Snake Creek Beats Ash Grove, 31 to 8 Sunday Afternoon

Snake Creek defeated Ash Grove 31 to 8 Sunday and maintained its clutch on the leader's position in the Box Butte county league. A large crowd attended the game in spite of the adverse weather conditions. Snake Creek pounded out three home runs. Swanson pitched a good game, letting the Ash Grove willow-wielders down with six hits. That he was somewhat wild, however, is shown by the fact that he passed three men when hit by a pitched ball. The box score:

Snake Creek and Berea Teams Lead In County League

Fairview defeated Pleasant Hill 35 to 18 Sunday before a crowd of 200 people. The game opened with both teams putting across six runs in the first inning. Pleasant Hill then followed with two runs to Fairview's two in the second, and led 8 to 9. From then on it was all Fairview, Pleasant Hill getting a number of runs but being unable to keep pace with their hard-hitting opponents. Fairview scored in every inning, while the Pleasant Hill team was unable to cross the plate in only one inning, the eighth.

Marple forfeited to Berea. The official score of this will be 9 to 0. It is reported that a number of the Marple players are sick and were unable to come. Berea took on the Alliance team in a practice game as a substitute.

The Red Sox lost to Lawn in what was the surprise game of the day. The score of this battle was 13 to 8. This was by far the best game of the day. The Red Sox, picked as winners were unable to come up to expectations and took the short end of the score. This game was at Lawn.

The Snake Creek team continued its winning streak by walloping Ash Grove, 31 to 8. This leaves Snake Creek and Berea tied for first place, each with three wins and no defeats. These two teams will meet next Sunday to scrap for the leading place. The standing of the teams is:

| Team | W | L | Pct. |
|---------------|---|---|------|
| Berea | 3 | 0 | 1000 |
| Snake Creek | 3 | 0 | 1000 |
| Lawn | 2 | 1 | 666 |
| Ash Grove | 1 | 3 | 333 |
| Fairview | 1 | 2 | 333 |
| Marple | 1 | 2 | 333 |
| Red Sox | 1 | 2 | 333 |

Carpentier And Jack Dempsey May Battle Once Again

A touch of real humor comes from old England, Georges Carpentier and Jack Dempsey are to fight again. Since Ted Lewis' defeat by Carpentier, a match is being built up between the heavyweight champ of Europe and Dempsey. "Built up" is the only way of describing it, as the interest of the public will be once more obtained by the art of press-agenting with which Jack Kearns, Dempsey's manager, is evidently such an adept. Kearns, in a statement to the newspapers says that Carp looks bigger and stronger now than when he fought Dempsey last July. How peculiar, when Carp is nearly thirty for him to suddenly attain such remarkable growth and development.

Let us come to America to show the ridiculousness of this stunt. Jack Britton, the venerable welterweight champ, knocked out this much touted Ted Lewis, and the welter king was never accused of having a punch. Lewis is a middleweight at that. Now Carp knocked Jack Britton for a row of ash cans. This by no stretch of imagination would entitle him to a bout with Dempsey. And Britton is by far a better man than Lewis. Benny Leonard, our great little lightweight champ, could probably give twenty pounds to Lewis, and knock his roof off. Presumably then, Leonard would be in direct line for a bout with Dempsey. However, if any promoter thinks that he could unco the public into paying good cash to see the Frenchman again kiss the canvas, let 'em fight. They would probably tax the capacity of the largest arena, again proving that Barnum was eminently correct.

Many Records Are Broken in the State Track Meet

Alliance high school, with 10 points, placed eighth in an entry list of 19 points at the annual high school track meet. Alliance was in group 2. The records made in this group were much better as a whole than those in either of the other two. Beal of Alliance gathered six points for his team when he took second in the 140 and 280-yard dashes. In each of these the blue and white speedster finished about a foot to the rear of the winner. In the half mile Beal pushed Nightingale, the star Broken Bow distance man hard, the time in this race being 2:05 1-5. In the 140 Hein the crack Wilber sprinter was forced to a pace of 54 2-5 to beat Beal by a few inches. Dailey, Alliance sprinter made a poor showing, taking third in the 100 and 220-yard dashes. Dailey has several times run the 100 in 10 1-5, and set a new record in the western Nebraska meet when he stepped the 220 in 22 3-5. Hein of Wilber who beat him at the state meet was clocked in 24 flat. Strong, half mile and 440 man, failed to place, and Killian, Alliance miler was unable to finish. The great change in altitude seemed to bother the Alliance men, and cut down their speed to a great extent. Rhodes of Ansley, who set a new state record in the pole vault last year when he cleared the bar at 11 feet 8 inches, was defeated in this event by Lingle, Morrill star, who went over at 11 feet. Lingle is reported to have vaulted 11 feet 9 inches in an attempt at a state record only to have the crossbar blown off by the wind before he reached the ground. Predictions before the meet were that Rhodes would have little if any competition in his event, but this was evidently wrong. Rhodes, however, made two new records, high jumping six feet and broadjumping 21 feet 10 1/4 inches. He now holds three Nebraska records, being the only man that holds more than one. He is superior in a new record in the high hurdles when cleared in 16 1-5. This is two-fifths of a second faster than the old record. Timm of Osceola held the record for about ten minutes, running his heat in 16 2-5, a short time before Wier made his record. Frank of Tobias sprung the surprise of the day when he defeated DeMaranville, Aurora miler. Frank set a new record of 4 minutes, 51 1-5 seconds. The old record was 4:42. DeMaranville, who won both the mile and the half mile at the meet last year, was looked upon as a certain winner. This year he entered only in the mile in order to set a new record, only to have an unknown snatch the laurels. Two of the new records, the mile and the high jump, seem destined to stand by some time. Either is good for a college record. The height of Rhodes high jump may be realized, when it is considered that a man of average height could easily walk underneath the bar.

The opening baseball game of the season, with Minatare here on Sunday, May 21, should be a fast one if dope stands for anything. Minatare has always been a baseball town and they are reported to have a faster aggregation this year than ever before. Alliance undoubtedly has one of the speediest bunches of willow wielders that ever represented the town. A number of the players are good enough for professional baseball, and the Alliance team will compare favorably with any team in the Nebraska state league. The game Sunday will be at the fair grounds, and it should draw a bigger crowd than ever attended a baseball game in Alliance.

Tennis Tournament at High School Will Start Friday

The high school tennis tournament will begin Friday, May 19, according to present plans. A larger number is expected to enter than has ever entered a tournament before, and the competition will undoubtedly be closer. Both last year's single and double champs will enter, Frank Dailey in the former, and Robert Bicknell and James Fowler in the latter. The doubles champs at least, should have little difficulty in retaining their title. The drawings for the tournament will be held Wednesday, although play will not begin until Friday. The racquet wielders are already limbering up, and some have been practicing for some time.

which are you

home-owner or rent-payer

The home owner can truly snap his finger at care, while the rent payer carries on his shoulders the yoke of servitude—a slave to his landlord.

The illustration might well read, "Which WILL you BE?" for the building situation is daily opening the eyes of hundreds of rent payers—the fact it costs no more to buy your own home (at the low cost of material and labor today) than your rent costs. And it's YOUR OWN HOME.

Let us prove to you the true economy of owning your home.
