Between the Rivers.

If you want to see one of the finest fields of corn in the valley take a look at L. E. Jones.

Mr. and Mrs. H. Null, of Myrtle, visited old time friends and attended church at Hershey last Sunday.

Mrs. Sadie Brown, of the county capital, returned home Sunday after a few days visit with relatives and friends at Nichols.

Seeberger & Co. are having the hay on the old canal company's land over by the north river northeast of Nichols harvested at this time.

Miss Laura Murray, of Maxwell, and Miss Anna Erickson, of Cottonwood, will take charge of the Hershey schools on Monday, next week.

Mrs. F. L. Terry and Miss Stella Goodwin now have full charge of the hotel at Hershey.

Mr. and G. F. Ellis, of Evansville, Wis., who have been visiting the Sullivans and Brooks at Nichols and Mr. and Mrs. D. A. Brown at North Platte for the past week, will depart from the latter place next Thursday morning for Denver, Cheyenne and Colorado Springs.

Miss Louise Seeberger we understand departed the first of the week for Denver where she will attend school.

The demo-pops will hold a primary for Nichols precinct at the school house in Hershey on Thursday evening this week to elect delegates to the county convention which convenes at the county seat on Saturday this week, and also to place in nomination a full precinct ticket. There is not the least shadow of a doubt but what their labor at both places will be in vain.

Remember the annual Sunday school picnic for the school in the valley at Wm. Ware's grove on Saturday Sept. 9th. Everybody invited.

All those who attended the Woodman picnic on the island southwest of Sutherland on Saturday last report a social and pleasant time.

Mr. and Mrs. W. H. Hill and son Claire departed Saturday for the east on the G. A. R. special from North Platte to Philadelphia.

D. B. White was at the county metropolis a few days since with a load of fine fall apples. He found a ready market for them at living prices.

Z. M. Zook, who was working with the Loker & Hungerford hay press, was taken seriously ill with stomach trouble last Friday and had to return home where he is confined to the house at this time.

J. G. Fecken found a ready market for a load of fine watermelons at the county "hub" the other day.

A gang of track men who are putting some finishing touches on the U. P. track are at this time domiciled in cars on the Spur at Nichols.

C. S. Trovillo and L. E. Jones are at this time harvesting the hay on the Frazier land over by the north river.

Seeberger & Co. have shipped several car loads of new wheat from the elevator at Hershey so far this season.

D. B. White and W. O. Thompson two enterprising canal farmers, have both marketed wheat at the Hershey elevator lately.

With no preventing providence several car loads of cattle will be fed in this section the coming winter.

L. R. Krong and family who left Nichols last week for Egbert Wyo., disposed of his cattle to Chris Pierson, his team of horses to Dan Edstrom, his corn in the field to P. E. Erickson and his small grain, which is in the stack he left in charge of Chris Pierson so that his son Walford did not have to remain as was stated to care for them but departed with the family. He expects to get a job on the section with his father.

Rev. W. M. Evans and W. O. Thompson are attending the Annual Baptist Association at Geriug this week.

Dr. Eves took advantage of the special rates to the national G. A. R. encampment at Philadelphia and

departed Saturday for a month's visit in that city and vicinity.

We understand that the Edstrom family will soon depart for Waboo, their former home. They expect to reside there in the future.

A member of the local Salvation Army at North Platte who, with his family, has been domiciled in an emigrant wagon at Hershey, where he was painting the new church has departed for other fields of labor. North Platte, Hershey, Sutherland and several farm dwellings along the line will soon be connected by telephone.

H. H. Cook who has sold his farm in the valley under the old irrigation canal last spring to W. O. Thompson and moved with his family to the south hills, we are told now wants to rent a farm in the valley under irrigation.

Notwithstanding the fact that the seats for the new church at Hershey did not arrive previous to Sunday, as was expected, it was dedicated upon that day in the presence of a large audience many of whom took their dinner with them in the morning and then remained for the services in the afternoon. The remaining indebtedness of \$350 on the building was liquidated during the day and the association at that place starts out with a fine new church free of debt. The dedicatory sermon by Rev. Snavely is highly spoken of by all as both interesting and instructive.

Somerset Briefs.

Gilbert Smith and Arthur Gartrell returned on Monday from North Platte and are putting up hay for their stock.

E. E. Baker, O. C. Mulliken and Mr. and Mrs. J. F. Brittain spent Monday in Wellfleet.

Jan. McConnell was a Wellfleet visitor on Wednesday and Saturday. On Saturday his mission there was to attend the cattle sale.

Mr. Dugan brought cattle to the stock yards Thursday and on Saturday took them to Wellfleet where they were sold.

Rev. and Mrs. Pain were the guests of Wm. Jolliffe Thursday night.

A lone prairie schooner passed down the line Saturday probably going home to "my wife's folks."

Andrew Smith is assisting J. F. Brittain in putting up his hay crop. The high wind of the past week interfered very materially with the work of stacking hay.

Pioneer Settlers' Meeting.

To the pioneers of Lincoln county and western Nebraska:

You are especially invited to attend at the fair grounds at North Platte, Nebraska, on Pioneer day of the Lincoln County Fair at a basket picnic to be held on that day. There will be no charges any day of the fair from Sept. 19th to Sept. 22d, inclusive, and Pioneer day is Sept. 21st.

The president of the fair association, Mr. William Elder, by authority of the executive committee established a free fair and open market combined, for exhibits or exchange of products, and free entrance, free grass, and free shelter for man and beast, and a free market for all products and exhibits, and a free track for all races and lawful sports, and pioneers and all are urged to camp on the grounds and in the buildings and have a good time generally.

B. I. HINMAN,

Temporary President.

W. C. ELDER,
Pres. Lincoln Co. Ag'l Society.

SIMPLE SENSE There is a right way to do all things. An expectant mother can easily realize, if she stops to think a moment, how dangerously wrong it is to swallow medicines when in her condition. She can see that the outside application of a liniment which softens and relaxes must certainly be the thing for her to use. Such a liniment is

MOTHER'S FRIEND which she can depend upon doing her a world of good before and during labor. Send to us for our free illustrated book, "Before Baby is Born." Mother's Friend is sold in drug stores for \$1 a bottle, or from THE DRUGFIELD REGULATOR CO., Atlanta, Ga.

We are Ambitious to do the Largest Fall Business in our History.

It isn't going to be such an easy matter to beat our Fall of '98 record. We have reason to believe, however, that we can do it. Ninety-nine, so far, has been far and away ahead of '98 with us. We are in a better position to supply every Dry Goods need of this community than ever before and this leads us to believe we will attain our ambition. Our efforts along this line will, of course, benefit the purchasing public, for we shall make buying here extremely attractive. It will be extravagant to skip this store when spending your money.

S. RICHARDS. THE FAIR.

Neighborhood News.

The Lexington Clipper-Citizen is in favor of expansion in the newspaper business at least as it has just expanded to the extent of absorbing the Lexington News.

The Lexington Potato Growers' Association has decided to build a cold storage warehouse and have a stub switch built to it in order that the storing and shipping of the Dawson county crop of 'taters may be handled to good advantage.

On a farm in Gosper county a field was sown to barley but when the crop was cut it was found to be millet. This changeling crop is accounted for by the fact that millet had been grown on the land the preceding year and the volunteer millet crop had grown faster than the barley and crowded it out.

Peter Schlesinger was arrested at Gothenburg last week on the charge of selling intoxicating liquors without a license. A search of his place of business brought to light several gallons of suspicious liquor. The case was settled by the defendant paying all costs, also the state's attorney's fees and agreeing to keep his place closed for the balance of the year.

Burglars seem to have a penchant for blowing open the safe of the Chicago Lumber Co. Last Thursday it was blown open for the third time within the past few months. The would-be burglars used nitroglycerine and did a good clean job but failed of a reward because nothing of value had been kept in the safe since the previous attempt to burglarize it.—Grand Island Times.

Kearney's new telephone system was formally opened for business on Friday. The number of phones already contracted for is one hundred-thirty-five. One hundred and fifty miles of wire and seven hundred and forty poles were used in putting in the system. All of the appliances are of the latest improved pattern. F. H. Gilcrest, is the president of the company which is known as the Home Telephone Company and Con G. Lloyd, of Gothenburg, is secretary. Connections will be made with the company which operates on the K. & B. H., and on the U. P. to Overton.

Thursday was a jubilee day for the A. O. U. W. and D. of H. of Lexington. On that day the two societies held a joint picnic at Abel's grove. They marched to the grove, headed by the uniformed K. of P. band, about ten o'clock in the morning and spent the day there. At noon a good old fashioned basket dinner was served. Deputy Grand Master Arnold, Superior Chief of Honor, Mrs. Adelia Hard-

ing and Congressman Burkett were among the speakers who addressed the gathering. The day was one which will long be remembered by all who had the good fortune to be present.

Rather a smooth piece of stealing was accomplished at Oconee, a small station on the Union Pacific between Columbus and Norfolk a few days ago. Ten cars were taken from a side track there and attached to a train. They had been pulled but a short distance when it was discovered that something was wrong with the journals. Investigation proved that forty-one pair of brasses had been removed and, although the box had been very cleverly repacked the journals were badly ground down. The thief, judging from the way the boxes were re-packed, was an old hand at removing brasses. He succeeded in obtaining about \$80 worth of brass. His steal will cost the company, however, fully \$600 for damage, labor, etc.
