Papke and Flynn Box at Roof Garden In Legion Bout

According to promoter, George Madsen, the second American Legion boxing match at the Roof Garden, April 21, should be a battle from start to finish, and there should not be a dull moment from start to finish. Joe (Wop) Flynn and young Billy Papke are both known far and wide as "tough babies," and of the rough and ready type of fighter. Both men have been in the fight game for a number of years, and have annexed an enviable record.

According to Promoter Madsen, Flynn knocked out Ad Wolgast, a short time before the Dutchman lost his title. Papke according to Madsen, knocked out the great Stanley Ketchel, after Ketchel lost his title.

Papke is well known to local fans, and is known as a hard hitting fighter. Flynn is built exactly the same way, and when the two get together the fur is sure to be flying.

Both mitten whippers have a sleep producer in either hand, and are not at all hesitant about using it.

This fight was to have been put on by the Denver American Legion, on April 12, but was called off in favor of Alliance because Flynn and Papke are both personal friends of Madsen.

From all indications this bout should draw a record crowd, and the crowd is in no great danger of being disappointed with the show.

The Semi-windup, between Florene and batting Jaeger is sure to go over good. Lloyd Dotson will meet Cowboy Wyland in what should be a good preliminary.

Dotson is husky and willing, and demonstrated that he could box, when he and O'Connor fought in a preliminary to the Roach-Hamilton bout. Wyland although over-matched when he fought Papke in the last show, has possibilities, and demonstrated that he had a punch when he rocked this old head at the game with several punches. O'Connor will probably be matched with some opponent, although this is not definitely settled.

Platte Valley Baseball League Has Difficulties

The proposed Platte Valley baseball league seems to be running into difficulties, the main trouble being that some of the towns believe that the two game a week schedule adopted is a little too strenuous, for a club of amateur players. Morrill has definitely backed out because of this, and Minatare, Bridgeport and Torrington, Wyo., are regarded as doubtful.

The towns which seem to be solidly in favor of entering are Scottsbluff, Bayard, Mitchell and Gering.

According to the rules of the new league there would be absolutely no salaries. This would undoubtedly simplify matters as otherwise the different towns would soon be raising each others ante, to alarming heights, as so often happens in races of this sort.

Coach Prince Will Remain Next Season

Coach Prince has announced that he will stay in Alliance another year, probably because he has high hopes of coaching a state championship football team in the season of '22. Coach Prince has had overtures from Hastings college, Chadron Normal, other colleges and innumerable high schools to come to these places to coach only, without any school work whatever. Mr. Prince, however, does not wish to leave school work and will not consider the positions as coach only.

During the three and one-half years that Mr. Prince has been here, he has coached two championship football teams out of three seasons, and has won the basketball championship once in four starts, never finishing lower than third place. In the basketball season of '19 his basketeers finished second in a close race, in '20 with an entirely green team he finished third. In '21 he was again forced to whip a green team into shape, having lost all his regulars the season before, and retaining only one letter man. Alliance again finished third, and was in the running until the end of the season as a strong bidder for the title. In '22 his team, with four veterans, easily won the championship of western Nebraska and was placed in class "A" at the state tournament. In both '21 and '22 Alliance took the cup at the Chadron Normal invitation tournament.

In football in the '19 season, the championship was annexed after a stormy season, and with a team on which there were but three letter men. In '20 the blue and white gridsters, while fairly well supplied with veterans, lost several games by close margins and ended third in the battle. In '21 the Alliance team took the championship, not losing a game during the season except Ansley, a non-conference team. This was the second game of the season, and the team was not in shape to cope with the veteran Ansley team.

In the two years of the track sport at Alliance, Coach Prince's hopes have finished third in each meet. The prospects for a winning team were never so bright as this spring, however, and it is likely that another cup will be annexed to the blue and white.

With a record such as this it is not surprising that Coach Prince is in demand and Alliance is very fortunate in keeping him for another year, as with present material, the titles in football, basketball, and track should be taken again next year.

Boxing Newcomers Showing Promise In Ring Circles

Luis Firpo, the Argentine pugilist, seems to be causing something of a sensation in the leather pushing circles, in spite of the fact that so far he has fought no one but has-beens or unknowns. Some good authorities, however, regard him as showing promise, and he may in time become a serious contender for heavyweight honors. Harry Foley, the Seattle baker, is another heavy sensation. The western fighter is knocking them dead and is already looming on the fistie

horizon as a comer. Tarzan Larkin, the lumberjack, is still another dark horse, so far showing little but gigantic promise and a colorform wallop. Who knows but what one of these three may be the next heavyweight champ, knocking even the great Jack Dempsey for a row of goals.

Western Nebraska Championship Trophy Arrives Tuesday

The western Nebraska basketball championship trophy, known as the Chappell cup has arrived and is now adorning the assembly of the high school. This cup was donated by a Chappell jeweler, E. L. Montgomery, and will become the property of any school that can win it three years in succession. Last year the cup was taken by Bayard, this being the year it was donated.

It is a large cup, about 18 inches high, and about 10 inches across the top. It is inscribed with the name of the donor, the purpose for which it was given and the names of the winners.

It is planned to display all the cups and other trophies which have been won by the local school in some store window in the near future and this will make a fairly sizable collection.

State Pentathlon Began Wednesday, April Twelfth

The pentathlon which began Wednesday should attract considerable attention throughout the state, as last year over forty teams were entered and it is probable that more will be entered this season. The pentathlon last year was won by Beatrice, as a team with Douglas Myers of Beatrice as winner of individual honors. Dailey and Garvin of Alliance placed sixteenth and seventeenth in the state in individual honors, respectively, although Alliance had no team entered. This year with Dailey, Garvin, Strong and Beal, Alliance should make a good showing as all of these men are exceptionally fast in some event, although none can be regarded as particularly good as all-around men.

Dailey will not be particularly good with the weights, although Garvin can make a creditable showing in any division. Strong while good in the 440-yard dash will not be able to make a brilliant showing in the jumps or weights. Beal is likely to be a rather poor jumper although he may make a fair broad jumper, with a little practice. Fowler can throw the javelin but do little else.

With these men Alliance should at least have a well balanced team for the meets, later in the season. The

marks, which if equalled would count 1,000 points in each event are as follows. They are divided into three groups, and any entrant must compete in at least one event in each group, and pick the other two, to make up the total of five from any group.

- Group 1. Running high jump, 5 feet 10 inches. Running broad jump, 21 feet, 2 1/2 inches. Pole Vault, 11 feet 8 inches.
- Group 2. Shot put, 12 pound, 45 feet 7 1/2 inches. Discus throw, 120 feet.
- Group 3. 120 yard high hurdles, 16 3-5 seconds. 220-yard dash, 22 2-5 seconds. 880-yard run, 2 minutes 3 2-5 seconds.

Eggs for hatching from the Farrar strain of laying and prize winning Buff Orpingtons, \$1.25 for 15, \$6 for 100. Mrs. J. A. Keegan, 35-1f

OPPORTUNITY

Being able to take advantage of a business opportunity leads to fame and fortune. Not being able to, means a continual struggle for existence and a humdrum life of worries and anxiety.

Successful men in all walks of life today lay the foundation of their success to the starting of a bank account—the laying aside a little each week or each day if possible, until one day when their opportunity arrived, they had to their credit a nice, tidy sum—a comfortable capital with which to start out on.

The welcome doors of opportunity swing open only to those who are prepared to enter. The golden stream of dollars comes only to those who know the combination of thrift and economy. Drop in and let's talk it over.

Why the \$10.90 USCO is better than just a \$10.90 tire

ON November 10, 1921, the 30 x 3 1/2 "Usco" was marked to sell for \$10.90.

This odd and closely figured price was the lowest quotation ever made on any tire of known standards.

A genuine pioneering step by the makers of U. S. Tires.

Now comes a lot of different \$10.90 tires being rushed into the market. "Special" tires. "New" treads.

Unfamiliar to look at—with perhaps an atmosphere of having been made to meet the price.

But the "Usco" still occupies a place by itself. A good old standby on millions of cars for years. Better than it ever was.

Still putting the emphasis on honest quality, even if it does sell for only ten dollars and ninety cents.

The \$10.90 tire with the record of a proven product.

The tire that people still buy for the dignity of its quality regardless of the low amount they pay.
