Creamery Separator Station.

A meeting of the stockholders of the creamery separator station was held at the court house Wednesday morning and a permanent organization was effected. The following officers were elected: President, L. Sturges; Secretary, Geo. Eves; and Treasurer, A. F. Streit. The directors are A. Cooledge, Chas. Toillion, Thos. G. Rowley, C. A. Wyman, and H. Otten. The annual meeting will be held on the second Tuesday in October. Forty-one shares of stock have been subscribed. The reporter was unable to learn the names of but forty. The following is the list: Jno. Bratt, B. Buchanan, A. F. Streit, C. F. Iddings, W. W. Birge, Geo. Eves, H. Otten, H. Neal, J. B. Aveline, Chas. Toillion, H. E. Jenkins, J. C. Wilson, D. McLaughlin, E. W. Murphy, Sr., E. W. Murphy, Jr., L. Sturges, A. Cooledge, J. A. Foster, John Worthly, E. Cummings, Thos. Simants, Thos. G. Rowley, W. D. Waldo, Wm. Facka, F. H. Longley, O. Jones, Mrs. Kate Connolly, C. F. Scharmann, Jas. A. McMichael, Mrs. W. M. Hinman, B. I. Hinman, Ira L. Bare, M. B. Cryderman, Chas. A. Wyman, E. P. McGrew, F. J. Bremer, C. Wein-gand, I. L. Miltonberger, N. McCabe and A. M. Stoddard.

A committee consisting of F. H. Longley, B. I. Hinman and A. F. Streit was appointed to arrange for the location of the station. It will be located in the immediate vicinity of the mill but it is not definitely decided whether it will be north or west of it.

The officers elected by the stockholders are safe, conservative men and this enterprise will undoubtedly be a success. A. Gentzler was the representative of the Fremont Creamery Co., who solicited the subscriptions. He was ably seconded in his work by B. Buchanan to whom a large amount of the credit for the establishing of the station is due.

A carpenter will be sent here immediately to commence work on the station and the machinery for it has already been shipped. It will be ready for business not later than Sept. 15th. The opening day will be made a gala day and every one in the vicinity will be urged to bring in milk on that day. President Sturges has in preparation a very attractive program for the opening day.

The company will be incorporated under the name of the North Platte Creamery Co. The organization of this company and the establishing of the station is an excellent thing for North Platte and vicinity as it will furnish a market for a large quantity of milk which has been practically going to waste and will induce other farmers to invest in cows because the price paid by the creamery company for the butter fat is a very fair one.

Lamplugh's Lake.

This pleasant resort was visited yesterday by Mr. and Mrs. Tim Ryan and daughter Nellie, Dr. and Mrs. Edmund Burke, and Mr. and Mrs. H. Spangenberg and son, all influential citizens of Chicago. They joined in the sport of fishing and boating and caught a fine lot of fish, acknowledging that they had a good time. Nellie Ryan proved to be the champion fisher of the party and succeeded in catching the first black bass taken from the lake with hook and line.

Mr. Ryan, wife and daughter and Mr. Spangenberg, wife and son, have been stopping in the city for some days past, visiting the lake daily and greatly enjoying the sports which the lake affords. They say it is an ideal spot for the sanitarium which Dr. J. B. Murphy, of Chicago will be interested in building. Dr. Burke and wife returned to Chicago last night, being well pleased with their visit to North Platte and vicinity, and the Doctor promised to soon return.

W. W. Langer, the appraiser of the Union Pacific lands, spent yesterday in town. He was accompanied by his wife and son, who are taking a few days outing with him.

Watermelon Parties.

On Wednesday and Thursday afternoons Mrs. H. M. Grimes entertained a number of ladies at watermelon parties. The spacious rooms were beautifully decorated in pink and green, watermelon colors, and the dining room was screened from the reception room and parlor by a very pretty pink and white screen. When the guests were summoned to the dining room a very tempting vision met their eyes. The centerpiece of the table was made of the hearts of luscious watermelons embedded in cracked ice. Each guest was served with slices of delicious melons and when they had done justice to that course cantelopes were served and then salted almonds. The pink and green color scheme was very effectively carried out in all of the table decorations. The ladies will long remember the watermelon parties not only because of their uniqueness but also because of the delightful time they had.

The guests on Wednesday afternoon were Mesdames Field, Parsons, Streit, McDonald, White, Baldwin, Mott, Cary, Wilcox, Hilliker, and Buchanan. On Thursday afternoon Mesdames Scanlon, Doolittle, Clinton, Patterson, Bare, Stuart, Rincker, Walker, Goozee, Cheney, Beecher and Halligan were entertained.

A Kensington.

Mrs. Milton Doolittle entertained at an informal Kensington Wednesday afternoon in honor of her niece Miss Lenore Cummings, of Chicago. The guests spent a very charming afternoon. A delicious lunch was served at five o'clock. Among those present were Misses Mabel Goozee, Minnie Chase, May Walker, Ida Von Goetz and Ruth Patterson, Mrs. J. Q. Wilcox, Mrs. S. H. Donahewer, Mrs. L. E. Wood and Asa Wood.

Keith Block Improvements.

Quite a number of improvements are soon to be made in the Y. M. C. A. suit of rooms. A small room will be built at the head of the stairway, on the west side, to be used as a private office for the secretary. The association will also be given the use of another room. More space has long been needed by the association and the addition of these two rooms to their suite will be a very great convenience. Photographer Von Goetz is also a believer in expansion and he will expand over one more room. A skylight has been put in over the head of the stairway which very much relieves the gloom which has hitherto prevailed in the upper hall.

"Doc" Adams has been laying off for a few trips and conductor Hubbard of the Fourth district has been on his run.

Modest Women

Modesty in women is no less a charm than beauty and wit. Is it any wonder that women afflicted with physical disorders peculiar to their sex shrink from personal examinations by male physicians? The weaknesses and irregularities of women may be recognized by certain unflattering symptoms. Backache, headache, bearing-down pains, irritability and extreme nervousness indicate derangement of the delicate female organism. Bradfield's Female Regulator is the standard remedy for characteristic diseases of women. Sold by druggists at \$1.00 per bottle. THE BRADFIELD REGULATOR CO., Atlanta, Ga.

We are Ambitious to do the Largest Fall Business in our History.

It isn't going to be such an easy matter to beat our Fall of '98 record. We have reason to believe, however, that we can do it. Ninety-nine, so far, has been far and away ahead of '98 with us. We are in a better position to supply every Dry Goods need of this community than ever before and this leads us to believe we will attain our ambition. Our efforts along this line will, of course, benefit the purchasing public, for we shall make buying here extremely attractive. It will be extravagant to skip this store when spending your money.
