Write T. P. Gordon, St. Joseph, Mo., for prices on all kinds of Grain and ship him your Live Stock.

NOTICE OF CONDEMNATION. To Peter Burke, A. E. Brown, executor of the estate of Benjamin Hershey, deceased, and the known heirs of the said Benjamin Hershey, deceased, and Anna M. Howland, James Jagger, John L. Way, Nicholas, Henry C. Hill, Joseph, Jr., Ed. Nichols, Herbert Nichols, the unknown heirs at law of Ed. Nichols, Jr., deceased, Mary K. Nichols, H. L. Williams, C. P. Phelps, John Bratt, The Union Pacific Railway Company, S. H. B. Clark, Oliver W. Monk, Edward Anderson, John W. Doune and Frederick R. Conder, Receivers of the National Bank, 2110th Street, Lincoln, Nebraska, the North Platte National Bank, receiver of The North Platte National Bank, and all unknown owners of and parties interested in any of the lands herein below described:

FOR RENT. After March 1st, the HOSFORD FARM in Plant Precinct, 480 acres under fence, 100 houses, good buildings, two wells and mills. Commands every range and is excellent place for stock.

Advertisement for Pillsbury's Best Flour, featuring an image of a woman and child, and text: 'ECONOMY IS WEALTH' HARRINGTON & TOBIN, SOLE AGENTS FOR Pillsbury's Best Flour. GROCERIES, FEED, SEED, HAY, ALFALFA, SEED POTATOES AND SEED OATS. We Solicit Your Trade.'

For information regarding the Great Irrigation Belt of Lincoln Co., write the Lincoln Co. Immigration Association, North Platte, Nebraska.

MINOR MENTION.

Indications point to a large attendance at the Kirmess this evening. The past few nights have tested the quality of the plumbing in this city. F. M. Heck has moved his family into the rooms over his meat market. The remains of the late Jack Ryan were shipped to South Omaha Friday night for interment.

Receiver Doolittle arrived in town Saturday morning and at once began checking up business at the North Platte National Bank. Mr. Doolittle is a pleasant gentleman, but THE TRIBUNE trusts his services will not be long needed by the above institution.

Profiting by the hint given the sheet some time previously in regard to the art preservative, the Era last week managed to print a very creditable picture of the big irrigation flume west of this city.

The various sheriffs of the state have had a bill introduced in the Nebraska legislature extending the term of their office to four years. Two years at a time is sufficiently long for a county to be afflicted with a poor officer. The measure will no doubt fail of adoption.

That there is a great deal of bogus coin floating in this city is evidenced by the fact that the writer had passed upon him a queer quarter. The editor of the Telegraph has what purports to be a silver dollar, which, like the poor, will always be with him. Verily these are hard lines for humble newspaper men.

More relief continues to arrive daily, and the express companies appear to be more charitable than do the various freight lines, as a rule their shipments coming "D. H." One barrel received by a party here had been sent around via Kansas City and had several dollars charges thereon, which was promptly remitted by the company as soon as it was notified.

Many North Platte people find serious objection to the scabby appearance of the potatoes grown in this section. A writer in an old established eastern horticultural publication says potato scab may be prevented by soaking the seed from one hour to one hour and one-half in a solution of corrosive sublimate consisting of one ounce of this chemical to eight gallons of water. If this is an efficacious remedy it is a very cheap one, and well worth a trial.

The best and cheapest boots and shoes, every pair warranted, at the Boston Store. Maude Dillon entertained a number of her young friends at a birthday party Saturday afternoon. Dentist Penn, who has his office with Dr. Eves, will be in the city Feb. 7th and 8th. All work guaranteed.

A street fakir was combating the elements yesterday by trying to retain an audience. It required considerable cold nerve to do so. Sheriff Miller failed to find one of the jurors drawn for the next term of the District court, Frank Gadka, who has moved to Cleveland, O.

A private masquerade ball is being arranged for at the opera house for next Friday evening under the management of P. H. Longergan. Another car of relief goods was received here this morning. While mentioning this we note that our postmaster has been selected by some charitable person as a disbursing agent, and has received a small stock of supplies.

Peter Carlsson, Emil Peterson, W. W. Scott, C. K. Martini, John Starritt, Jno. Kramel and Mrs. R. H. Willerton, were among the names added to THE TRIBUNE list week. New subscribers have averaged one per day since Jan'y 1st.

Dusty VanDoran is now going around with an arm in a sling, the result of recently fracturing his collar-bone upon a merry-go-round of his own manufacture. This is the second time he has had his clavicle broken. Better look a leedle on "Dusty," or the next time it may be your neck.

The bonds of the South Side Irrigation and Canal Co., were received this morning from the state auditor's office, after having been duly registered. The election was held on the 7th inst, the bonds were advertised in an Omaha publication for two weeks, and they were registered on the 21st. This is very prompt work.

Eastern people who have been reading sorrowful tales of short feed and destitution in this part of Nebraska would be surprised to walk into some of our meat markets and gaze upon the fat quarters of the animals that have "rustled" all winter without a mouthful of grain, and have fattened upon the nutritious buffalo grass.

Some of these days some traveling genius who has knowledge of North Platte's fondness for secret societies will strike the town with a scheme for forming a Society for Telling the Truth, and he will get numbers at so much per head. Right here is a good place to say that we know a number of men who would be ineligible to membership in such an organization.

Treason! Treason to Colonel Cody! A fellow way down in Yankeeland has mailed the secretary of the Lincoln county agricultural society a proposition to bring his "Wild East" and exhibit it at our next county fair. This proposed invasion of the domain of our own and only "Buffalo Bill" should be treated with the most supreme contempt.

Don't fail to attend the great sale now in progress at the Boston Store. At the regular annual meeting last Saturday of the Lincoln County Agricultural Society, the following officers were elected for the ensuing year: President, Chas. F. Idings; vice-president, Chas. E. Osgood; treasurer, Lester Eells; secretary, James B. McDonald; directors for three years, J. R. Bangs, John Keith and Isaac Dillon. Now let these gentlemen take hold and give us a model exhibition of a county fair. With the advancement made the past few months in irrigation interests there need not be much fear but that a fine agricultural display can be secured, if the effort is made. Secure your attractions early, gentlemen, and keep a list of them before the people.

SOMETHING IN SILVER. Always makes a pretty and useful present. We have a nice line of Hair Pins, Side Combs, Collarettes, Muff Holders, Emery Balls, Spool Holders, Hat Marks, Coat Hangers, Slipper Buckles, Garters, Key Rings, Match Boxes, etc. When you need any little token you can surely find it at our store. CLINTON, THE JEWELER.

Before buying your dry goods and shoes call at the Boston Store. Jos. Schatz has been quite sick for several days past, but is now improving. When old Sol begins to quit work after 6 p. m. he has quite a perceptible effect upon the weather. Geo. C. Stoddard has this week been engaged in straightening up the records in Butler Buchanan's abstract office.

John Quinn has now taken a position as deliveryman for Harrington & Tobin. He was one of the victims of U. P. retrenchment. There is talk of getting up a local dramatic performance in which Bison William will figure as the star. Why not present "The Prairie Waif"? Sheriff Miller started for the insane hospital this morning with Allen G. McNeil, the commission having pronounced him a subject for treatment.

County Attorney Beeler will occupy his office the rooms formerly used by the late Judge Church. Mr. Beeler will move his family over from Wallace shortly. Miles McGlone yesterday accidentally put his hand through one of the large glass in a door in the McDonald block. His hand was very severely cut thereby.

If the county commissioners have any doubt as to the sincerity and good faith of THE TRIBUNE's bid for the county publishing let them accept its proposition. The most reliable goods for the least money at the Boston Store. It is said that a lodge of the Junior Order United American Mechanics was instituted in this city Saturday night. This makes the eighty-third society in North Platte.

Lost on or about the 8th of January, on the streets of the city, a copy of "Samantha at the World's Fair," enclosed in original package. Finder will please leave same at this office. W. L. Park had a well written irrigation article in Sunday's World-Herald, which in a measure will offset the injury done to this locality by that paper's harrowing tales of general destitution.

The senate committee upon irrigation has reported favorably upon senate file No. 50, Senator Akers' irrigation bill, and it will probably pass without any material changes. It is a modification of the Wright law of California. It is said that H. W. Allwine is now located in Omaha and engaged in dental practice. Like the others of those who have gone he is slowly drifting toward North Platte, and will be with us ere the leaves fade and fall again.

Messrs. Beeler, Buchanan and Orr discussed the question of "what shall we do to be saved?" last night in the county treasurer's office. The preliminary ground work of next fall's campaign was mapped out, after the wasting of much that passes for brain tissue. W. A. Penn, dentist, will be at his office in this city February 7th and 8th.

The Nebraska House dining room will be ready for occupancy about day after tomorrow. The room has been very much enlarged and handsomely papered and re-painted and presents a very neat appearance. It is the second largest dining room in the city, being surpassed only by the U. P. hotel. Owing to increased freight rate to eastern points the shipments of hay have fallen off considerably lately. Hay is now selling at \$7.50 per ton on the track, 50 cents less than early in the fall. Should the coming two months prove wintry it is likely hay will advance in price. Harrington & Tobin have 300 tons under cover in this city.

There seems to have been a clerical error in the pension papers received by J. J. Wilson last week, as the allowance, which has been \$12 per month since 1892, was not raised, though it would seem such was the intention of the pension department. Mr. Wilson's injuries are such as to entitle him to a pension of \$30 per month. Every Body Likes Them. They are the best—that is the remarks made by all that buy their Shoes of Richards Bros. Words of praise are heard on every hand, and there is no question that the people that read and keep posted fully appreciate a good thing when they see it.

500 acres of land under the Farmers and Merchants' ditch, only one mile from town, suitable for garden farming, beet raising and like purposes. A plot of the land can be seen at Otten's shoe store. For prices and other particulars inquire of D. W. BAKER, North Platte, Neb.

For Sale :::: DITCH :: FARMs! One-half mile from North Platte. We will sell you a farm of any size you may desire. PRICE \$15.00 TO \$25.00 PER ACRE. Terms to suit the purchaser. FRENCH & BALDWIN.

When Buying Minneapolis FLOUR Why not get the BEST? Washburn's Superlative Has no superior—no equal. It is the result of studied improvement in milling machinery—the product of the hard, excellent wheat of the north. If you are not using the Washburn Flour, try it. It is sold by JOHN HERROD, - - - SOLE AGENT. GEO. W. DILLARD, PROPRIETOR OF THE PIONEER COAL YARDS. Anthracite and Bituminous Coal Always on hand. Your patronage respectfully solicited. Orders for coal left at Douglass' Drug Store on Spruce street will be promptly filled.

PURELY PERSONAL. J. S. Hoagland went west on No. 7 yesterday morning. John Bratt was in Omaha the latter part of last week. Isaac Dillon made a business trip to Sutherland to-day. Lester Eells returned Sunday from a business trip to Omaha. Guy Laing left Sunday morning for a business trip to his Cheyenne ranch. D. H. Eavey, of Brady Island, transacted business in North Platte to-day. Robert Sherwood leaves to-morrow morning for his home in Plattsmouth. P. H. McEvoy is visiting his brother "Ted" up in Keith county this week. Myron Ware, an Omaha locomotive engineer is visiting with Mr. and Mrs. N. E. Olds. Mrs. Chas. A. McDonald left yesterday morning for her former home at Fostoria, Ohio. C. F. Salisbury and wife, of Gandy, left on train No. 2 this morning for Pine Bluffs, Ark. W. H. McDonald went to Omaha yesterday morning accompanying that far Mrs. Harriet McDonald. Ira D. Nichols was in the city yesterday. It is said that he is contemplating removing to Florida. Mrs. G. W. Finn returned from St. Joe, Mo., where she was called ten days before by the illness of her brother. Mr. and Mrs. Wm. Simons departed the city Monday, the former going to Seattle and the latter to visit her parents at Brackinridge, Col. SCHOOL BOY OBJECTS. EDITOR TRIBUNE.—I notice that ignoramus who quits the functions of editor of the Era throws slurs at the high school cadets in registering his disapproval of that organization. It only tends to further reveal to the public the ignorance of the small individual who edits that so-called paper. He forgets, or else does not know, that military discipline is a science, and that it is taught in the highest institutions of learning; he forgets that it also tends to develop the muscles and makes the boys more vigorous while in the school room pursuing their studies. Again, he has little knowledge as to what is taught in the high school room; not knowing that thirty minutes of each-day is devoted to the same exercises as taught by the instructors of the cadets. SCHOOL BOY. HOMESEEEKERS' EXCURSION. On February 12, 1895, the Union Pacific will sell tickets from Nebraska and Kansas points to all points in Kansas, Nebraska, Wyoming, Colorado, Utah and Idaho, at rate of one fare for the round trip, plus \$2.00. Tickets good 20 days. Stop-overs allowed. See your nearest Union Pacific agent. E. DICKINSON, E. L. LOMAX, Gen'l Manager, G. P. & Tkt. Agt. SUTHERLAND NEWS. David Hunter was a county seat visitor Saturday. Elmer Cotes was on the sick list the latter part of the week. Chas. Richards is filling his ice house with fine ice cut from the river near the Stone ranch. The Methodists have engaged the school house and from now on will hold their services there. Wether a Methodist Sunday school will be organized is now one of the leading topics. John Keith was on our streets Thursday and as Jerry as ever. Jas. R. White has returned from his trip to Illinois. Geo. Emerson of the Emerson Seed Company spent last week in this vicinity looking after the company's landed interests. The prospects are that he will build in Sutherland and make this his permanent residence. J. W. Ellingham of the hub was on our streets Monday rustling up business. And still republicans keep coming; the last one reported is at the residence of C. B. McKinstry—mother and child doing well. Dr. McCabe was called from North Platte Sunday to attend Mrs. Neilson who has been on the sick list for some time; also a little child of Dudley Miller and W. M. Hoiby's youngest boy. The Doctor seems to be having a good run of business from this locality. The Sutherland Cemetery Association has purchased the northeast corner lot in Clarkson's addition to Sutherland and the same is expected to be laid out soon. Some little kicking is being done because the lot is so close to town but it is said the purchasing committee spent several days looking for a more suitable location and could not find any one who would sell grounds, so it seems to have been that location or none. We certainly cannot get along without a cemetery much longer. G. W. Applegate has purchased the Knoles lot in the east part of town and dame rumor says a new house may be built there in the near future. Mrs. Humphreys and Mrs. John Franzen, living southwest of town, have been quite sick the past week. David Hunter has been canvassing for water rights on the new ditch and states that over fifty contracts have already been made out. This is a good showing. It proves that the ditch is a good thing, also that our people know a good thing when they see it. Mrs. M. E. Shoup is having a large cave dug on her lot and will soon be fixed for storing vegetables in the winter and hiding from black clouds in the summer. She is also preparing to run a fence around her property and will have about the neatest place in town. CITIZEN.
