Neligh and Elgin, on charges of non-support, cruelty and infatuation for other women. On account of the nature of the testimony, Judge Allen dismissed all persons under 21 years of age from the courtroom.

The court granted the divorce. The three-year-old child shall be in the care of his grandparents, Mr. and Mrs. P. W. Payne, for two days each month and the defendant is allowed to visit his son any time. Ten dollars per month alimony for support of the child was granted. The subject of permanent alimony was taken under advisement.

The plaintiff is a daughter of Mrs. D. L. Shenefield of this city, who secured a divorce from her husband more than a year ago.

FINES MORE THAN PAY DRY AGENTS' EXPENSES

OMAHA—Fines collected from liquor convictions in the last six months since he took office will more than pay for the cost of maintaining the prohibition department in Nebraska for a whole year, U. S. Rohrer, federal prohibition enforcement officer, announced Friday.

He enumerated \$6,000 collected in fines in federal court here; \$6,000 more in Lincoln and other districts in the state; \$6,000 in taxes paid to the internal revenue departments, and \$30,000 pending in forfeited bonds he expects to collect.

"Besides this we have dozens of cases pending on which we are sure of convictions and fines, but which have not been tried for want of a judge," said Rohrer.

He states it costs about \$30,000 annually to maintain his department.

BOY ACCIDENTALLY SHOT BY COMPANION

TECUMSEH—Norman Coffey, 10, son of Mr. and Mrs. Marion Coffey of this city, was accidentally shot by a

COUNTY STARTS FIGHT AGAINST GAMBLING

OSHKOSH—Sheriff Smith and deputies have begun a campaign in this county against punch boards, slot machines and other gambling devices. Everything of the nature in this city has been put out of business and similar action will be taken at Lewellen and Lisco.

SCOTTSBLUFF TO VOTE ON SCHOOL BOND ISSUE

SCOTTSBLUFF—The Scottsbluff board of education has called a special school bond election of \$300,000 for the purpose of building a new high school. At the same time the board began negotiations with William Frank for the purchase of 10 acres of land in the northwestern part of the city as a site for the proposed school. The election will be held in February. The voters have already approved bonds of \$125,000, but these will not be issued if the new bonds carry. Superintendent E. L. Rouse recently completed a tour of inspection that took him as far east as Cleveland when different types of schools were studied for the guidance of the board. The enrollment of the high school has doubled in four years and the school population in other grades has kept pace.

STATE SETTLES 11,000 ACCIDENT CLAIMS

LINCOLN—The courts of Nebraska were saved from 11,000 lawsuits in 1921 as a result of the state compensation law, according to the annual report of F. A. Kennedy, state labor commissioner. He states that the total accidents reported to his department for the year were 11,356 and 11,000 were paid without a dispute. Money paid to employees in 1921 for accidents amounted to \$620,333.17 in 1921, Kennedy says, against \$540,213.08 the previous year. Kennedy states that during the year he has placed 3,460 men on jobs and 267 women.
