—Dr. McCabe has received his commission as a member of the local board of pension examiners.

—Mrs. S. Goozee entertained about thirty ladies at an "afternoon" Wednesday, and won praise for the admirable manner in which the affair was conducted.
—The L. L. A. debate on the silver question will be held Monday evening in the Knights of Pythias hall. The public is cordially invited to attend.
—Charley Burroughs, while riding his wheel Wednesday night, collided with Chris Johnson's jaunting cart, and as a result Charley had a badly demolished byke.

—At a meeting of the Second ward hose company Wednesday night it was decided to turn out on the Fourth of July with the cart. The team will practice on Monday, Wednesday and Friday evenings.
—John Callander, of Pana, Ill., was in town yesterday enroute to Gandy to visit his brothers. Mr. C. has lived in Illinois for twenty-five years, and at no time during that period has the prospect for crops been so poor as this year.
—Mrs. R. A. McMurray returned Tuesday night from Omaha, where she had been to see her husband, who is receiving treatment at the U. P. hospital. She brings home the news that Mr. M. is convalescing, though somewhat slowly.
—A letter from Cheyenne gives the information that the ball team of that city cannot be here on the Fourth. It is said that another club can be secured if the committee on arrangements will give the game a place on the programme.
—Byron Applegate and Miss Fannie Shoop, were married at the Methodist church in this city on Wednesday by Rev. Hardaway. The contracting parties reside in or near Sutherland and are very worthy and popular young people. This journal extends its best wishes to Mr. and Mrs. Applegate.

—The people of Maxwell will indulge in a lively celebration on the 4th of July, and among the amusements offered for the entertainment of the people will be a ball game, and horse and foot races, the whole to conclude with a dance in the evening.
—Supt. Goodman, of the Scout's rest ranch, will finish putting in his corn crop to-day. He has not yet had time to figure up his acreage, but as he has had seventy horses and twenty-five men at work ever since early spring it is fair to presume that his corn patch is not a small one.
—Frie works of all kinds and large stock at C. M. Newton's.
—The people of Sutherland are making great efforts to hold a successful celebration on the 4th of July, and they will no doubt be able to afford visitors a very pleasant time. An entertaining programme has been prepared, and published. W. T. Wilcox is the orator of the day and he generally says something worth hearing.
—Treasurer Sorenson has cleared up all outstanding warrants and bills against the city school district, and the board of education will begin the new school year without any debts and a neat little balance in the treasury. It is said this is the first time within a half dozen years that such a condition has existed. The present board has been managing affairs very economically.
—Hammocks at C. M. Newton's, 60c, 75c, \$1.00, \$1.50, \$1.75, up to \$6.00.
—At the Tuesday evening rehearsal of the choral society the six-piece orchestra was for the first time introduced and the result was very satisfactory. The society numbers about forty, and with the orchestra accompaniment will soon be in position to render excellent music. On Wednesday evening the first rehearsal of the opera "Little Tycoon" was held, and excellent progress made.
—The officers of the local land office have received a request from the German consul at Chicago for a chart of the unoccupied government lands in this land district. The supposition is that the consul wants this chart for the purpose of ascertaining the prospects for establishing a German colony at some point in the district. As the work of making the chart of map would entail a month's labor, the land officers will not issue the same until the consul agrees to put up the amount necessary for hiring a clerk to perform the work.
—The School of the Nativity will hold its first graduating exercises at Lloyd's opera house on Tuesday evening of next week. —The Maccabee entertainment at Keith's hall on Tuesday evening was attended by an audience numbering fully 300, composed principally, if not entirely, of the members of the lodge and their families. The event was given in celebration of the fourteenth anniversary of this excellent and rapidly growing organization. E. B. Warner acted as master of ceremonies, and as is always the case, well performed the duties incumbent upon him. The programme rendered was an excellent one, being as follows: Song by C. F. Scharmann, address on the K. O. T. M. by H. D. Rhea, paper on the L. O. T. M. by Mrs. Chas. Wood, a reading by Mrs. Minnie Harvey, and a song by a quartette composed of Miss White, Mrs. Warner and Messrs. Redmond and Warner. At the completion of this programme the people surrounded the tables and partook of icecream and cake. That this latter event was appreciated may be inferred from the fact that thirty gallons of ice cream and a wagon load of cake were consumed. These refreshments were contributed jointly by the K. O. T. M. and the L. O. T. M., the latter being about as closely identified with the entertainment as the former. The occasion proved a pleasant one throughout and will not soon be forgotten by attendants. Few secret societies have proven more popular and worthy than the two divisions of the Maccabees, and this is fully attested by the wonderful growth they have had in this city.

He has partitioned off a room in which he has on exhibition a handsome line of trimmed caskets ranging in price from \$80 to \$400. —See Fair ad. 2d page.
—The State Journal of Wednesday contained the following: "It is reported that irrigators of Lincoln county are objecting to the new irrigation law on the ground that they may lose some vested rights. No complaint has reached the state board and it is understood that those who own ditches are putting in all their time working instead of complaining. J. S. Hoagland from North Platte called yesterday, but he had no complaint to offer."

The agreement between the Union Pacific and the U. P. D. & G. has been revived, and trains will run via Julesburg as heretofore. This will tear to pieces the recent agreement between the Gulf and Burlington.
This is the way the Omaha Bee looks at it: The almost endless litigation in which the Union Pacific is involved for the possession of its branches and connections cannot but trench upon the already impaired resources of the road. Instead of getting nearer to the point where the receivers may be dispensed with, it seems to be getting more deeply imbedded in the toils of law. Let this process go on a little longer and there will be only one way to get out of the entanglement—to cut the Gordian knot and order the whole property to be foreclosed.
