SOME FOREIGN CROP FIGURES. Reports from European Agents of the Agricultural Department. WASHINGTON, Jan. 17.—Crops statistics of foreign countries for the past year are given in a report issued by the agricultural department. In European Russia the estimated output for 1894 is as follows: Rye, 821,534,904 bushels; wheat, 282,042,040; oats, 657,876,308.

Reports from European agents of the department show that there is more hopeful feeling in the grain markets of England and that the farmers there are expecting better prices. In southern England great floods have over-run large expanses of arable land and have limited somewhat the area intended to be devoted to winter wheat. The development of winter seedlings of crops in France is rapid and the condition of next year's crop is generally reported as highly favorable.

ADVICES FROM THE ORIENT. Chinese Commanders at the Fall of Port Arthur Condemned to Death. WASHINGTON, B. C., Jan. 17.—The following dispatches from the Orient have been received by the steamer Empress of Japan. The situation in Peking is growing more complicated since the arrival of Viceroy Li Kun Yih. Li Hung Chang's greatest enemy, and head of the Hunan faction. The first evidence of Li Kun Yih is the issuing of a decree condemning Admirals Ting Kung and Tao Tai to death and all other officers in command of divisions yet alive who showed cowardice before and during the battle. By this sweeping decree none of the generals or admirals escape. The decree states that as they are responsible for the necessary fall of Port Arthur, the death must be the penalty. The board of punishment will publicly disgrace the commanders before execution.

Stockholders Must Pay Up. SIOUX CITY, Jan. 17.—Receiver Tompkins of the Union Stock Yards Bank, which failed two years ago, asked and received from the district court authority to sue the stockholders of the bank for 75 per cent of their holdings to pay the deficit in settling claims against the institution. The assets of the bank, he finds, will not pay over 33 per cent of claims, which amount to \$167,000. The suits will be brought under the Iowa statute, making stockholders liable for twice the amount of their stock. The bank had \$300,000 of stock, and the stockholders will lose this and, in addition, have to pay the 75 per cent assessment.

FOR A DOUBLE MURDER. Cumberland's Day of Execution Fixed by Governor Jackson. TO HANG ON FEBRUARY 8. Receiver Tompkins Takes Advantage of an Iowa Statute to Raise Money—Des Moines River Land Claims—Horses For Dogs' Food.

DES MOINES, Jan. 17.—Governor Jackson signed the warrant for the execution of the death sentence upon J. K. Cumberland, who was convicted of murder in Shelby county, Iowa, in 1891. He killed two men and buried their bodies, the crime not being discovered for several months. Cumberland had fled from the scene and was afterward arrested in Missouri, whereupon he confessed and was sentenced to be hanged Feb. 10, 1893. A stay of execution was had by appeal to the supreme court. The decision of the lower court being affirmed in May, 1894, a petition for rehearing was filed, which was overruled by the supreme court last October.

The governor now fixes the date of execution at Feb. 8, 1895, at the penitentiary at Fort Madison. Some time last month Governor Jackson received an anonymous letter from Missouri, where Cumberland's family resides, telling him he had better look up the record of Cumberland in Kansas. He did so, and received papers from Governor Lewelling, in a case where Cumberland was previously convicted and sentenced to be hanged for the murder of his son, early in 1880. He was afterward pardoned by Governor Martin of Kansas on the recommendation of the board of pardons, on the grounds of insufficient evidence. This matter was brought out in the Iowa trial.

BROOKLYN STRIKE PARTLY SETTLED. Strikers on the DeKalb Street Line Have Gained a Victory. BROOKLYN, Jan. 17.—The trolley cars on the DeKalb avenue line are all running on schedule time today, a compromise having been reached between the company and strikers early today. The number of men on this line is about 400. The Fifth avenue line of the Atlantic Avenue road and the Court street and Flatbush avenue lines of the Brooklyn Heights company are running a limited number. The request of President Lewis, of the Brooklyn Heights company, for a detail of officers to assist him in opening up the Flatbush avenue system and the Halsey line was denied by the superintendent of police.

Practically the men of the DeKalb street line have gained a victory, as only one point on which they maintained any kind of a stand is the 10-hour working day rule, which the company conceded. The opening of this line is much help toward relieving the congested state of the city, and many Brooklynites who have been walking long distances morning and night can now ride to Brooklyn bridge. The condition of the Atlantic avenue and the Brooklyn Heights company remains about the same. Six thousand men are still out, and the two most powerful of the railroad corporations remain obstinate. The state board of arbitration is making every effort to terminate the strike in a compromise, and the men propose to submit it to any fair ruling which the companies propose.

FOUR RAILROAD MEN DROPPED. Election of Directors of the Union Stock Yards Company Forwards a Surprise. CHICAGO, Jan. 17.—The election of directors of the Union Stock Yards and Transit company was productive of results that were surprising to business men at the stockyards. It resulted in the retirement from the directorate of four railroad men. There was no successor to John Newell nor to R. H. Cable and Marvin Henditt and G. J. Harris were dropped. The directorate was cut from 11 to seven and representatives of the packing interests of Messrs. Armour, Swift, the New Jersey syndicate which purchased the yards some years ago, and John J. Mitchell, representing western holders of stock. E. J. Martyn represents Mr. Armour, A. J. Wacker represents the New Jersey syndicate. The other members of the new board are N. Thayer of Boston, who owns much of the company's bonds; J. B. Sherman and his brother-in-law James H. Ashby, superintendent of the yards. The election of officers was postponed for some days, Mr. Sherman not being able, on account of sickness, to attend.

WRIT OF ERROR DENIED DEBS. Granted Leave, However, to File Application For Habeas Corpus. WASHINGTON, Jan. 17.—The supreme court of the United States today denied the petition of Eugene V. Debs et al., participants in the big split, for a writ of error. Chief Justice Fuller delivered the opinion and said it was the unanimous opinion of the court that the writ would not lie. With reference to the application for habeas corpus, leave was granted to file a petition and a rule entered making it returnable on the 28th inst. There was no written opinion and the proceedings were confined to the briefest possible statement.

Attorney Darrow was present as counsel for Debs and his associates and Assistant Attorney General Whitney represented the government. Mr. Darrow construed the order with reference to the habeas corpus as in effect the granting of the petition, but other attorneys present expressed the opinion that the order left the matter in its present status until the argument can be heard on January 28.

Paul Jones at Vancouver. VANCOUVER, B. C., Jan. 17.—Paul Jones, the "round-the-world" tramp who started without a cent on a wager that he would return to Boston with \$5,000 within 12 weeks, arrived on the Empress of Japan with \$4,700 of the needed sum and four months in which to complete his trip. He has gone on to Seattle and from there will proceed to San Francisco, where he intends to deliver lectures.
