Juniors Won the Interclass Track Meet Friday

The Juniors won the interclass track meet Friday afternoon with a total of 50 points. The Sophomores pushed them close, with 47, 35 of which were scored by Garvin who won individual honors. Dailey was second in individual honors with 25 points, with Beal third, scoring 14. The records white not record-breaking were almost all good, and the showing made was decidedly favorable. The track was in bad shape and slowed down the men a good deal, the dirt being extremely loose.

Garvin pulled a surprise by beating Fowler, in the javelin throw, Fowler having formerly been easily scinner in this event. Dailey made the 100 yards in 10 3-5, which is good enough to place in almost any meet, although not Dailey's best, as he has hung up a mark this season of 10 seconds flat, this being made on the high school track which is in good shape.

Several high school records were broken, the mile, the half mile, the high hurdles, and the javelin. The poorest showing was made in the high jump which was taken with five feet one inch. Coach Prince says, however, that he will not be satisfied with the jumpers until they can do at least five feet three inches. This height should place in the western meet, unless some unusually good men have been developed. He also wants improvement in the mile, which while fair is not fast, the low hurdles, and the pole vault. Dailey last year vaulted much better than he has been going this year, and if he can again reach ten feet, he should at least place in the meet. The coach also believes that Dailey should be able to step the 220 in twenty-three seconds, from the time he has made in the hundred yard dash. The longer sprint has always been Dailey's stumbling block, but it is believed that with hard training he can greatly better his time.

Following are the records of the meet:

- The number after each name denotes the contestant's class.
- 100-yard dash—Dailey (3), Garvin (2); Beal (3); time 10 3-5 seconds.
- Pole vault—Dailey (3), Garvin (2), Fowler (4); 9 feet 6 inches.
- Mile run—Killian (2), Strong (3), Foley (2); 5 minutes 27 1-5 seconds.
- 120 yard high hurdles—Dailey (3), Garvin (2), Fowler (4); 18 4-5 seconds.
- High jump—Garvin (2), Bicknell (4), Eberly (1); 5 feet 1 inch.
- Half mile run—Beal (3), Killian (2), Irwin (2); 2 minutes, 15 seconds.
- Broad jump—Garvin (2), Dailey (3), English (3); 19 feet, 8 inches.
- 220-yard low hurdles—Dailey (3), O'Connor (4), Guszak (2); 25 3-5 seconds.
- Shot put—Garvin (2), Fowler (4), Bicknell (4); 36 feet, 6 inches.
- 220-yard dash—Dailey (3), Beal (3), Garvin (2); 24 1-5 seconds.
- Javelin throw—Garvin (2), Fowler (4), Strong (3); 135 feet, 7 inches.
- 440-yard run—Beal (3), Strong (3), Guszak (2); 59 4-5 seconds.
- Discus throw—Garvin (2), Bicknell (4), Fowler (4); 94 feet, 5 inches.

If you feel tired, worn out, nervous and all unstrung, take Tanlac. It will straighten you out. F. E. Holsten 43

Courts of Tennis Club Almost Ready for the Season's Play

The courts of the Alliance tennis club, west of the Ford garage, are now almost in shape to play, the main part of the backstops being erected, and the ground graded and rolled until it is in good shape. It will be necessary to sprinkle the court some yet unless a rain takes care of this. It was planned to finish the courts some time ago but rain and snow delayed the work.

The courts, of which there are two, are surrounded on three sides by a twelve and one half foot backstop, the fourth side being the wall of the Ford garage. It is believed that few balls will pass over this. A number of loads of dirt have been hauled in, and this has been graded, raked and rolled until it is already in fair shape. There will be twenty-two feet from the back of the court to the backstops, eleven feet from the side court line to the side fence, and six feet, between the courts. All the equipment, markers, nets, reels, etc., is already here, and little time will be wasted in finishing the construction.

Benches will be provided inside the inclosure for members waiting their turn to play. It is not believed, that with only eighteen members, there will be any crowding at the court.

Play on the court should be possible within the next few days, and when these are completed there is little doubt that these courts will be unequalled in western Nebraska.

Prince's Tracksters In Dual Meet With Bluffs Saturday

Coach Prince will take his trackmen to Scottsbluff Saturday for a dual meet with the Irrigators. The prospects for this meet do not seem to be very bright because of the fact that Garvin, high point man in the recent interclass meet will probably not compete. Garvin puts the shot, throws the discus, broad jumps, high jumps, throws the javelin, and runs the hundred and 220. He has thrown the discus 99 feet, run the hundred in ten and one-fifth, heaved the shot thirty eight feet, eight inches; thrown the javelin over 135 feet, broad jumped 19 feet, 8 inches, and made credited records in almost every other event he has entered. In the interclass meet he scored 35 points. The loss of this man will be a blow to the locals.

Dailey, Beal, Strong, Fowler and Killian will probably be well able to make a good showing, but the loss of Garvin deals a deadly blow to the local's prospects in the weights, as Garvin is the only man who can ever make a fair showing in this. Pickett, the lanky Irrigator weight man will almost undoubtedly take these events, and with Love, their star sprinter back in the field, Alliance will probably not be able to take second in the sprints, although with Dailey in the speed events the locals are practically certain of first. Dailey seems to have an almost unlimited amount of speed when pushed, having made the century dash in 10 seconds flat. He has stepped the 220 in 24 1-5 seconds, with Beal equalling this.

Alliance should take the 440, Beal having a mark of 56 1-5 second and Strong of 55 1-5 seconds. Beal should take the half mile, his best time being 2:08. Killian has run the mile in 5:08. This may take the mile from the Irrigators, although they may have a speedy miler. Pickett will probably hurl the Grecian platter far beyond what any of the locals except Garvin can equal. Dailey should take the pole vault and the broad jump, as he has broad jumped 19 feet, 8 inches. However, why speculate, as Saturday will tell the tale.

Commissioners Plan to Place Dunlop in Some Institution

W. A. Dunlop, a county charge, was cleared of a charge of insanity before the county insanity board today, the board holding that Dunlop's attack on Tom Langford, eighty-three years of age and also a county charge, was merely the result of religious fanaticism or a bad temper. Langford is reported as doing as well as could be expected, and it is believed that the sight in the eye gouged by Dunlop will be saved. Dunlop is still held in county jail pending the decision of the commissioners as to what to do with him. The commissioners have decided to put Dunlop in some private institution, the county to pay the expenses. They have directed Sheriff Miller to write and if possible make arrangements. Dunlop will remain at the sheriff's hotel until some definite arrangements are made.

Dunlop attacked Langford Wednesday of last week with an iron rod, punching his face full of holes, one of the blows nearly gouging out Langford's eye, and for a while it was feared that he would entirely lose the sight of this optic.

There is little likelihood that a criminal charge will be filed against Dunlop, as there is little disposition to do this because of his age and general physical and mental condition. Dunlop is partially paralyzed, having no use of his left side. His victim, Langford, is also a cripple, being twisted with rheumatism.

Dunlop attacked Langford presumably to save his soul, as he is said to have repeatedly warned Langford that he would never enter the celestial kingdom if he continued to smoke a pipe and chew tobacco. He had previously adopted such reformatory measures as opening the windows in bitter cold winter days, and snatching the old man's pipe from his mouth. This last Christian endeavor was evidently not taken in the spirit in which it was offered, as Dunlop was the recipient of a severe rebuff. This cooled his reformatory fervor for a short time but he was evidently unable to resist the call of the Lord and again tried to save his companion's soul, with more or less success, depending entirely on the viewpoint of the reformer and the reformed.

Eighty-Ninth Is Out for Recruits for Reserve Corps

OMAHA, Neb., April 25.—The chief of staff of the 89th division has announced that an active campaign for recruits for the reserve corps has been launched throughout the division area, comprising the states of South Dakota, Nebraska and Kansas. Recruiting officers have been designated in practically every county in the three states, and in addition every reserve officer has been instructed to interest as many former service men as possible.

The war department plan for summer training (contingent on appropriations by congress) call for at least 1,000 enlisted reservists from the Seventh corps area. One-third of these are to come from the states of South Dakota, Nebraska and Kansas. The proposed plans contemplate a 15-day training period at Fort Des Moines, Ia., from July 16 to 30 inclusive. This camp is to be conducted exclusively for members of the reserve corps, and is not to be confused with the citizens' military training camp to be held at Ft. Des Moines during the month of August.

At the present time only ex-noncommissioned officers and specialists are being enlisted. Enlistments are being secured from among persons eligible for enlistment in the regular army, of the following classes:

- Persons who served in the army, navy or marine corps for at least four months at some time between April 6, 1917, and November 11, 1918.
- Persons who at any time served for not less than one year in the regular army, navy or marine corps, or in the national guard in federal service.

The period of enlistment is three years except in the case of persons who served in the army, navy or marine corps at some time between April 6, 1917, and November 11, 1918, who if otherwise eligible, may be enlisted for one year, if they so prefer.

The opening up of enlistments in the reserve corps offers an opportunity to former service men, whose business affiliations do not allow them much time for military activities, to keep in touch with the service and do their part in building up and maintaining the scheme of national defense provided by the act of congress, June 4, 1920.

All former service men who are interested in the reserve forces are invited to make inquiry by letter to the Headquarters 89th Division, Army Building, Omaha, Neb.

Proof of the pudding is in the eating thereof. Thousands praise Tanlac. So will you. F. E. Holsten 43

OATS—No. 2 white, 35 1/2¢; No. 3 white, 34 1/2¢@35 1/2¢; No. 4 white, 34 1/2¢@35¢; Sample, white, 34¢.

THE LIVESTOCK MARKET

OMAHA, Neb., April 24.—CATTLE—Receipts, 9,000. Good to choice heaves, \$7.75@8.35; fair to good heaves \$7.15@7.75; common to fair heaves, \$6.50@7.10; good to choice yearlings, \$7.50@8.50; fair to good yearlings, \$7.10@7.50; common to fair yearlings, \$6.50@7.10; good to choice heifers, \$7.25@7.75; fair to good heifers, \$6.00@7.25; choice to prime cows, \$5.50@6.00; common to fair cows, \$3.00@4.50; good to choice feeders, \$7.25@7.50; fair to good feeders, \$6.50@7.25; common to fair feeders, \$5.75@6.50; good to choice stockers, \$7.25@7.50; fair to good stockers, \$6.75@7.25; common to fair stockers, \$6.00@6.75; stock heifers, \$4.50@6.00; stock cows, \$3.50@5.25; stock calves, \$5.50@6.00; veal calves, \$6.00@8.50; bulls, stags, etc., \$3.75@7.00.

HOGS—Receipts, 12,200 head. Trading was slow to start today, opening bids ruling fully 25c lower, the market developing later mostly 15¢ to 25c lower. Light hogs sold from \$10.00@10.10, the latter top price for the day, and mixed loads and butcher weights, \$9.65@10.00, and packing grades, \$9.25@9.75, with extreme heavies, \$9.00@9.25. Bulk of sales was \$9.75@10.00.

SHEEP—Receipts, 12,500. Supplies of fat lambs were liberal today and on good demand moved generally steady. Shippers supported the market buying some of the choice handy weights, paying top prices on clipped lambs of \$13.60. Woolled lambs sold from \$14.75@15.25, and clipped lambs mostly from \$13.00@13.50. Several loads of shearing lambs went out at \$13.75@14.75, quoted strong to 25c higher.

THE POTATO MARKET

OMAHA, Neb., April 24.—No. 1 Nebraska Early Ohio, per cwt., \$1.50@1.75.

OMAHA HAY MARKET

OMAHA, Neb., April 24.—HAY—Prairie: No. 1 upland, \$12.50@13.50; No. 2 upland, \$10.50@11.50; No. 3 upland, \$7.00@8.00. No. 1 midland, \$11.50@12.50; No. 2 midland, \$10.00@11.00; No. 3 midland, \$7.00@8.00. No. 1 lowland, \$8.00@10.00; No. 2 lowland, \$7.00@8.00. Alfalfa: Choice, \$21.00@23.00; No. 1, \$19.00@21.00; standard, \$15.00@17.00; No. 2, \$12.00@14.00; No. 3, \$10.00@11.00.

STRAW—Oats, \$8.00@9.00; wheat, \$7.00@8.00.

Radio Fans Will Have First Chance to Hear New Records

These have received word from the Knight-Campbell Music company of Denver that should interest radio fans in Alliance.

Every month, on the date that supplement Victor records are released, the broadcasting stations of the Winner Radio corporation and the Reynolds Radio company, located in Denver, will send out, through the air, the new Victor records.

The May Victor records will be demonstrated on Saturday, April 29. The Winner station, tuned at 325 meters, will give a demonstration at 8:15 p. m. on that date. The Reynolds station, tuned at 360 meters, at 3:30 p. m. Now that the radio fans know what the wave length is to be, they can be on the job when the demonstrations begin.

Alliance post No. 7 of the American Legion will hold its regular semi-monthly luncheon and business meeting at the Alliance hotel Palm Room tonight at 6:30. A large attendance is desired as a number of important matters are to be considered.

Business is doubtless sound, as the experts say, but the sound is a little mournful.—Richmond News-Leader.

Want Woman's Club District Meet for 1923 to Be Held in Alliance

Alliance business men were asked to lend their co-operation to the members of the Alliance Woman's club in securing the 1923 convention of the Sixth district, Nebraska state federation of woman's clubs.

Mrs. S. W. Thompson, a district officer, appeared at the Monday luncheon of the Alliance chamber of commerce and made the request for co-operation. She introduced the subject very cleverly, pointing out the readiness with which women volunteer their husbands and their husband's cars for visiting delegates, and how every husband roams that his wife selects the least attractive woman to accompany him.

There are eighty-eight clubs in the district. The last convention was attended by fifty visitors and ninety-nine delegates. The Alliance club is one of the best in the district, having a membership of 130. She told of the objects and accomplishments of the Alliance organization and asked the chamber of commerce for its interest and moral support. The members unanimously voted to extend all possible assistance.

PROSPECTS FOR RETAINING THE LAND OFFICE

(Continued from page 1)

States land office at Alliance, Nebraska, and the consolidation of the offices of register and receiver at Lincoln, Nebraska. You state that if the Alliance office is discontinued it will cause inconvenience to a great number of people in western Nebraska, and if the officials of the Lincoln office are consolidated and the Alliance office consolidated therewith that the extra work thus thrown upon the Lincoln office will cause much embarrassment. In reply you are advised that the pending department of interior appropriation bill, H. R. 10329, provides, under the heading "Registers and re-

ceivers, salaries and commissions," that with the exception of twenty-five local land offices therein specifically mentioned, including Lincoln, Nebraska, at which the officials are to be consolidated, plus the land offices at Eureka, Cal.; Burns, Ore.; Seattle, Spokane, and Vancouver, Wash., and where the land office shall be the only remaining land office in any state, "no money herein appropriated shall be expended for the maintenance of any land office other than as is provided in this paragraph, in a land district having public land area of less than one hundred thousand acres, or whose cost of maintenance shall exceed 33 1-3 per centum of the revenues of the office for the fiscal year ending June 30, 1921."

The following offices in Nebraska come under this provision of the bill: Fiscal year ending June 30, 1921.

Alliance—Vacant land on July 1, 11,950 acres. Cost of doing business, last fiscal year—Revenue, \$9,413.13; Expenses, \$6,363.66, including clerk hire, incidental expenses, etc.; Ratio, 67.6 per cent.

Broken Bow—Vacant land on July 1, 1921—11,592 acres. Revenue, \$6,929.46; Expenses, \$5,746.12, including rental of quarters, clerk hire, incidental expenses, etc.; Ratio, 53.9 per cent.

It will be noted that the Alliance office cannot be maintained after June 30, 1922, since no money will be available for that purpose. The same is true of Broken Bow. Neither of the offices can be maintained after that date, nor can they be consolidated now so as to save one of them, since under the specific provisions of the bill we would have to discontinue them at the close of business on June 30, 1922. Respectfully,

(Signed) E. C. FINNEY, Acting Secretary.

Wet wash calls received before 3:30 will be returned by 2 p. m. 20 lbs. for \$1. Alliance Steam Laundry. 38-ft
