**MINOR MENTION.**

—Smoke the "Royal Sport" cigar.  
—Rev. Rt. Graves, bishop of the Platte jurisdiction, officiated at the Church of Saviour Sunday.  
—Platte River lodge No. 32, A. F. & A. M., of this city, will hold its regular election of officers to-night.  
—At Hartford, Conn., our own and only "Buffalo Bill" exhibited to over 40,000 people. This looks as if he were still a good drawing card.  
—Johnny Ell last Saturday received a fine new Kearney Special bicycle. This is the third wheel of this pattern in this city.  
—E. B. Warner is making some improvements to his undertaking rooms which will add to their convenience and the care of goods in his line.  
—A geological party from the Kansas state university passed through this city Friday afternoon in search of specimens for that institution.  
—Lester Eells was exhibiting some of the finest and most shapely strawberries which have ever fallen under the editorial optic, the product of his own labor.  
—A petition to the city council to have Third street graded is being circulated. It is being generally signed, as the street is badly in need of attention.  
—Married, on the 10th of June, in the Lutheran church, by the pastor Rev. D. Z. Fonk, John H. Williams and Miss Etta May Wright, both of Sutherland, Neb.  
—Master Ed Park is trying his hand at cabbage farming on his father's farm under the old ditch. The youth has been promised all he can make out of his crop.  
—Charley Seyferth yesterday morning received a fine new bicycle of the Eagle pattern. This make of wheels was the winner of the great Chicago road race.  
—A number of North Platte people will attend the great races in Red Oak, Iowa, this month. A string of horses will be there that will eclipse anything ever given in the west.  
—The members of Co. E., N. N. G., of this city, are making preparations for a grand social ball the evening of July 4th, at Lloyd's opera house. It promises to be a huge affair.  
—In line with western Nebraska exchanges: Because of the recent copious rains do not let your irrigation interests lag—when the dry winds come and it raineth not, it may prove to be your only salvation.  
—Anyone doubting that a South Bend, Ind., firm is manufacturing bicycles will find out differently by consulting Wm. Smallwood. Last pay day he purchased one for his daughter Blanche, who is out at Portland.  
—Dan Fowles will probably soon become Maxwell's crack bicycle rider as he was examining the fine points of the various wheels in this city last Saturday, with a view of purchasing. A. L. Davis succeeded in making a sale to him.  
—North Platt's bicycle riders to the number of about fifty assembled Saturday evening and made a very creditable parade, during the band concert. The affair passed off very pleasantly without an accident further than the occasional dumping of a rider. An individual with a copious jag, caused some fear to the timid ones. In the future these fellows should be notified to "keep off the grass," or else run them in.  
—The course for the bicycle road race on the 18th inst. is as follows: From the dispatchers' office on Front street west to section house, cross to north side of railroad track to Pallas, cross track south to the county road, that is in front of C. A. Wyman's, thence east to B. I. Hinman's corner, thence north one block to Second street, thence east to Spruce street, thence north to bank crossing. Two round trips over this route to constitute the full course.

—The ladies' guild will hold a lawn social at the Gilman residence next Friday afternoon.  
Miss Clayton left this morning for Salt Lake City, where she will spend her summer vacation.  
—Rev. Mr. Potter, of Kearney, will occupy the pulpit at the Episcopal church next Sunday.  
—Interesting Children's day exercises were held at the Presbyterian church Sunday morning.  
—Extensive preparations have been made for the Maccabee entertainment to be given at Keith's hall this evening.  
—If all indications do not fail one of North Platte's school teachers will bow her neck to the hymnal yoke ere the June roses fade and wither.  
—The Fair store recently sold a bicycle to Clem Steel, the champion climber, and he is now taking more falls therefrom than he ordinarily receives.  
—On the 17th inst. at the Y. M. C. A. rooms the "silver grubs" will have a battle royal with the "gold bugs" over the money question. An animated time is expected.  
—Owing to the generous rains in Colorado, and the little need for irrigation, the water in the South Platte river is at a very high stage, the banks being almost filled.  
—Prof. Garlich this morning received the music for the opera of "Little Tycoon" which will be put on the stage by the choral society. Rehearsals will begin to-morrow evening.  
—G. C. Donehower received last week from the supreme tent of the Maccabees a handsome medal for organizing the first tent of the order in the state of Nebraska, in this city.  
—The people of Sutherland are making arrangements for a big 4th of July celebration, and no doubt will have an enjoyable time. W. T. Wilcox, of this city will be the orator of the day.  
—The failure of the insurance company to promptly pay the fire loss is delaying the purchase of furniture for the Knights of Pythias hall. The matter, however, will be settled within a few days.  
—M. K. Barnum received Saturday what is probably the finest all purpose bicycle in the city. It is of the Rambler '95 pattern, is reinforced at all weak points, and weighs but twenty-two pounds.  
—U. S. Fish Commission car No. 3 passed westward yesterday morning. It contained many handsome specimens of bass and other species of the finny tribe, which attracted no little degree of attention from the curious.  
—Upon investigation THE TRIBUNE learns that its informant was mistaken in regard to Lawyer Beeler losing a couple minor law suits a short time ago. This correction is due Mr. Beeler and would have been made some time ago had not the Era grown so rampant over the matter.  
—The county commissioners should devise some ways and means for improving the appearance of the courthouse in the way of a substantial foundation and some paint upon the cupola. They would scarcely allow their private property to get in this condition.  
—Yesterday deputy sheriff Kehler picked up a fellow on the street who is wanted in Greeley, Col., upon a charge of grand larceny. He was sailing under the name of Chas. Conrad, alias Chas. Blanger, and at the time of his arrest was selling snide spectacles. He is a barber by trade.  
—An orchestra has been formed in the Choral society under the direction of Prof. Garlich's consent of Messrs. Alvin Pool, W. E. Bock, G. F. Weingand, Chas. Pool and S. L. Bristol. This should make a very strong organization and one capable of rendering some good music.  
—Sheriff Miller says if he is wanted by the people of Lincoln county to fill his present office for another term that he intends following Judge Ray's example and will purchase and learn to ride a bicycle. By so doing he figures that he will be able to save the price of feed for a team each year.  
—Yesterday morning Chas. P. Ross shipped the meter used by him in measuring the amount of water flowing in the North Platte river to Boise, Idaho, the observer there having lost his instrument by a flood. Another instrument will be shipped here from Washington to take the place of the one sent away. Mr. Ross has not yet computed the amount of water as shown by the last measurement, he being occupied in figuring the amount of excavating required for the Alfalfa irrigation district ditch in Keith county. As there is a great deal of water flowing at present in the South Platte river it might be well to make an estimate of its carrying capacity.

—An old fiddle bids fair to become a bone of contention between two parties within a few days in one of our local justice's courts.  
—The three hose teams are practicing for the races to be held on the 4th of July. The Third ward team expects to be strictly in it this year.  
—The man who handles the lawn mower these mornings may be said to have a "push," although he may not necessarily be much of a politician.  
—The 1st of July the membership fee of the K. O. T. M. will be raised and those who wish to get in on the ground floor of the order are taking advantage of the present.  
—This afternoon a game of baseball will be played at the old ground between the old nine and a picked team. It will be worth going out to see in order that you may hear Lawyer Healey coach his boys.  
—A number of our citizens have expressed a desire to see published a statement of the expenditure of the local relief commission in the way of seed purchase out of the \$8,000 appropriated by the state legislature. It would probably be a good idea so to do.  
—The official route for the bicycle race next week is posted in several windows, and has attracted considerable attention. The names of the handicappers are given, and when they promulgate their work it will cause even greater interest.  
W. T. Wilcox went to Ogalalla yesterday morning to defend a fellow charged with arson. H. M. Grimes having previously started for Hoosierdom this left but A. H. Davis to maintain the equilibrium of the firm which he succeeded in satisfactorily doing.  
—Miss Lillian Pike, the noted Denver elocutionist, will give an entertainment at Keith's hall on the 28th inst., under the auspices of the ladies of the M. E. church. Interesting features of the programme will be her club swinging and illustrations of the Delsartean movements. The prices of admission will be 25 cents for adults, and 15 cents for children. This will be an excellent opportunity for you to allow the latter to see how Hamlet intended that his lines should be spoken, as the young lady is on her way homeward from Boston where she has been taking a two years' course in elocutionary work.  
—Sheriff Miller the latter part of the week detained a couple of frail females from York, upon an order from the parents of one of them. It appears that the older of the twin enticed her companion away from home upon the pretense of making a few days trip, but they had been out about four weeks, and one of them became disgusted with the life and was willing to return home. The other was not so inclined. On Saturday they were boarding at hotel Miller awaiting transportation which was expected from York county. As nothing could be heard definitely from the parents of the girls they were turned loose last evening, upon their promise to leave the city.  
—Dan Fowles will probably soon become Maxwell's crack bicycle rider as he was examining the fine points of the various wheels in this city last Saturday, with a view of purchasing. A. L. Davis succeeded in making a sale to him.

One of the apprentices in the boiler shop has been afforded the opportunity of looking for a new situation it is said on account of the humorous (?) way in which he put in his time. It sometimes does not pay to be a humorist.

As I. K. Neeley sees frequent mention of Rev. Graves, preaching at Hershey and other points in this vicinity in these columns he writes a friend, enclosing a clipping from THE TRIBUNE, and wishes to know if it is his old friend and office mate R. L. that is mentioned. He had learned of W. J. Crusen and D. W. Crane taking up this role, and did not know but what Lon had followed their lead. Ike is and has been employed in the mayor's office of La Salle, Ill., for a number of years.  
—According to the daily papers Hugh T. Crockett has been granted an increase of his pension.  
—The ravages of the irrepressible young chicken in a neighbor's garden nearly led to a bitter quarrel over in the Third ward the latter part of the week.  
—A party of boys made last night hideous by giving a newly married couple a tin can serenade. This is a practice which the officers of the law should suppress.  
—THE TRIBUNE has received several political announcements from gentlemen who will be candidates before the republican convention, but will not publish the same until others are received. These cards will be published free of charge and those who expect to be candidates should send in their announcements.
