E. ROSEWATER, who is an aspirant for United States senator, publishes a card in the Bee in which he states that he is willing that the preference of the Douglas county republicans for senator be ascertained by a submission of the names of the several candidates on the ballots at the primary election.

SENATOR STEWART, of Nevada, who so zealously supported Bryan four years ago but will now support McKinley, says that the "anti-imperialists" are responsible for the continuance of the rebellion against American authority in Luzon.

PERTINENT PARAGRAPHS.
The North Carolina democrats made a most complete job of red-shirting without the consent of the red shirted.

Prosperous railways indicate a prosperous country. No nation can thrive when its commercial arteries are clogged.

The New York Journal, a paper for which Bryan writes political editorials, points to the pension roll of Union soldiers as evidence of the militarism fostered by the present administration.

Assailing Colonel Roosevelt's war record in the interest of Mr. Bryan will be sure to produce a boomerang effect. It will be recalled that Mr. Bryan started out to acquire a war record.

General Ferdinand C. Lathrobe, an old line democrat who served as mayor of Baltimore for seven terms, declares that McKinley and Roosevelt will carry Maryland by a handsome majority. Mr. Gorman declines to identify himself with the Bryan campaign in that state.

The Illinois Central Railway Company has given its employees notice of an additional ten per cent increase in their wages. This is a pleasing exhibition of advancement without the request of the advanced.

Every prediction made by Bryan in the campaign of 1896, except that of his own election, has been proven to be false by the history of the last four years, and as he now goes about prophesying still heavier calamities there is comfort in the thought that he does not know what he is talking about.

A pretty good indication of how the political wind is blowing in Keith county is shown by the fact that one of our local merchants ordered two boxes of campaign badges—the first week every McKinley badge was sold; three weeks have elapsed and the box of Bryan badges remains two-thirds unsold, and were crazy to sell at any price and could not, are now worth 40 or 50 thousand dollars.—Ogalalla Argus.

Now Russia turns to the United States for funds to pay the expenses involved in the costly operations in China. Money will be furnished, it is reported, to the amount of about \$150,000,000 by a syndicate composed of the leading life insurance companies of this country.

This loan will be the most impressive object lesson yet furnished of the growing financial strength of the United States. It will indicate too that the great wealth of this nation is distributed among the people and is not aggregated in a few hands. The assets of the insurance companies belong, just as emphatically as the assets of the savings banks to the average American citizen.

In last Monday's Bee ten old line democrats, among the number Dr. Geo. L. Miller, W. A. Paxton, Judge Wakely, Dr. George Tilden and E. L. Stone, give reasons why they will oppose the election of Bryan. Each declare that the injection of imperialism into the campaign is a bugaboo and a choice bit of demagogism calculated to catch the vote of the unwary. The ten men who express their opinions so forcibly are among the leading business and professional men of Omaha, and their expressions are entitled to much consideration by the thoughtful voter.

ably no country in the world has ever developed institutions that mark the prosperity and forethought among the masses of the people as the American life insurance companies do at the present time.—State Journal.

SENATOR HOAR has finally had his eyes opened to Bryan's anti-imperialism intentions and what they really mean. He declares that the anti-imperialism of Bryan and his party are but a mask to cover the things they have most at heart, viz: Free silver and free trade, the overthrow of the banking system and the reorganization of the supreme court.

North Carolina is a democratic state having a republican governor. Minnesota is a republican state having a democratic governor. Governors will be elected in both this year.

Since the Kansas City convention twenty-nine Minnesota democratic newspapers have deserted the ticket and declared for McKinley. Since the last presidential campaign the republicans of that state have gained fifty-four newspapers, while the democrats have a net loss of twenty.

"The interpretation of the declaration made by Abraham Lincoln is identical with that made by William J. Bryan," says the World-Herald. This, if true, adds new luster to the name of the martyr president.

"If, after using due diligence to lease said land, at an annual rental of six per cent upon the appraised valuation, the commissioner is unable to do so, he may let the same for lease at less than the appraised valuation and lease it to the person or persons who will pay six per cent on the highest offered valuation, as annual rent, in his judgment, it is to the best interests of the state to accept such bid."

Persons desiring to examine the lands to be leased may secure lists of the same, showing the present appraisement thereof, as well as any other information, upon application to the County Treasurer, or by addressing the Commissioner, at Lincoln.
