SEVERAL apportionment bills have been prepared by members of the legislature, but the one introduced by Representative Evans is conceded by all to be the fairest and best.

Mrs. NATION met her first defeat in her saloon-smashing career yesterday afternoon, when she attempted to destroy the furniture in a Topeka restaurant which dispensed liquors.

THE popocrats have great schemes of reform they propose to push before the present legislature because they know they constitute only a minority of the body and can accomplish nothing unless helped out by the republicans.

THE TRIBUNE fully agrees with the Kearney Democrat that if the legislature of Nebraska does nothing else at this session, it should make an implicit order requiring every assessor in this state to assess and return every dollar's worth of assessable property in Nebraska at its full and complete valuation and fix a decisive penalty for not doing so.

DOWN at Lincoln there is what is known as the "iron brigade" which is composed of eighteen or twenty anti-Thompson members of the legislature.

THE assurance has come from a source not far removed from President McKimley that should any person secure the senatorship by collusion with the fusionists, he will be blacklisted and denied all chance of dispensing patronage.

UNDER the head of "The People of Nebraska Speak on Choice for Senator," today's Bee published a page or more of expressions from people in many of the counties of the state on the senatorial situation.

publicanism in offering to barter away his political principles in exchange for fusion votes. As to Mr. Rosewater no one denies his ability, his aggressiveness and his influence, but partisans do not like his rule or ruin policy.

CAPITAL CITY LETTER. Lincoln, Feb. 4th.—(Special correspondence).—The legislature is grinding along, making about the same headway as usual, in spite of the senatorial contest.

At the beginning of this week the condition of the contest is little changed. The remonstrance against D. E. Thompson seems to be growing over the state, but there is no special fight against any other candidate.

Some have been afraid that the fusionists would enter the contest and elect a man during the absence of republicans, or throw their votes to an unpopular republican candidate, but it is believed there is little danger in this direction.

The assurance has come from a source not far removed from President McKimley that should any person secure the senatorship by collusion with the fusionists, he will be blacklisted and denied all chance of dispensing patronage.

Just after emerging from the campaign fund scandal the fusion party has received another sad blow, having to shoulder the responsibility of defending ex-Secretary Porter.

Scrofula THE OFFSPRING OF HEREDITARY BLOOD TAINT.

Scrofula is but a modified form of Blood Poison and Consumption. The parent who is tainted by either will see in the child the same disease manifesting itself in the form of swollen glands of the neck and throat, catarrh, weak eyes, offensive sores and abscesses and oftentimes white swellings—sure signs of Scrofula.

J. M. Seals, 115 Public Square, Nashville, Tenn., says: "Ten years ago my daughter fell and cut her forehead. From this wound the glands on the side of her face became swollen and bursted."

SSS makes new and pure blood to nourish and strengthen the body, and is a positive and safe cure for Scrofula.

An Extract from Her Letter:

"If you could only be here this winter morning and see for yourself you would no longer doubt me. Roses are blooming in our front yard and all nature is as far advanced in this lovely American summerland as it will be in your cold eastern home by June."

"We made the journey from Missouri River to the Golden Gate on the Union Pacific to avoid the circuitous routes—an important item in the winter.
