JOB WORK

Twenty-fixe years ago we were 30,000 .-000 of people; now we are nearly 60,000,-000. Then we had 141 cities and towns of over 8,000 inhabitsnts; now we have 286 of such cities and towns. Then the total population of our cities was 5,000,-000; now it is about 12,000,000.

Col Gilder indignantly denies the report that his expedition to the north pole has been abandoned. He returned to New York in person to attend to some business matters, leaving his assistant in the Hudson Bay country to perfect arrangements for another forward movement towards the pole. The Col, is enthusiastic and says that he is confident that his plans will succeed, and that he will

ulternately reach the north pole. Figures are wonderful things. Here is a sample of what can be done with them: By placing one grain of corn on the first square of a chess board, doubling the number for each succeeding square, the quantity of corn required for the whole board of sixty-four squares would ffll 1,844,375 barns, each holding 1,000,000 bushels of 100,000 grains each, in round numbers. If the United States grows 1,800,000,000 bushels each year, it would require a little over 550 years to make enough.-Baltimore Methodist.

Something of the cost of putting the Detroit Club in the field and carrying it through last year is shown by the follow ing figures: Cost of the big four, \$7,000; one of the few persons who keep faith in \$3,000, expenses in getting them, \$1,000; it had a debt of \$21,000, but this was paid A scare has in among the porrett citi- off before the middle of the season.
