The High School Alumni Banquet.

Tuesday evening the members of the High School Alumni Association and their guests, the class of '98, the high school teachers, and the board of education, assembled in the parlor of the Pacific hotel. Shortly after nine o'clock they proceeded to the dining room where covers had been laid for seventy-two people.

As soon as every one was assigned a place Prof Orr offered the blessing. The gathering then seated themselves and the president made a very short address of welcome. Ross Stebbins responded, on behalf of the class of '98. After thanking the alumni for the welcome extended to the class he said that three characteristics of the class of '98 were intelligence, beauty, and ability at the table.

After the response the president announced that the next thing on the program was a feast for the inner man and for an hour the assembly did justice to the good things provided. During that time the mandolin club provided considerable melody.

After that portion of the program was disposed of the toastmaster for the evening, Supt. Wm Ebricht was introduced. In a very neat speech he responded and then gave the first toast "Plus or minus" to which Miss Abbie Day of '96 responded. Miss Day emphasized the qualities, character, perseverance, pluck, and virtue, that were necessary to make people plus instead of minus quantities in this world.

In offering the next toast "Our class of '98," Prof. Ebricht said that Ralph Ray had bribed the committee into letting him respond to it in order that he might get even with the class for some of the mean things they had done to him such as trying to bleach his hair and tying him up. However, in Mr. Ray's response he restrained himself and told very few mean things of the class but instead dwelt on their virtues which in his estimation seemed to be as the sands of the sea, impossible to number.

The next toast "Lost, but not forgotten" was responded to in a very happy been by Miss Neley Hartman who related several anecdotes of school days that were lost but not entirely forgotten. These were highly appreciated by the gathering. Miss Hartman then turned her attention to the class of '98 and told them that their leave of school life had been too bright and that the prophecies made of them were too brilliant and that in future years they would probably be lost and also forgotten.

"Togetherness" was responded to by Miss Fanny VonGoetz of the class of '93. Miss VonGoetz said that at first she was at a loss to know what the word meant but finally decided that it meant unity. She then spoke of the spirit of unity that was fostered by such gatherings as that which the alumni were enjoying. They are the bright spots in our work-a-day lives. The fact that the alumni are all graduates of the same North Platte High School is a strong bond which unites them all.

The last toast "A health to our patriots" was responded to by H. S. Ridgley of '96 in an excellent speech. Mr. Ridgley spoke of the causes that led up to the Cuban war and then laid particular stress on the fact that the position of this country in the present war was unique because its sole object was the good of humanity, not acquisition of territory. Mr. Ridgley then reminded the class of '98 that they would be patriots from now on because they would have to fight and they would now be aided by teachers and others.

TALK ON WAR TAX BILL.

debate in the Senate on the Revenue Measure Continues.

WASHINGTON, May 26.—Eight senators were present when the vice president's gavel fell at 11 o'clock this morning, calling to order today's session of the senate, and after 15 minutes' delay in securing a quorum, the war revenue measure was laid before the senate. LAST GLIMPSE OF GLADSTONE.

Thousands View the Remains of the Grand Old Man at Westminster.

LONDON, May 26.—Remarkably impressive scenes have been witnessed at Westminster since 3 o'clock this morning, when the arrivals commenced to view the remains of Mr. Gladstone. The line formed, continually augmented by all classes of people, from peers, peeresses, cabinet ministers, members of the house of commons, military and naval officers and clergymen to costermongers, old and young, until at 6 o'clock, when the doors were opened, the procession commenced to stream past the catafalque. The latter had lighted candles at each corner and a large gilt cross at its head. By 10 o'clock it was computed that 100 persons to the minute were passing the body and at noon over 40,000 people had already taken a last glance at the remains of the late statesman.

Two Children Perish in Flames.

IRON MOUNTAIN, Mich., May 26.—The residence of A. Richeter on West B street was destroyed by fire last night. Two children, a boy aged 9 and a girl aged 11, were burned to a crisp, and two others, aged 4 and 6, a girl and a boy, were so badly burned that they cannot live. It is not known how the fire originated, but the firemen suspect that it was caused by the explosion of a lamp in an incubator. Richeter and his wife and nine small children occupied sleeping apartments on the second floor. The children were first aroused before an alarm had been given. Seven managed to escape, five of them uninjured, but two of them were fatally burned. Richeter and wife escaped by jumping through a window, the former having an arm so badly cut by glass that he came near bleeding to death.

Charges Conspiracy.

CHICAGO, May 26.—The Berkshire Life Insurance company has asked the superior court to enjoin Henry Schwartz and Henry Wegenhackle from realizing on a \$100,000 policy on the life of Charles Sheldon, who died a month ago of consumption. The company charges conspiracy between Schwartz and Wegenhackle and the deceased. It is alleged that the insurance was taken out while Sheldon was in the last stages of consumption, through a physical examination passed by a healthy man under the name of Sheldon. It is said that Sheldon planned the conspiracy, his share of the proceeds to be his funeral expenses, while Schwartz and Wegenhackle were to receive the remains of the \$100,000.

OMAHA, May 26.—Ensign McCormick and Lieutenant Maurer, the Salvation Army girls who chopped off an arm and hacked a leg of one of the nude figures on a building at the exposition grounds, were arraigned in police court today to answer the charge of malicious destruction of property. Mayor Moore received a telegram from Colonel Higgins of the staff of Commander Booth-Tucker, expressing regret at the assault on the exposition statuaries. Colonel Higgins asks that the mayor deal gently with the girls, who, he says, were carried away by an excess of zeal. Mayor Moore replied that he would protect the girls, but he advised that they be removed to another station.

Emperor Francis Joseph of Austria is said to have strongly advised the queen regent to prepare to fly, and her mother, who is now in Madrid, is reported to have given her the same advice, but it is added, the queen regent is determined to remain. SPANISH FLEET MAY BE DIVIDED.

Some of the Vessels Under Command of Cervera Have Strayed Away. SANTIAGO DOMINGO, Hayti, May 26.—Part of the Spanish fleet is missing. Cable messages have been received from General Blanco anxiously inquiring as to whereabouts of several of the ships. The six men-of-war at Santiago de Cuba came from Curacao. Their stay there was brief. Only two of the vessels, the Infanta Maria Teresa and the Viscaya, were allowed to enter port. They took on board a small quantity of coal and a large supply of provisions and medicines. The expenses incurred by the ships at Curacao are said to have amounted to 80,000 florins. It is expected that the missing vessels about which General Blanco inquires will try to join the rest of the Spanish fleet now at Santiago de Cuba. A battle between the United States fleet and that of Spain is expected to take place at any time in the waters between San Domingo and the eastern coast of Cuba.

New York Stock Market.

NEW YORK, May 24.—The list generally opened higher under the influence of strength in Americans in London, but there was some depression manifest in a few of the specialties, which caused prices to ease off immediately after the opening. Changes were small in all cases. The railroads manifested considerable resistancy under the selling pressure and the support in this direction led to re-buying of stocks. The market burst into animation before an hour and prices rose rapidly. The international and the grangers were the leaders. Minnesota iron continued its recent upward movement.
