The first four bonds of the twenty thousand dollars funding issue of 1887 will be paid this week by County Treasurer Scharmann. The bonds are of denominations of one thousand dollars each, and hereafter four will fall due each year, the last four to paid July 1st, 1905.

Chicago forecast for North Platte and vicinity: Generally fair tonight and Wednesday; cooler Wednesday. The maximum temperature yesterday was 100; one year ago it was 86. The minimum temperature this morning was 72; one year ago it was 66.

Sam Grace returned Sunday from Toronto, Canada, where he represented the local lodge in the convention of the International Association of Machinists. Enroute home he stopped over at the Buffalo exposition which he says is yet uncompleted, many of the exhibits not yet being in place. Mr. Grace had a very pleasant trip.

A special meeting of the members of the Commercial Club will be held next Thursday evening and it is earnestly requested that every member be present. Several questions which affect North Platte people will be up for discussion and action. Let every member attend—even if the weather is warm.

Some unregenerate fellow stole a half dozen of W. J. Roche's black Langshan chickens Sunday night, whereat Mr. Roche is pretty darn mad. He is not the only person who has suffered from the depredation of chicken thieves, and there is now on foot a movement to organize a vigilance committee who will pay special attention to the chicken houses. If a thief is caught he will not be taken into court, but instead will be rode out out of town on a rail. A fellow who is mean enough to steal chickens doesn't deserve to live in a respectable community.

The Gordon Cornet band will give a concert on Wednesday evening of next week, July 17th, at the court house park. If the citizens desire these weekly concerts continued during the season, the band will be glad to do so if sufficient funds to purchase sheet music are donated. For several years past these weekly concerts have been a pleasant entertaining feature for our people, and we doubt not but the necessary funds to insure their continuance can easily be secured. If the band boys are willing to contribute their time to practice and playing surely the business men and others should be willing to contribute the necessary cash.

Stoves stored. Gasoline stoves repaired and enameled. Good second hand gasoline stoves for sale cheap. Western Stove Repair Works, two doors east of First National Bank.

Solomon in a Critical Condition.
 A telegram received late last evening from W. T. Wilcox addressed to Julius Pizer stated that Sol Solomon was in a very bad condition and that the latter's relatives should be notified. The Solomon family who reside at Au Sable, Mich., were at once wired.

The telegram did not state just what turn Solomon's wound had taken, but it is supposed that blood poisoning has set in. The telegram created much surprise and regret among the young man's friends as it was supposed all along that Solomon's condition was not dangerous.

Claude Weingand devoted a couple of hours this morning to catching grasshoppers with a doper on his alfalfa field just west of town. The catch amounted to about five bushels. The work of extermination will be continued for several days.

We learn that several out-door laborers around town yesterday were compelled to cease work on account of the intense heat. The weather bureau thermometer registered 100, but those on the streets ran up as high as 104. The dry hot wind made the heat all the more keenly felt.

Rev. J. A. Gearhart, who prior to 1881 was pastor of the Presbyterian church in this city, and who is now located at Litchfield, Ill., will preach at the Presbyterian church next Sunday morning. Rev. Gearhart came here several weeks ago to recuperate and has been the guest of Mr. and Mrs. J. H. Hershey, dividing the time between town and the ranch at Hershey. He is enjoying his stay very much and is rapidly gaining strength. He has many old-time friends in town who will be glad to hear his discourse and again shake his hand.

The meeting held in the rooms last Sunday directed by Mr. A. McNichol was a good one.

A number of young men have been visiting other associations. One of the first places they came to on returning to the Platte was the rooms over the Star restaurant, their own Y. M. C. A. Their verdict is: North Platte association is as good as any of them, and better than most of them.

Received at Schlesinger's Louvre, Mixed carload of Imported German Beer—Culmbacher and Waldschloeschen.

Up to last Saturday reports from the country precincts were that corn was still in very good shape. However, days like yesterday would have a telling effect and unless rain falls this week the outlook for the crop in many precincts will be pretty slim.

The average daily temperature for the past three weeks has been about three degrees warmer than for the same period last year. It has been a long stretch of hot weather and has had a withering effect upon even the most ambitious.

Five train crews will come down from Denver tonight to take back Epworth League specials tomorrow. Nearly all the special trains will go via Denver over the Rio Grande Western.

Train No. 5 had five Pullmans and three chair cars this morning and every seat was occupied. A majority of the passengers were enroute to Frisco to attend the E. L. convention.

The first of the many special trains bearing delegates to the Epworth-League convention at San Francisco will pass through tonight. Wednesday and Thursday will probably be the days on which the greatest number of specials will go through. The order sent here to prepare for forty-eight trains has not yet been modified, and it is believed that that number will go through over the Union Pacific.
