The republicans of Lincoln county are hereby called to meet in convention at the court house in North Platte, on Saturday, August 24, 1901, at 10 o'clock, a. m., for the purpose of electing fifteen delegates to the Republican State Convention, and to place in nomination candidates for the several county offices, to be voted for November 5, 1901, to-wit:

The delegates from the Third Commissioner District will place in nomination a candidate for commissioner for the said Third District.

North Platte, Neb., July 27, 1901.

In the central part of the state wheat is selling for fifty-two cents a bushel and corn for fifty cents. The farmer who raised a good crop of wheat this year is not quite so well off as the farmer who has a few surplus cribs of last year's corn.

FOLLOWING on the heels of the report that Church Howe would be a probable candidate for governor on the republican ticket in 1902 comes the declaration from that gentleman that he is out of politics. Whether or not Mr. Howe means what he says, he would make a mighty popular candidate.

ALTHOUGH nearly one half of the sixty day parole granted Joe Bartley has expired, the governor has not yet taken the public into his confidence sufficiently to tell why the parole was granted. It may be that the time for the governor to divulge the secret is not yet ripe, but it is hoped that he will not delay the explanation any longer than is absolutely necessary as the people are impatient.

A RAILROAD official who has traveled over a big part of the corn belt in Nebraska is confident that there will be more than a half crop of corn in Nebraska. He bases his opinion not only on what he has seen but from reports which he has gathered from many sources. While the corn crop will be short, the price will be unusually high, so that after all the average Nebraska farmer will not be so bad off, especially those who had in a fair acreage of winter wheat, the yield of which has been unusually large.

THE appointment of H. Clem Deaver of Omaha as receiver of the O'Neill land office will strike a good many republicans as a peculiar appointment. Deaver has had the reputation of being a political traitor and knave; and though professedly a populist evidently rendered some service to Edward Rosewater last fall in the legislative campaign in Douglas county and to him Deaver probably owes his appointment. Some loyal republican applicant for the office has been turned down in order to

make room for this nondescript politician. This is not justice, neither is it politics.

THE eighteenth winner in the Lawton district at the big Indian Territory land drawing was Miss Minerva McClintock, a young lady of Oklahoma City. But woe is she, says the Fremont Tribune. The day before the wheel of fortune stopped at her name she was married and so will forfeit a valuable farm worth several thousand dollars, for a husband. Minerva may be angelic in her disposition, doubtless is, but before she is through with her other prize there are likely to be times when she will remind him that she paid a big price for him and he must be good. The prospect doesn't look altogether pleasing for Minerva's first husband.

THE New York courts have declared unconstitutional the recent law passed by the legislature prohibiting the handling of railroad tickets by scalpers. This position is probably correct. When a man purchases a ticket he buys the right to travel the number of miles for which the ticket is good, and the ticket is therefore his personal property. If he desires to sell that ticket he has a right to do so, and the purchaser has a right to demand transportation for the number of miles the ticket entitles him to so long as the second sale does not contravene the provisions of the contract under which the ticket was first purchased.

Game and Fish Warden Carter says that many of the boys around town have been killing song and insectivorous birds, which is contrary to law, and for the benefit of the boys desires us to publish the following section of the law which relates to the destruction of these birds: "Sec. 3a-It shall be unlawful for any person in the state of Nebraska to kill, injure or harm any robin, lark, thrush, blue bird, king bird, wren, jay, swallow, oriole, wood pecker, yellow hammer, cuckoo, yellow bird, bobolink, or other bird or birds of like nature that promote agriculture or horticulture by feeding on noxious worms and insects, or that are attractive in appearance or cheerful in song. Provided, hawks and owls may be killed on one's own premises. It shall be unlawful for any person to destroy nests and eggs and carry away the eggs or young of any of the birds described in this section. Provided, that schools, colleges and universities may, when authorized so to do by the game and fish commissioner, take or kill for educational or scientific purposes, not to exceed twenty-five in number of any one species or kind of birds protected by this section. The penalty is a fine of \$5 for each bird killed."

When the Hair Falls Out
accompanied by mucous patches in the mouth, eruptions on the skin, sore throat, copper colored spots, swollen glands, aching muscles and bones, the disease is making rapid headway, and far worse symptoms will follow unless the blood is promptly and effectually cleansed of this violent destructive poison.

S. S. S. is the only safe and infallible cure for this disease, the only antidote for this specific poison. It cures the worst cases thoroughly and permanently.

My Condition Could Have Been No Worse
In the fall of 1897 I contracted Blood Poison. I tried three doctors, but their treatment did me no good; I was getting worse all the time; my hair came out, ulcers appeared in my throat and mouth, my body was almost covered with copper colored spots and offensive sores. I suffered severely from rheumatic pains in my shoulders and arms. My condition could have been no worse; only those afflicted as I was can understand my sufferings. I had about lost all hope of ever being well again when I decided to try S. S. S., but must confess I had little faith left in any medicine. After taking the third bottle I noticed a change in my condition. This was truly encouraging, and I determined to give S. S. S. a thorough trial. From that time on the improvement was rapid; S. S. S. seemed to have the disease completely under control; the sores and ulcers healed and I was soon free from all signs of the disorder; I have been strong and healthy ever since.

Blow! Blow! Blow!
It is natural for some people in business to BLOW. It is not our object to BLOW, give glowing descriptions, or make risky assertions in prices.
This is no circus bill and we have no red lemonade for sale. Plain facts go farther than fiction which will not bear investigation. Our goods speak for themselves. No flowery figures of price are necessary.

When You Buy Paint Buy Good Paint...
And that means SHERWIN & WILLIAMS' PAINT. We have been handling this make for many years and have found that it gives excellent satisfaction in every instance. It may cost a trifle more per gallon than inferior paints, but it's cheapest in the end. It sticks and holds its color longer than other paint. We can furnish you any color or quantity.

Country Cousins Do Not Figure.
Turks have no family names writes Gen. George B. Williams in the New York Telegraph. For example: A man named Mohammed has a son named Ahmed and a daughter named Sophia. The son will always be known merely as Ahmed and the daughter always merely as Sophia, in the latter case even after marriage. The result is that members of families after one or two generations become lost to each other. In fact, the "sisters and the cousins and the aunts" business is not much exploited in Turkey. One may be talking to two brothers or two sisters with out the fact being made known. There being no family ties—no aristocracy. The grand vizier of today may have been a camel driver or a servant. His rise is not due to family influence or connection.

Big Tips Demoralize Waiters.
There is one form of wealth which is distinctly reprehensible, the kind that distributes big tips along the summer routes of travel. It is done for display. The man who has made a strike wants to show off and his way of doing it is with five-dollar gold pieces, or munificence of that common sort. The extravagance simply demoralizes waiters. It is no good to the hotels or restaurants, and it makes everybody else who has not five-dollar gratuities to distribute less comfortable.—Philadelphia Times.

Campaign Against Duelling.
Prince zu Loewenstein, president of the German Catholic Union, has undertaken a systematic campaign against duelling. He has therefore drawn up a statement, to which he has obtained 118 signatures among his own friends and acquaintances. The prince declares that the number of signatures would already be incomparably larger if officers of the active army thought they could publish their real views without imperiling their military position.

UTAH AN IDEAL CLIMATE
The first white man to set foot on Utah soil, Farther Silvestre Velez de Escalante, who reached the Great Salt Lake on the 23th day of Sept., 1776 wrote in his diary: "Here the climate is so delicious, the air so balmy, that it is a pleasure to breathe by day and by night." The climate of Utah is one of the richest in endowments of nature. On the shores of the Great Salt Lake especially—and for fifty miles therefrom in every direction—the climate of climates is found. To enable persons to participate in these scenic and climatic attractions and to reach the famous Health, Bathing, and Pleasure Resorts of Utah, the Union Pacific has made a rate to Ogden and Salt Lake City of one fare for the round trip, plus \$2.00, from Missouri River, to be in effect June 18th to 30th, inclusive, July 10th, to Aug. 31st, inclusive.
