Populist Convention.

The populists held their county convention at the court house Saturday afternoon, the attendance of delegates being rather light. The principal business transacted was the selection of delegates to the state, congressional, senatorial and representative conventions. Resolutions condemning every move that the republican administration has made and endorsing the work of Poynter, Allen and Neville were adopted. While the convention was waiting for the report of the committee on resolutions, feeble calls were made for Neville and when he took the floor no applause greeted him; he was received with an icy heart. Mr. Neville threw a sop to the populists by saying that Bryan was as good a populist as any of them and that eight years ago Stevenson was elected on a platform that declared for the coinage of silver at the ratio of 16 to 1. A committee was appointed to confer with a committee from the democratic convention in session at the same time in regard to the nomination of candidates for county attorney and county commissioner. No agreement, however, was reached and candidates for those two offices will be placed in nomination by a conference of the central committees of the two parties. The only ripple of excitement during the convention was caused by a motion introduced by J. W. McCawley, the populist statesman of Miller precinct. This motion was to the effect that the delegates to the senatorial convention be instructed to cast their votes either for a farmer or a laborer. Though this was a direct slap at J. G. Beeler, the motion carried, but later was reconsidered and voted down. It is said that the idea of the motion was to boom Morey Alexander, of Garfield, for the nomination for state senator. Mr. Beeler, we understand, is now undecided as to whether he will allow his name to be presented to the convention.
