MINOR MENTION.

—Syl Friend expects to put his
sprinkler on the streets next week.
It has been re-painted in gorgeous
style.

work, also metal and vulcanite
plates.

district irrigation bill, and as it
passed with the emergency clause,
it is now a law.

invoice of potted plants from Den-
ver Wednesday, which he has
placed in his green house.

—For sale, a six-room house on
Fifth street just east of the brick
school house. For price and terms
apply to Mrs. F. Barraclough.

—Appraisal of certain lands
along the South Side ditch, on
which condemnation proceedings
are pending, are being made to-day.

—Dr. Butt, who will open an
office in McDonald's block, does
first-class dentistry in all its
branches.

—Miss Mina Mills, who has been
teaching the Chapin school the past
term, left Wednesday morning for
Fennville, Mich., where she will
pass the summer.

—The young men of the Y. M. C.
A. will hold their services Sunday
at the M. E. church, at 4:15 p. m.
Rev. Irwin will address the meet-
ing on the subject "The Model
Mayor." Both ladies and gentle-
men invited.

North Platte about April 15th.

give a sociable at Unitarian hall on
April 17th. There will be dancing
from 10 to 12 o'clock. Admission
ten cents; dance tickets twenty-five
cents. Refreshments will be served.
The public is cordially invited.

—Mr. and Mrs. Chas. Hendy
were given a surprise party Wed-
nesday evening by eight or ten
couples of their near neighbors.
The affair was in favor of Mrs.
Hendy's birthday and proved a very
pleasant occasion to all present.

—The Model Clothing House has
contracted for a large space in our
advertising columns, and beginning
next week will have something to
say to purchasers of clothing that
will prove profitable reading.
Watch for the announcement next
week.

—A gentleman representing a
Minneapolis synaicate, was here a
few days ago looking over our ir-
rigated lands with a view of invest-
ing. Our complete system of ir-
rigation is attracting the attention
of capitalists in many of the large
cities.

—A young child of Mr. and Mrs.
Joseph Donegan was seriously
burned Wednesday by its clothes
igniting from grass burning in the
yard. The greater part of the
clothing on the little one was
burned before the flames were ex-
tinguished.

—The average rainfall for the
month of April for the past twenty
years has been 2.18 inches. April,
1893, was the driest on record, the
fall being less than one-sixth of an
inch. The greatest fall was in
April, 1875, when the record for the
month was 6.21 inches.

—All bicycle riders of North
Platte are requested to meet at
John Lemaster's shop March 31st
at 7 a. m. to participate in a run to
Kearney, or so far as their ability
will permit. GUY A. LAING,
Captain.

—N. Klein, L. B. Isenhardt, W.
R. Vernon and Joseph Fillion have
been elected as delegates to repre-
sent Tate lodge of this city, at the
state meeting of the A. O. U. W.
to be held some time in May, as per
the mandatory order of Judge Hall,
of the Lincoln district.

—John H. Clark, who was in
town Wednesday, informs THE
TRIBUNE that two cars of seed
wheat were received by the people
of Garfield precinct a few days ago.
The grain was donated by the peo-
ple of Will county, Ill., and came
over the Rock Island and Union
Pacific roads free of charge.

—The Nellie McHenry Company
was greeted by a very large audi-
ence at the opera house Wednesday
evening, and the work on the stage,
which was largely of the variety
class, was loudly applauded. The
play abounds with fun. There is
much good dancing and some fair
singing interspersed. The players
were frequently recalled.

—C. J. Gerkin, of Buchanan pre-
cinct, who was in town a day or
two ago, tells us that the people of
that precinct have received three
car loads of seed corn as a result of
O. A. Bacon's soliciting tour in
Illinois. After securing this corn,
he left for Michigan and the chances
were favorable to him securing two
or three carloads of wheat from the
farmers of that state. The three
cars of corn were shipped over the
B. & M. free of charge.

—The county commissioners meet
in session next Monday. 25yl.

—The cornet band will probably
next week begin its regular summer
weekly concerts.

—Price & Gauntt have recently
added an iron lathe and a corundum
wheel to their blacksmith establish-
ment.

—A carload of sewer pipe, con-
signed to the county commissioners,
arrived Wednesday. It will be used
for road culverts.

—Don't forget that a new dentist
will open an office in McDonald's
block about April 15th. Give him a
call.

—Denny Redmond has not yet
shaken North Platte dust from off
his feet, and we believe has not yet
decided whether he will go to Okla-
homa.

—We are requested to announce
that there will be work at the Red
Men's hall next Tuesday evening
and that a full attendance of mem-
bers is desired.

—John McMichael goes to Omaha
Sunday where he will be married
next week to Miss Eva Huntoon.
He has rented the Peniston house
on West Fourth street and is now
furnishing it.

—Colonel Cody expects to leave
to-night for New York City to join
the Wild West Show, which opens
next month. His friends in this
city wish him a prosperous sea-
son.

—Jake Nelson was taken to the
feeble-minded home at Beatrice
yesterday by deputy sheriff Keliher.
Nelson was at the institution be-
fore, but made a sneak on the offi-
cers and came home.

—Weber & Vollmer received this
morning an invoice of bicycle suits,
consisting of caps, sweaters, knee
pants and hose. These uniforms
will probably become popular with
North Platte bykers.

—The Hostetter stock of goods
at Sutherland was sold under fore-
closure of a chattel mortgage. A
gentleman named Campbell, of this
city, bought the stock, but later
refused to pay over the cash, and
the goods are still in the possession
of C. W. Burkland, the mortgagee.

—The managers of the State fair,
to be held at Omaha, are making
arrangements to show an irrigated
farm at the coming exhibition. The
president has written L. A. Fort in
regard to the subject. This is a tip
for the Lincoln County Immigration
Association.

—The entertainment for the
benefit of the Immigration Associa-
tion is not reaching a head very
rapidly. It was hoped to secure
Col. Cody to do some fancy shoot-
ing, but that gentleman's time is
so fully occupied that he cannot
comply with the request.

—If the weather regulator up in
the Odd Fellows building don't give
us rain within ten days he might
as well look for another job. We
are compelled to admit that as a
rainmaker Mr. Piercy is not satis-
factory to the people and he may
be requested to resign.

—Rev. W. E. Hardaway is an-
nounced to deliver a lecture on Fri-
day evening, April 5th, at the Sun-
day-school convention to be held in
the Methodist church at that time.
Rev. Hardaway is a pastor of the
M. E. church at North Platte, and
we bespeak a pleasant and profit-
able evening for all who attend.—
Ogalalla News.

—Paxton & Hershey have so far
erected between thirty and forty
houses on their irrigated lands, all
of which are, or will be, occupied.
Some of these farms have been sold
and others leased. Supt. Seeberger,
of the old ditch company, says a
fellow who has not been up the
river for six months is almost un-
able to locate himself, owing to the
many improvements which have
been made within that time.

—The story circulated in the
Chicago papers to the effect that
Sam Wo Tai, a Chinaman, is a
candidate for mayor of our neigh-
boring town of Lexington, is
emphatically denied by the people of
that town. It is true that a petition
nominating the Celestial for mayor
was circulated, numerous signed
and filed with the city clerk, but the
whole proceedings were in the nature
of a joke.

—Col. Cody has been selected as
president of a syndicate of capital-
ists who will construct somegigan-
tic irrigation enterprises in the
Shoshone basin in northwestern
Wyoming. This syndicate, which
is capitalized at \$2,000,000, has
selected 300,000 acres of the 1,000,000
acres recently ceded to the state of
Wyoming by the United States, and
will construct a series of irrigation
ditches which will be fed by the
Big Horn river and the many tribu-
taries of that stream in the basin.

—E. Vanderveldt, of this city, has
been offered the position of con-
struction engineer and it is quite
likely he will accept. The prelimi-
nary surveys will be run the early
part of next month, and the inten-
tion is to have the ditches con-
structed this season.

PRIZE AD. NO. 9.

Hello! there Sonny, where are you going?
Dont keep me waiting. I am in a hurry for I — I
I am a afraid that I will forget what —
What is the matter with you?
Well, I will tell you I am all broke up —
What of that? Well—I am all in a flutter,—I
am on my way to get my best girl a —
Is that all. Why didn't you say so. I will help you
a little. Clinton's stock is the best that I know of,
and you are sure to find satisfaction. Go and
see for yourself.

PRIZE AD. No. 10.

To Night
A Great Show
"The Brownies"
will be seen in our windows.
The Slaughter
in prices of the most complete and elegant line of jewelry
ever before seen in our city will now commence.
C. S. Clinton.
The Jeweler.

Butler Buchanan transacted busi-
ness in Lincoln several days this
week.

—C. M. Newton has improved the
appearance of his residence by hav-
ing it repainted.

—Division A. of the young peo-
ple of the Presbyterian church will
be entertained by Judge and Mrs.
Hinman this evening.

—Irrigated lands of Lincoln
county come high. Recently a quar-
ter section of land near Hershey sold
for \$5,200, and an eighty-acre tract
for \$3,000. Attorneys Rhea and
Grimes, of North Platte, were in
Ogalalla Saturday taking deposi-
tions in the case of Libbey vs. First
National Bank of North Platte. This
case was tried Tuesday at
Chappell.—Ogalalla.

—Senator Akers and Representa-
tive Harris have been confronted
during the past few days with
dozens of petitions from their con-
stituents demanding the repeal of
section 2034 of the irrigation bill.
Not only have these petitions been
sent, but resolutions passed at
public meetings as well. Men who
were instrumental in the nomina-
tion and election of Messrs. Akers
and Harris have filed strong pro-
tests against the passage of the
measure without repealing or mod-
ifying section 2034. In the face of
these petitions, resolutions and
protests, will Akers and Harris
defiantly disregard the demands of
the people of their respective dis-
tricts, and vote for the bill as it
stands? If they do, their reception
when they return home will be any-
thing but pleasant to them and
they ever afterwards will be pointed
out as men who betrayed their con-
stituents.

RAILWAY RESUME.

W. C. Melthrop, it is said, will
shortly go to Sidney to take a po-
sition as watchman.

Chas. Rossow, of the round-house
force, left this morning for a visit
with friends in Iowa.

Engines 694 and 685 were taken
into the shops yesterday for repairs.
The 647 has been sent to Omaha
for a new fire box.

west is being shipped to the eastern
markets. This is rather unusual at
this season of the year.

A man named McLauchlin takes
charge of the coal shuttles in this
city April 1st and foreman Carlson
will be transferred to Denver.

N. Klein has been re-instated as
clerk in foreman Russell's office,
and C. L. Adams is occupying his
old desk in the division foreman's
office.

Engineer Branson and fireman
Griffin, of the First district brought
in the 1033 from Cheyenne yester-
day. They had taken the 877 to
Cheyenne a few days before.

J. T. Stuart received a telegram
Wednesday announcing the death
at Westville, Ind., of A. E. Rey-
nolds, a former fireman and engi-
neer of this city. "Screw" Rey-
nolds, as he was better known, was
a very popular young man while a
resident of North Platte, and many
friends will regret to learn of his
demise. He was a member of Divi-
sion 88, B. of L. E. and carried an
insurance of \$1500 in that order.

A pneumatic fire-lighter, made for
the purpose of starting fires in
locomotives, is one of the latest
devices placed in the round-house.
By means of compressed air a spray
of coal oil is forced through a small
burner, which, when lighted, is
placed beneath the fire-box and ig-
nites the coal. By this machine a
fire can be started at a cost of from
four to six cents, where heretofore
the cost of the wood and labor has
been about seventy-five cents.

A REPLY.

ED. TRIBUNE:—Allow me a brief
space in your paper to reply to a
communication in your last issue,
signed "Old Soldier." Ist. If "Old
Soldier" will study his dictionary
he will find quite a difference in the
meaning of the words "part" and
"member." We do not claim to be
members of the G. A. R.; but as
our membership is limited to moth-
ers, wives and daughters of hono-
rably discharged soldiers and sailors
who served during the rebellion, by
that glorious heritage of birth or
marriage, we are a PART of the G.
A. R. and were so recognized by the
department convention of the G.
A. R. held at Hastings last month.
2d. Would "Old Soldier" have his
readers infer that he would ignore
"nearest and dearest?" But no
matter how he may feel toward us,
we have for all old comrades only a
feeling of "Fraternity, Charity and
Loyalty."

3d. We do not ask to be auxiliary
to the G. A. R., as we feel it is more
honor to be PART of that grand or-
ganization.

MYRTLE MIXTURE.

Most every one complains
of having bad colds. It is hoped that
it isn't la grippe again.

Will Crabtree and sister Theresa
have gone to their old home at
Alden, Iowa. Theresa will visit
a few months with her sister, but
Will says he is going to stay eight
years.

The new Myrtle school house is
almost completed.

Misses Jessie Waite and Lena
Crabtree spent a few days in North
Platte the latter part of last week.

Mr. and Mrs. A. E. Moore invited
a number of young people to their
home last Thursday evening, the
occasion being for their brother
Chas., who was paying them a visit.

Among those present were Misses
Dollie and Myrtle Brunk and Miss
Mary Wiberg also C. Keene and
Herman Thoeleke of North Platte.
Games were the feature of the even-
ing. After refreshments were
served the company enjoyed them-
selves with singing and music. At
the wee sma hours they all re-
turned to their homes having spent
a very enjoyable time.
