This infantile disease has been almost epidemic Secretary Thurber's children have all had the disease in regular course, and to prevent the possibility of its transmission to the White House, Mr. Thurber has absented himself from his own domicile for the past week and has

made his residence at the White House. However, this sacrifice was of no avail, for this morning the eruption suddenly appeared on little Esther Cleveland, marking her as the first victim at the White House.

## EX-PRESIDENT WEDS.

HARRISON-DIMMICK NUPTIAL VOW TAKEN IN NEW YORK.

General Benjamin F. Tracy Acted as Best Man-Marriage Solemnized by Dr. Wesley Brown at St. Thomas Church-Only Twenty Guests Present.

New YORK, April 7 .- The marriage of Mrs. Mary Lord Dimmick to General Benjamin Harrison was solemnized at St. Thomas church yesterday afternoon at 5:45. Dr. Wesley Brown, rector, officiated at the ceremony.

The marriage, which took place in the presence of 20 relatives and select friends of the bride and groom, was a very private affair. The edifice was not decorated in the lavish style that marked the nuptials of Miss Vanderbilt and Miss Whitney, the two most im-

portant waddings of the season; but the flowers used, lilacs and ascension lilies, were arranged in exquisite taste, and the chancel looked even prettier and was more effective than at the two

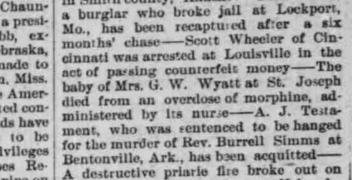

previous weddings. GEN. HARRISON. Mrs. Dimmick arranged all the details regarding the decorations. The altar was relieved with palms, tropical plants and banks of white lilacs, surmounted with bunches of ascension lilies.

The guests as they arrived at the church were received by Mr. E. F. Tibbett, General Harrison's private secretary, and Mr. Daniel M. Ramsdell, who was marshal at Washington during General Harrison's administration, and

were seated in the front pews of the church. At 5:20 Mrs. John F. Parker, the bride's sister, was escorted to the front pew on the left by Mr. Ramsdell and simultaneously Mr. and Mrs. Pinchot were escorted

to the front pew on the right by Mr. state-P. D. Armour predicts that Tibbett. Governor Morton occupied the pew directly behind Mrs. Parker. General Tracy Best Man.

payers foot the bill. EVERY man who had a desire to Cashier go to the republican state and congressional conventions had an opportunity in the county convention to have his name added to the list from which the delegates were selected. The editor of the Era will please take notice that all the outof-town voters who were placed on the list, with but one exception. were elected delegates.

THE editor of the Era is requested to go back over the files of that paper and see how many "tarmer boys" from this county have attended the populist state and congres-

sional conventions in the past. The "farmers" who represent Lincoln county in such meetings are Messrs. Gantt, Neville, Beeler, Buchanan, Burritt, and Keliher. They are all farmers--that is they farm the farmers.

CITY voters who cast their ballots for Mr. Belton in the interests of so-called municipal reform, should not think that by reason of the defeat of their candidate the city will go to the "dogs." The gentlemen who willl transact the affairs of the city for the next year will have

the best interests of North Platte at heart, and an economical administration may confidently be expected.

SENATOR ALLEN has written a letter to Governor Holcomb in which he positivly declines to become the populist candidate for president. The Senator says his reasons for A Fine Line of Piece, declining are personal, among which is that the education of, his children must be looked after at this time. The general public

will believe, however, that the Senator thinks the populist nomination an empty honor that will not prove of benefit to the one who accepts it.

THE increase in valuation ordered the state at the exposition. by the county commissioners is raising a merited howl from tax-

INTEREST IN HELLENIC GAMES.

Continues Unabated at Athens and Is Source of Pride to the Greeks.

ATHENS, April 9.-The interest in the Hellenic games and in the great national festival which has been kept to celebrate their revival continues unabated and the modern Greeks of all classes show themselves keenly alive to a sense of pride in the ancient glories of the race. There were no American contestants today, which is apparently the only condition in the games which involves there being no American winners. The bicycle races were conducted in a tempest of wind, which made anything like record speed out of the question. In fact all those taking part in this race abandoned the contest excepting the Frenchman, Flameng, who pluckily breasted the storm and finished alone. Considering the speed of the wind, his time was not bad.

#### Awful Sufferings of Armenians.

Boston, April 5.-From recent letters from eastern Tarkey it appears that the condition of the destitute in that section is most deplorable, in spite of the relief work which has been done there. Whole families, huugry, scantily clad, and in constant fear, huddle together in corners at night seeking protection from the cold. Recent writers state that almost the entire Armenian nation is struggling for existence under conditions, the very contemplation of which almost makes one long for death.

> SHOT SIX SONS OF AN AMERICAN. Spanish Volunteers Infuriated by Resolu-

tions of United States Congress. LONDON, April 9 .- The Morning Post in an editorial assumes that President Cleveland will do nothing on the Cuban resolutions and that it is merely election

"A very serious condition of things exists in Cuba." says The Post, "but it is not one that is likely to be improved by the gratuitous interference of the American jingoism."

A Paris dispatch to The Daily News says: A French resident of Cuba, writing to The Socia, draws a lamentable picture of the ferocious character the war has assumed under Weyler. He believes, however, that the rebels will eventually shake off the Spanish rule. He states Weyler allows the troops to shoot and bayonet villagers suspected of harboring insurgents. "A few days ago," he continues, "a band of volunteers, infuriated by the resolutions of the American congress, shot six sons of an American farmer at Casignes. The United States consul general is inquiring into the matter."

Worp is given out by the intimate associates of Governor Holcomb to the effect that he will be a candidate for re-election and not a
